Commercial/Multi-Family Site Development and Building Permit Process

Help us help you

- Plan submittals (seal and signature, CD, responsible engineer not checking plans)
 - Communication between engineer and architect (Finished floor elevations and sidewalks)
- Plan approval does not mean building permit.
- Scheduling. Winter and City Council.
- Significant design change between submittals.
- Give us what we need to make a decision (exhibit, complete scope of work).
- Don't be afraid to follow up with us. Communication is welcome, but please, only one point of contact.
