Alan D. McKnight, Executive Director
Columbus Recreation and Parks Department

In accordance with Ordinance 0625-2012 the Director of Finance and Management is authorized to establish a mechanism for the implementation of rates to be charged for the purchase of CNG and for the periodic review of these same rates.

These rates apply to either public or private consumers of this commodity from a City-owned CNG facility. Rates shall be established on the basis of gasoline gallon equivalents (or gge), shall be uniform, established to recover capital and operating costs, taxes when applicable, and any fees associated with purchases via credit card.

The table below details the variables to be used in calculating the rates and the formula to be used. If underlying assumptions and variables are to be changed a new notice will be issued.
