SIGNING OF LEGISLATION

(Note: There was no City Council meeting on *Monday, December 22, 2014*; subsequently, there is no legislation that was passed or defeated this week included in this edition.)

The City Bulletin Official Publication of the City of Columbus

Published weekly under authority of the City Charter and direction of the City Clerk. The Office of Publication is the City Clerk's Office, 90 W. Broad Street, Columbus, Ohio 43215, 614-645-7380. The City Bulletin contains the official report of the proceedings of Council. The Bulletin also contains all ordinances and resolutions acted upon by council, civil service notices and announcements of examinations, advertisements for bids and requests for professional services, public notices; and details pertaining to official actions of all city departments. If noted within ordinance text, supplemental and support documents are available upon request to the City Clerk's Office.

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

CITY OF COLUMBUS FORMAL BID OPPORTUNITIES ARE UPDATED DAILY AT:

<http://vendorservices.columbus.gov/e-proc/venSolicitationsAll.asp?link=Open+Solicitations&cboType=B>

Each proposal shall contain the full name and address of every person, firm or corporation interested in the same, and if corporation, the name and address of the President and Secretary.

EQUAL OPPORTUNITY CLAUSE: Each responsive bidder shall submit, with its bid, a contract compliance certification number or a completed application for certification. Compliance with the provisions of Article I, Title 39, is a condition of the contract. Failure to comply with this Article may result in cancellation of the contract.

WITHHOLDING OF INCOME TAX: All bidders are advised that in order for a contract to bind the City, each contract must contain the provisions found in Section 361.35 C.C.C. with regard to income taxes due or payable to the City of Columbus for wages, salaries and commissions paid to the contractor's employees as well as requiring those contractors to ensure that subcontractors withhold in a like manner.

LOCAL CREDIT: In determining the lowest bid for a contract the local bidder credit will not be applied.

BID NOTICES - PAGE # 1

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

ADVERTISEMENT FOR BIDS

Paper proposals will be received by the City of Columbus, Department of Recreation & Parks, Division of Planning & Design, at 1111 East Broad Street, Columbus, OH 43205 until 11:00 A.M. local time on December 30th, 2014 and publicly opened and read immediately thereafter for:

Saunders Park Improvements 2015

The work for which proposals are invited consists of: Select site demolition, construction of a soil cap, construction of on-site paving including an asphalt walking path, construction of on-site utilities including stormwater drainage systems and an irrigation system, and other such work as may be necessary to complete the contract in accordance with the plans and specifications set forth in the Bid Submittal Documents.

Copies of plans and specifications will be available on 12/15/14 at ARC, 1159 Dublin Road, Columbus, OH 43215, upon a non-refundable payment per bid set to ARC. Bidders may contact ARC at (614) 224-5149 or via their website www.e-arc.com for the cost of bid sets.

Questions must be emailed and can be submitted to Curt Gray at curt.gray@burgessniple.com . Questions must be received by 12/24/14 at noon.

In order for a Proposal to be considered responsive, the bidder must submit all required information for the project on the proper forms, P-1 through P-50, in a sealed envelope marked Saunders Park Improvements 2015.

All materials submitted in response to this advertisement will become part of the awarded contract; will become the property of the City and will not be returned; and will be considered public records subject to disclosure as contemplated by Ohio Revised Code Section 149.43. All materials received will be open to the public once the sealed proposals are publicly opened and read.

CONSTRUCTION AND MATERIAL SPECIFICATIONS

Numbered paragraphs to which reference is made in these Contract Documents refer to City of Columbus, Ohio Construction and Material Specifications (CMS), 2012 edition and will become part of the terms and conditions of the contract to be awarded. Hard copies of this document are available for examination or purchase at the Department of Public Service, 109 N. Front St, 3rd Floor, Room 301, Columbus, Ohio 43215 (614) 645-8376, and at the office of the Director of Public Utilities, 910 Dublin Rd., 4th Floor, Columbus, Ohio 43215, (614) 645-6141. An electronic version of the document can be viewed at <http://publicservice.columbus.gov/DocListing.aspx?id=47645>

PROPOSAL GUARANTY

The bidder is required to submit a Proposal Guaranty, in the form of a Proposal Bond or Certified Check, with a surety or sureties licensed to conduct business in the State of Ohio. The amount of the guaranty shall be ten (10) percent of the bid amount or numerically in dollars and cents, including all alternates submitted which increases the amount of the bid. All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance.

