PUBLIC RIGHT-OF-WAY

E F F E C T I V E D A T E :

PAGE 1 OF 3 / BY PAA/rqr

RULE:

All governmental agencies, companies, corporations, and individuals wishing to occupy any street, sidewalk, alley, or public right-of-way of the City of Columbus for any purpose other than construction activity shall obtain the consent of the Director of Department of Public Service. Such consent shall be in writing as set forth in the rules of this regulation.

1. General Provisions:

Authority: Chapter 906 of the Columbus City Code requires any person or agency desiring to occupy public right-of-way for any non-commercial purpose to first obtain a permit. Such permits are issued by and through the Department of Public Service, Division of Planning & Operation's Administrator in accordance with the provisions of this regulation.

2. Type of Permits: There are two types of permits for occupying the public right-of-way:

2.1 Street Occupancy Permits: This type of permit is needed when it is necessary to occupy the right-of-way of any public street or alley.

2.2 Sidewalk Occupancy Permits: This type of permit is needed when it is necessary to occupy the right-of-way of any sidewalk. Pedestrian access must be maintained at all times with a minimum of six (6) feet of clearance at all times.

3. Parking Meters: Whenever the event being performed restricts the use of City parking meters, the applicant shall be responsible for obtaining the parking meter numbers to be reserved and paying the total daily meter charge for each of the parking meters reserved. The permit application shall include the parking meter numbers affected. Parking meter fees charged will be the total daily fee, as if the meter is to be occupied for all enforcement hours.

When an occupancy permit is issued where parking meters are to be bagged, each vehicle using a meter must have a permit. The occupancy permit must be visible and displayed on the front dash of each vehicle.

4. Permits not issued for:

- Vehicle storage on City right-of-way within High Impact Areas (as defined by Section 8)
- Structures over 200 square feet

- Any type of camping or cooking

5. Application and Review: Requests for occupancy permits shall be made through the Division of Planning & Operations Administrator. All requests shall be on forms approved by the Division of Planning & Operations Administrator and shall conform to Section 2 of these regulations. No occupancy may begin until a permit has been issued.

Requests to occupy the right-of-way of any improved or unimproved street, sidewalk, alley or public way shall be submitted at least 5 working days prior to an event. When the applicant is requesting a full lane closure, the request shall be submitted at least 10 working days in advance.

6. Review and Approval: Each permit request shall be reviewed as indicated below and is subject to approval by the Division of Planning & Operations Administrator.

6.1 Review: All occupancy permit applications shall be reviewed by the Division of Planning & Operations and the Columbus Police Division, Traffic Bureau.

6.2 Issuance: A permit shall be issued after an application has been reviewed and approved as required above, and the applicant has notified the Division of Planning & Operations of a scheduled start date. The advance notification requirements of Section 4.1 shall be followed at all times.

6.3 Permit Expiration: Permits shall be issued for the time period necessary to conduct the activity in accordance with these regulations. No permit shall be issued for a period longer than three (3) consecutive days. No permit will be issued back to back or consecutively. An applicant who is issued an initial permit may receive a subsequent permit for the same area three (3) days after the date of expiration of a previous permit, provided the applicant meets all other rules and regulations.

7. Liability: The issuance of an Occupancy Permit does not relieve the permit holder from liability for any damage that might occur to the Public right-of-way, street, sidewalk, the public, or personal property while engaging activities authorized by the permit.

8. High Impact Areas: For purposes of this regulation, High Impact Areas are defined below:

- Downtown Business District

- Proposed hours for event
- Purpose of request
- Start date

- Parking Meter Numbers (see Section 3)

10. Inspection: Inspection of occupancy shall be completed by personnel of the Division of Planning and Operations. Any additional inspections required by other city agencies will be determined at the time of processing an application. Upon a successful final inspection, any deposits will be processed and returned to the permit holder.

11. Deposit: Deposits will be collected when an applicant is requesting a service from the City of Columbus (such as street sweeping or trash removal) or when there is a high likelihood that City of Columbus will be required to provide a service due to the nature of the activity. A minimum deposit of \$500.00 shall be obtained when applicable. If a deposit is collected, a final inspection will be conducted and, if it is determined that no City service is necessary, it will be refunded.

12. Fees: All applicants shall pay a fee as set forth below to cover the administrative costs of issuing the permit and performing an inspection of the site. All fees are to be paid at the time the permit is obtained. These fees are non-refundable.

Copies are available at the Ohio Department of Transportation, located at 1980 West Broad Street. Any specific condition attached to the permit by the Division of Planning & Operation's Construction Coordinator shall take precedence over the manual.

13.2 Monitoring of Site: No personal property used for an event or activity, to include shelter tents, chairs and tables, may remain in the public right-of-way unattended, and in no case may remain in the public right-of-way between the hours of 9:00 p.m. and 8:00 a.m. unless the street is closed under the authority of a block party permit.

These materials include but are not limited to: trash receptacles, portable restroom facilities, and snow and ice removal with pre-approved materials. The permit holder shall be responsible for any actual costs or damages incurred by the City as a result of the use of the right-of-way, including but not limited to,

13.4 Special Duty Police Officers: When required by the permit, or if required by the City Service or Safety Director, the permit holder shall be responsible for hiring and paying for the services of Uniformed Special Duty Police Officers. Police officers shall be required at all times when event activities are at or near street intersections. The City of Columbus will determine the number of officers required. An officer may be obtained by calling (614) 645-4795.

14. Penalty: Whoever violates any provision of this policy shall be deemed guilty of a first degree misdemeanor and fined not exceeding one thousand dollars (\$1,000.00), or imprisoned for not more than six months, or both. Any such violation shall constitute a separate offense on each successive day continued, in accordance with Columbus City Code, Section 906.99.

15. Right to Decline: The City of Columbus reserves the right to decline additional permits to a previous permit holder for other events if a violation exists. No permit shall be issued until the violations are corrected to the satisfaction of the Division of Planning & Operations Administrator.

The City may limit the approved use of the right-of-way at any time due to unforeseen operational circumstances, but shall make every reasonable effort to alleviate the effects of any such limitation.
