OFFICIAL NOTICE
STORMWATER CREDIT RULE
FINAL ADOPTION

Pursuant to Columbus City Code 1145.11 and 1145.71, the Department of Public Utilities hereby provides notice that the Director has adopted the stormwater credit regulation. The regulation replaces the previous stormwater credit regulation. The following changes were made from the previous regulation:

- The rule continues to provide for three types of credits from stormwater fees: peak flow reduction credit; ditch maintenance credit; and green infrastructure credit. The revised rule allows the green infrastructure credit to equal 100% of the stormwater fee.
- All credits terminate at the end of odd-numbered years; property owners may reapply if the property still qualifies. The revised rule provides that reapplications for this year are due on Nov. 29, 2013.
- The peak flow reduction credit was clarified to apply only to sites where the entire site discharge is reduced to exceed the criteria of the Stormwater Drainage Manual.

Pursuant to Columbus City Code 121.05, this regulation will be effective 10 days after this publication. The stormwater credit regulation can be found online by selecting "Publications - Sewer Reports, Guides & Brochures" from the webpage, <http://publicutilities.columbus.gov> or by contacting Jeff Cox at 614-645-6311 or JACox@columbus.gov