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

PREVAILING WAGE RATE

Bidders must comply with the prevailing wage rates on Public Improvements in Franklin County and the City of Columbus, Ohio as determined by the Ohio Bureau of Employment Services, Wage and Hour Division (614) 644-2239.

CONTRACT PERFORMANCE AND PAYMENT BOND

A contract performance and payment bond in the amount of 100 percent of the contract price with a surety or sureties licensed to conduct business in the State of Ohio according to Section 103.05 of the City of Columbus Construction & Materials Specifications, 2012 edition, will be required to assure the faithful performance of the work. All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance

PRE-BID CONFERENCE

A Pre-bid conference will be held at 10:00 a.m. on December 22, 2014 at Saunders Park, located at 1380 Atcheson Street, Columbus, Ohio. Pre-Bid conference will start in the west parking lot of Saunders Park located off Fairfield Ave.. Bidders are strongly urged to attend. Failure to attend will not disqualify a bidder. However, bidders shall comply with and be responsible for the bid specifications and information discussed at the pre-bid conference.

CONTRACT COMPLETION

The City anticipates issuing a notice to proceed within 4 to 6 weeks from the bid opening. All work is to be complete by September 30, 2015.

Copies of specifications are available to prospective bidders at the Utility Permit Office, 3rd Floor, 910 Dublin Road, Columbus, Ohio, 43215. The first bid set is free, additional sets will be \$25 (no partial sets).

Questions must be submitted in writing and can be submitted to David Finney at DJFinney@Columbus.gov. Questions must be received by noon on January 7, 2015.

In order for a Proposal to be considered responsive, the bidder must submit all required information for the project as outlined in the advertisement for bids.

All materials submitted in response to this advertisement will become part of the awarded contract; will become the property of the City and will not be returned; and will be considered public records subject to disclosure as contemplated by Ohio Revised Code Section 149.43. All materials received will be open to the public once the sealed proposals are publicly opened and read.

CONSTRUCTION AND MATERIAL SPECIFICATIONS

Unless otherwise specified or modified by special provisions contained herein, the City of Columbus, Ohio Construction and Material Specifications (CMS), 2012 edition will become part of the terms and conditions of the proposal and the contract to be awarded. Hard copies of this document are available for examination or purchase at the Department of Public Service, 50 W. Gay St., First Floor, Room 100, Columbus, Ohio 43215 (614) 645-8376, and at the office of the Director of Public Utilities, 910 Dublin Rd., 4th Floor, Columbus, Ohio 43215, (614) 645-6141. An electronic version of the document can be viewed at <http://columbus.gov/Templates/Detail.aspx?id=65097>

PROPOSAL GUARANTY

The bidder is required to submit a Proposal Guaranty, in the form of a Proposal Bond or Certified Check, with a surety or sureties licensed to conduct business in the State of Ohio. The amount of the guaranty shall be ten (10) percent of the bid amount or numerically in dollars and cents, including all alternates submitted which increases the amount of the bid. All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance.

PREVAILING WAGE RATE

Bidders must comply with the prevailing wage rates on Public Improvements in Franklin County and the City of Columbus, Ohio as determined by the Ohio Bureau of Employment Services, Wage and Hour Division (614) 644-2239. The City recommends the Prime Contractor obtain the completed Prevailing Wage affidavit from all subcontractors upon completion of the sublet portions of work, and prior to providing final payment to subcontractors.

CONTRACT PERFORMANCE AND PAYMENT BOND

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

A contract performance and payment bond in the amount of 100 percent of the contract price with a surety or sureties licensed to conduct business in the State of Ohio according to Section 103.05 of the City of Columbus Construction & Materials Specifications, 2012 edition, will be required to assure the faithful performance of the work. All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance

PRE-BID CONFERENCE

There will be a strongly recommended pre-bid conference held for this project. The pre-bid conference will be held on Monday, January 5, 2014 at 1:00PM. The pre-bid conference will be held at 910 Dublin Road, Columbus, Ohio 43215, Room 1113 with the option of visiting the jobsites following the meeting. Please bring all appropriate safety gear if you plan to climb the tanks. Climbing will not be permitted without the appropriate safety equipment.

CONTRACT COMPLETION

The work under this contract shall be completed in a manner acceptable to the City within 120 calendar days after the date of the Notice to Proceed.

BID CANCELLATION AND REJECTIONS

The Director of Public Utilities may cancel the Advertisement for Bids, reject any or all bids, waive technicalities, or hold bids for a period of 180 days after the bid opening, and/or advertise for new bids, without liability to the City.

CONTRACT COMPLIANCE REQUIREMENTS

The City of Columbus encourages the participation of city certified minority and female business enterprises. While participation of and/or partnering with city certified minority and female owned businesses is not a condition of bid award, it is strongly encouraged.

On the following pages, bidders shall identify all subcontractor(s) to whom they propose to subcontract any part of this project on which they are bidding/proposing. All bidders shall include in their bid/proposal, the anticipated cost and scope of work that will be performed by all subcontractor(s), along with their contract compliance number(s).

Bidders will be given seven (7) business days after the bid submittal date to update expired contract compliance information for renewal of numbers or to initially apply for a number. If said information has not been updated within 7 business days from the bid submittal date, the bid/proposal will be deemed non-responsive and will no longer be considered.

All contractors and subcontractors who are party to a contract as defined in Columbus City Code 3901.01, must hold valid contract compliance certification numbers before the contract is executed.

This information is gathered and monitored by the Equal Business Opportunity Commission Office (EBOCO). Please contact EBOCO for assistance with identifying potential Minority contractors. Information on contract compliance certification is available at <http://eboco.columbus.gov>

Bidders must comply with the prevailing wage rates on Public Improvements in Franklin County and the City of Columbus, Ohio as determined by the Ohio Bureau of Employment Services, Wage and Hour Division (614) 644-2239. The City recommends the Prime Contractor obtain the completed Prevailing Wage affidavit from all subcontractors upon completion of the sublet portions of work, and prior to providing final payment to subcontractors.

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

CONTRACT PERFORMANCE AND PAYMENT BOND

A contract performance and payment bond in the amount of 100 percent of the contract price with a surety or sureties licensed to conduct business in the State of Ohio according to Section 103.05 of the City of Columbus Construction & Materials Specifications, 2012 edition, will be required to assure the faithful performance of the work. All bonds signed by an agent must be accompanied by a surety power of attorney, most recent surety financial statement, and current Ohio Department of Insurance Certificate of Compliance

PRE-BID CONFERENCE

There will be a strongly recommended pre-bid conference held for this project. The pre-bid conference will be held on Monday, January 5, 2014 at 1:00PM. The pre-bid conference will be held at 910 Dublin Road, Columbus, Ohio 43215, Room 1113 with the option of visiting the jobsites following the meeting. Please bring all appropriate safety gear if you plan to climb the tank. Climbing will not be permitted without the appropriate safety equipment.

CONTRACT COMPLETION

The work under this contract shall be completed in a manner acceptable to the City within 120 calendar days after the date of the Notice to Proceed.

BID CANCELLATION AND REJECTIONS

The Director of Public Utilities may cancel the Advertisement for Bids, reject any or all bids, waive technicalities, or hold bids for a period of 180 days after the bid opening, and/or advertise for new bids, without liability to the City.

CONTRACT COMPLIANCE REQUIREMENTS

The City of Columbus encourages the participation of city certified minority and female business enterprises. While participation of and/or partnering with city certified minority and female owned businesses is not a condition of bid award, it is strongly encouraged.

On the following pages, bidders shall identify all subcontractor(s) to whom they propose to subcontract any part of this project on which they are bidding/proposing. All bidders shall include in their bid/proposal, the anticipated cost and scope of work that will be performed by all subcontractor(s), along with their contract compliance number(s).

Bidders will be given seven (7) business days after the bid submittal date to update expired contract compliance information for renewal of numbers or to initially apply for a number. If said information has not been updated within 7 business days from the bid submittal date, the bid/proposal will be deemed non-responsive and will no longer be considered.

All contractors and subcontractors who are party to a contract as defined in Columbus City Code 3901.01, must hold valid contract compliance certification numbers before the contract is executed.

This information is gathered and monitored by the Equal Business Opportunity Commission Office (EBOCO). Please contact EBOCO for assistance with identifying potential Minority contractors. Information on contract compliance certification is available at <http://eboco.columbus.gov>

BID OPENING DATE - January 15, 2015 11:00 am

SA005693 - VARIOUS ASPHALT CONCRETES

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

1.0 SCOPE AND CLASSIFICATION

1.1 Scope: It is the intent of this bid proposal to provide for all agencies of the City of Columbus, a "firm offer for sale" blanket type contract for the purchase of various forms of asphalt concretes. These materials will be used by City agencies for various construction and repair projects. Materials will be applied by City personnel. The proposed contract will be in effect through and including April 30, 2017. The City estimates spending \$600,000.00 annually for these materials.

1.2 Classification: The supplier will make available approximately eight thousand (8,000) tons of various asphalt concretes during the contract term. Item # 405 Bituminous Cold Mix is the only Item that will be for both pick-up and delivered. All other Items are pick- up only.
The various forms of materials specified herein are:

- 1.2.1 Item #301 Asphalt Concrete Base
- 1.2.2 Item #448 Intermediate Course Asphalt Concrete (Medium Traffic), PG64-22
- 1.2.3 Item #448 Surface Course Asphalt Concrete (Medium Traffic), PG64-22
- 1.2.4 Item #405 Bituminous Cold Mix

2.0 APPLICABLE PUBLICATIONS AND STANDARDS

2.1 Applicable Publications: All items within shall conform to the 2012 City of Columbus Construction and Material Specifications (CMS), which can be purchased from the Department of Public Service located at 109 N. Front St. or the Construction Inspection offices located at 1800 E. 17th Avenue. Details for obtaining the Specifications are located online at <http://www.columbus.gov/Templates/Detail.aspx?id=65097>.

SA005692 - Allis Chalmers Pump Parts UTC

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

1.1 Scope: It is the intent of the City of Columbus, Division of Power and Water to solicit bids to provide a Universal Term Contract (blanket type) to purchase Allis Chalmers Sludge Pump Parts. The City of Columbus estimates spending \$40,000.00 annually for this contract. The contract will be in effect from the date of execution by the City to and including April 30, 2017.

1.2 Classification: The contract resulting from this proposal will provide for the purchase and delivery of replacement parts for Allis Chalmers Sludge Pumps. The pump models currently in use are listed herein, and bidders are asked to bid on commonly purchased replacement parts of those pumps, as identified. In addition, bidders are asked to bid a list price discount for replacement/repair parts for the pump models listed in Section 3.3.2, and to supply pricing lists for standard replacement parts for the models mentioned. Potential bidders will be required to show experience in providing this type of equipment.

1.2.1 Bidder Experience: The equipment offeror must submit an outline of its experience and work history in this type of equipment for the past five years.

1.2.2 Bidder References: The equipment offeror shall have documented proven successful contracts from at least four customers that the offeror supports that are similar in scope, complexity and cost to the requirements of this specification.

For additional information concerning this bid, including procedures for obtaining a copy of the bid document(s) and how to submit a proposal, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

SA005700 - INS. BROKERAGE AND RISK ENGINEERING SVS.

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

The City of Columbus is seeking Request For Proposals (RFP) to identify qualified insurance brokers, insurance agencies, or insurance agents to provide insurance brokerage services for the City's Property and Casualty, Boiler & Machinery, Aviation, General Liability, and Excess Liability Insurance programs. The Contractor(s) will be responsible for soliciting underwriting to provide options and solutions that take every opportunity to contain cost, improve coverage for the City's property and casualty, boiler & machinery, aviation, general liability, and excess liability insurance, and to develop, recommend, and implement risk engineering and management programs for each area of insurance coverage. The qualified Contractor must possess the resources, flexibility, innovation, and commitment to service that provides the City with the highest level of service and value for the identified insurance programs and any other insurance coverage that may be desired or required by the City during the proposed term of the brokerage contract. The City requires that its Contractor(s) have the capability, expertise, and service commitment to negotiate equally with every insurance underwriter and to maintain strong, unbiased relationships with all underwriters, and to excel in all other areas of services requested in this RFP.

Qualified aviation insurance brokers, insurance agencies, or insurance agents may respond based on providing services for the City's aviation insurance program as a separate program. The City reserves the right to award brokerage services as a whole for its insurance programs, or to award aviation brokerage services separately should that result in the best benefit to the City.

SA005694 - DOSD ENG-BLUEPRINT HILLTOP VARIOUS PRJTS

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

SCOPE: The City of Columbus, Ohio is inviting professional engineering consulting firms, or teams including such firms, to submit Proposals to furnish professional services for the City of Columbus, Department of Public Utilities, Division of Sewerage and Drainage (DOSD), for Capital Improvements Project 650870-100801 - Blueprint Hilltop - Palmetto/Westgate, CIP 650870-100802 - Blueprint Hilltop - Eureka/Fremont, CIP 650870-101201 - Blueprint Miller/Kelton - Newton/Bedford, CIP 650870-101202 - Blueprint Miller/Kelton - Kent/Fairwood pursuant to Columbus City Code 329.14. Proposals will be received at the Division of Sewerage and Drainage, 1250 Fairwood Avenue, Room 1021, Columbus, Ohio 43206 until 4:30 PM on Friday, January 30, 2015.

The scope of work for this project is to perform all the requisite investigation, evaluation, formulation and design work to prepare construction documents for the remediation of inflow and infiltration (I/I), and the improvement of water quantity and water quality within the project area(s) using Integrated Solutions. The City envisions these Integrated Solutions will focus on removing sufficient amounts of I/I and providing positive treatment of stormwater with GI prior to its discharge into storm sewers. This work must be done in complete conformance with the current version of the City of Columbus Stormwater Design Manual and the Construction and Materials Standards of Columbus (CMSC). It is envisioned that a significant portion of this work shall consist of reviewing and renovating privately-owned drainage systems (storm and sanitary) in the project area(s) shown in Exhibits G and H. The emphasis for privately owned drainage systems will be on residential properties. Commercial systems may require more specific consideration.

Another aspect of the work for this project is the possible re-purposing of Columbus Land Redevelopment Office (Land Bank), abandoned, and vacant parcels for the implementation of Green Infrastructure (GI). The City wishes to explore viable GI and low-impact development (LID) technologies which could be constructed on these vacant or abandoned parcels/lots within the project area. The ENGINEER shall be expected to identify specific parcels or groups of parcels that the DOSD should acquire for the purposes of demolishing houses and installing large-scale GI and low impact development technologies.

It is further envisioned that the GI will be in the right of way (ROW), Land Bank re-purposed, abandoned, and/or vacant parcels or on other City-owned property. The ROW GI may include, but not limited to, pervious sidewalks, street trees, traffic-calming bump-outs and/or various types of rain gardens.

1. The firm or team must possess sufficient previous experience in the design and construction of sanitary and stormwater infrastructure, I&I remediation as well as Green Infrastructure facilities. This shall include a firm or team having successfully completed the design of two (2) projects utilizing Green Infrastructure in the mitigation of SSO overflows and/or stormwater flooding;
2. successfully completed the design of two (2) I&I projects of similar or larger size and complexity as that of the Miller/Kelton Inflow and Infiltration Remediation Project; and;
3. having successfully constructed, calibrated and applied two (2) models of similar or larger size and complexity as required for this project. This shall include applying such models to stormwater, open channel, and green infrastructure design, at a minimum.

Proposals will be reviewed by the City and the City will enter into contract negotiations with the four (4) highest ranked offerors. Each offeror shall receive a single project. If negotiations fail with an offeror they shall be terminated and the City will enter into contract negotiations with the next highest ranked offeror. This process will continue until all contracts are successfully negotiated.

CLASSIFICATIONS: ALL OFFERORS ARE REQUIRED TO OBTAIN A COPY OF THE INFORMATION PACKAGE, which will be available for pick-up at 1250 Fairwood Avenue, Room 1021,

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

Columbus, Ohio 43206 on Monday, December 15, 2014. There is no charge for the first information package. Any subsequent packages shall be \$25.00.

QUESTIONS: All questions regarding this RFP should be presented via email submittal as soon as possible but no later 5:00 PM on Wednesday, January 21, 2015 to C. Timothy Fallara, P.E. ctfallara@Columbus.gov. Answers to RFP questions will be given and final addenda will be issued, if necessary by Friday, January 23, 2015.

SA005703 - DOSD-ENG-SCIOTO MAIN SAN PUMP STATIONS

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

SCOPE: The City of Columbus, Ohio is inviting professional engineering consulting firms, or teams including such firms, to submit Proposals to furnish professional services for the City of Columbus, Department of Public Utilities, Division of Sewerage and Drainage (DOSD), for Capital Improvements Project Number 650886-100000 -- SCIOTO MAIN SANITARY PUMP STATIONS pursuant to Columbus City Code 329.14. Proposals will be received at the Division of Sewerage and Drainage, 1250 Fairwood Avenue, Room 1021, Columbus, Ohio 43206 until 4:30 P.M. on Friday, January 30, 2015.

General Project Descriptions

The purpose of this project is to perform tasks, such as: specialized engineering investigations; make recommendations; perform detailed engineering calculations; perform Large Diameter Sewer Condition Assessment of the Scioto Main; prepare construction plans for the rehabilitation of Scioto Main Trunk Sewer manholes; design and prepare detailed plans, and specifications to provide localized protection to mitigate water in basement (WIB) occurrences at previously identified locations; design and prepare detailed plans, and specifications to provide structural modification to WCLPP hydraulic components to improve the overall operation of key components of the West Columbus Local Protection Project (WCLPP) during Scioto River flood events.

The general project boundary is the middle section of the Scioto Main Trunk Sewer and tributary sewers starting just south of Griggs Dam, and then proceeding in a southerly direction to West Broad Street.

General Design Requirements

The lead ENGINEER shall be responsible for all work necessary to establish and/or verify existing tributary area conditions; proposed sanitary design flows in existing and extended sewer systems impacted by this improvement; securing existing plan information; perform additional investigations as required to design these improvements; perform a trunk sewer condition assessment investigation, prepare required hydraulic calculations; summarize all preliminary design findings, investigations, and recommendations into a PDR draft and final reports; collect all necessary site survey information; prepare construction drawings, cost estimate(s), specifications, and bid documents; investigate need for and document all required construction permits (such as zoning, electrical, building, regulatory (EPA, City, etc.); prepare, submit, and secure all such construction permits; review construction shop drawing submittals and associated documents during construction of this project.

The lead ENGINEER shall submit information to document prior experience and qualifications of the Design Team members. The team shall have previous experience in the design of sanitary pump stations, and the rehabilitation of sanitary sewer manholes and large diameter sanitary sewers. Team members shall be capable of submitting observations and/or recommending design changes for efficient sanitary sewer repair or pump station design.

The lead ENGINEER shall also include team members which have completed the condition assessment of a minimum cumulative total of 5,000 linear feet of 84 inch and larger diameter sewer or completed 3 projects of a similar nature. The ENGINEER shall also include a CCTV contractor capable and experienced with inspection of sewers of this diameter, conditions and methods referenced having a minimum of 3 years continuous successful experience performing inspection work as stated herein. The ENGINEER shall be responsible for all work necessary to generate the Technical Memorandum and delivery of the consolidated inspection records.

As part of the submitted proposal (RFP), the ENGINEER shall provide to the City a draft condition assessment work plan which addresses overall issues anticipated with this work, such as; overall task approach, procedures to address difficult access issues, methods (include ventilation methods to be used to control cloudy visual conditions found in sewers), coordination issues (public, private, etc.), and other pertinent information.

The team members shall research various alternatives and recommend the most economical and best solution to the City. The final project submittal will include the production of all design documents,

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

drawings, specifications and contract documents required to construct the proposed facilities. This work shall also include utility conflict sewer redesign and shop drawing review services during construction. The lead ENGINEER shall submit a report, perform a large diameter condition assessment for the Scioto Main, provide a technical memorandum and deliver consolidated inspection records for the condition assessment, provide one (1) set of pump station (or alternative solution) construction plans in CC drawing format with specification documents, provide one (1) set of sanitary sewer and manhole rehabilitation construction plans in CC drawing format with specification documents, and complete all project tasks (excluding construction coordination phase) for this project within 365 days after the notice to proceed is issued.

Proposals will be reviewed by the City and the City will enter into contract negotiations with the one (1) highest ranked Offeror. One Offeror shall receive this project. If negotiations fail with an Offeror they shall be terminated and the City will enter into contract negotiations with the next highest ranked Offeror. This process will continue until a contract is successfully negotiated.

CLASSIFICATIONS: ALL OFFERORS ARE REQUIRED TO OBTAIN A COPY OF THE INFORMATION PACKAGE, which will be available for pick-up at 1250 Fairwood Avenue, Room 1021, Columbus, Ohio 43206 beginning Monday December 22, 2014. There is no charge for the first information package. Any subsequent packages shall be \$25.00.

QUESTIONS: All questions regarding this RFP should be presented via email submittal as soon as possible but no later than the close of business on Wednesday January 21, 2015 to Paul B. Roseberry, P.E. PBRoseberry@Columbus.gov. Answers to RFP questions will be given and addenda will be issued, if necessary by Friday January 23, 2015.

For additional information concerning this request, including procedures for obtaining a copy of the of the RFP, you must go to the City of Columbus Vendor Services web page (<http://vendorservices.columbus.gov>) and view this bid number in the open solicitations listing.

BID OPENING DATE - February 6, 2015 1:00 pm

SA005705 - Routing Optimization System

THE CITY BULLETIN
BIDS WANTED - PURCHASING OFFICE AND OTHER DIVISIONS

1.1 Scope: The City of Columbus, Public Service Department is receiving proposals until 1:00 P.M. February 6, 2015, for professional services for the Facilities - Routing Optimization System project. Proposals are being received electronically by the Department of Public Service, Office of Support Services. Proposals shall be submitted to DPSRFP@columbus.gov. The scope of the project shall consist of the implementation of a route optimization software system for City of Columbus Refuse Collection routes and snow and ice removal routes and ongoing system support after the system is accepted by the City. The snow and ice removal portion of the system must be completed, operational, and accepted, by the City no later than October 31, 2015. Staff training on the use and administration of this component of the system also must be completed by October 31, 2015.

1.2 Classification: Firms wishing to submit a proposal must meet the mandatory requirements stated in the RFP. All questions concerning the RFP are to be sent to capitalprojects@columbus.gov. The last day to submit questions is January 16, 2015. Responses will be posted on the Vendor Services web site as an addendum. Phone calls will not be accepted.

Columbus Recreation and Parks
Permit and Rental Services Section

Revised

Administrative Rules for private boat docks and stakes on City Reservoirs (not to include boat club leased properties):

Columbus City Code, section 921.01-8 (O)(1) provides that: **“The Recreation and Parks Commission may adopt administrative rules for floating boat dock construction, maintenance and other privileges pertaining to the use of undeveloped city parkland. Violation of administrative rules shall result in the temporary or permanent revocation of docking privileges and/or impoundment of vessel(s) and removal of associated structures on parkland.”** Pursuant to the above-mentioned authority, the Recreation and Parks Commission does hereby approve and adopt the following administrative rules listed below.

These Administrative Rules shall be effective thirty days after being approved and signed by the Recreation and Parks Commission and the Director of the Recreation and Parks Department and published in the City Bulletin. These Rules may be superseded by an act of City Council.

Existing authorized docks exceeding any applicable design limitations as specified in these rules, may continue to be authorized until such time as the contiguous property owner either (i) fails to **renew the annual permit** or (ii) **transfers title to the property**.

The Recreation and Parks Department reserves the right to require general liability insurance naming the City of Columbus as an addition insured from private dock, stake, or mooring customer with at least a ninety (90) day notice.

As used in these Rules, the following definitions shall apply:

1. **Abandoned** - means any personal property, including a dock or other structure, that has remained on or attached to City property for at least 48 hours that does not have a valid dock permit, or is extensively damaged, or is considered a navigational hazard, regardless of whether it is being actively used by a contiguous property owner.
2. **Header dock** - The primary structure of a floating dock. The section of dock in which other dock sections or a ramp is attached to.
3. **Finger dock** - A secondary dock extension from the header dock.
4. **Mooring** - buoy or float providing a tie off for a boat, set to an anchor to hold the boat secure.
5. **Ramp** - The section of the dock that connects the floating portion of the dock to the shore (some docks may be on feet or wheels).
6. **“I” Dock** - For purposes of these administrative rules, an “I” dock shall mean a dock extending from shore in

- a straight line, generally perpendicular to the shoreline, with no sections attached to the header dock.
7. “T” Dock - For purposes of these administrative rules, a dock generally consisting of a header dock with a finger dock attached in the shape of a “T”, or can be an inverted “T” shape.
 8. “L” Dock - For purposes of these administrative rules, an “L” dock is a dock shaped like an “L”, with one side being the header dock and the other side a finger dock, and can be placed in several positions according to need or preference.
 9. “U” Dock - For purposes of these administrative rules, a “U” dock consists of a header dock generally parallel to the shore (but may be perpendicular), with at least two finger docks extending from the header dock into the shape of a “U”, “F”, “E” or similar type shape.
 10. Platform Dock - For purposes of these administrative rules, a platform dock is a dock that is attached to shore by a ramp, and generally is described as a square or rectangular shape (although it may take different shapes), and can moor multiple vessels from respective sides.
 11. Spuds - For the purpose of these administrative rules, spuds are defined as metal posts, no wider than 4” in diameter, inside a sleeve attached to the dock that stabilize the dock by use of friction against the riverbed and not by being driven, drilled, augured or pushed into the riverbed. The “foot” end of the spud (the portion against the river bottom) must be capped or otherwise closed and not be an open pipe. Spuds should not have chisel shaped or pointed ends.
 12. Stake - A metal or wood post, not to exceed four (4) inches in diameter, extending a minimum of four (4) feet and a maximum of six (6) feet above the ground, to secure a watercraft to shore.
 13. Rip rap - The placement of rocks or other similar materials as approved by the Division of Power and Water in accordance with United States Army, Corps of Engineers regulations to prevent or reduce shoreline erosion.
 14. Director - “Director” shall mean the Director of Recreation and Parks or his or her duly authorized designee.
 15. Structure - “Structure” means a combination of materials, other than a building, to form a construction that is safe and stable including, but not limited to, docks, stadium, gospel or circus tent, reviewing stand, platforms, staging, observation tower, shed, coal bin, or fence in excess of six (6) feet in height. The term “structure” shall be construed as if followed by the words “or parts thereof.”
 16. Building - “Building” means any structure having a roof supported by columns or walls, or any series of structures separated only by “fire separations” but contained under a common roof or within common walls, and requiring a building permit in accordance with Title 41 of the Building Code that is used for shelter, occupancy, enclosure, or support of persons, animals, or property.
 17. Encroachment - “Encroachment” means any building, structure, or personal property that extends beyond the property line of a contiguous property owner and trespasses onto City owned or controlled property.

Administrative Rules:

- 1) Plans for new docks and stakes or for alterations to existing docks and stakes must be submitted to the Columbus Recreation and Parks, Permit and Rental Services Section. All structures must comply with the current City of Columbus Code (CCC 921.01-8), and all specifications authorized by the United States Army Corps of Engineers under federal regulation. When in conflict, whichever code is more restrictive takes precedence. In cases where private property meets the water’s edge, dock permits are still required pursuant to the following rules, as the City of Columbus regulates all City waterways. A valid Land Stewardship Agreement must be on file with the City of Columbus prior to the issuance of any dock or stake permit.
- 2) Plans for new docks and stakes or alterations to existing docks and stakes must include the following:
 - a) Plat plan of the property with the owner’s name and address and the proposed location of the dock or stake plainly marked.
 - b) Detailed plan of the dock illustrating:
 - i) Dimensions
 - ii) Materials
 - iii) Method of attachment to shore
 - iv) Proposed alterations
 - c) Proposed dates for construction and installation (which must be at least 10 business days later than the date of submission) are subject to the approval of the plan.

- d) Requests for stairs, if necessary, must be included in the application (certain restrictions apply, see items 17 and 18).
- 3) The overall width of any section of any private floating dock may not be less than four (4) feet.
 - 4) The overall width of any Finger dock may not exceed six (6) feet.
 - 5) The overall width of any header dock may not exceed eight (8) feet.
 - 6) The overall width of any platform dock may not exceed twelve (12) feet.
 - 7) The overall width of any ramp section may not exceed eight (8) feet.
 - 8) Flotation for the floating docks must meet or exceed Federal and Ohio Department of Natural Resources standards. Metal drums and plastic barrels are not permitted. Treated wood materials used for decking and/or walkways shall comply with Federal and State Environmental Protection Agency recommendations and regulations. All wooden materials should be free of any chemicals that are toxic to aquatic life. Lumber pressure-treated with Alkaline Copper Quaternary (AQC) process is very corrosive therefore specialcareshould be used when selecting fasteners and hardware. (US ACOE Rule #3) Galvanized or plated hardware should be used in dock construction.
 - 9) The dock (including any ramp, attachment(s) and including any vessel(s)) may not extend greater than forty (40) feet from the on shore platform or twenty five percent (25%) of the width of the channel at that point, whichever is less. The overall area of any dock, including any vessel(s) docked at that location, may not exceed twenty-six (26) feet in width (parallel to shore) The forty (40) feet will be the measurement of the length of the dock and ramp at the point it is attached to the landing platform or otherwise affixed to shore and not the distance it extends into the reservoir due to the angle of attachment.
 - 10) The floating dock structure shall not have any walls or enclosed areas. An open sided canopy may be permitted provided that the overall height of the canopy structure does not exceed twelve (12) feet from the surface of the dock. Canopy covers must be metal, canvas, nylon or other fabric and no advertising may be displayed on the canopy.
 - 11) As part of the floating dock permit there may be a landing platform area on shore, not to exceed eighty (80) square feet in size. The only purpose of this platform is to provide a secure structure to serve as an attachment point for the floating dock. No concrete, cement or mortar is permitted as part of this platform. This structure may not include any walls, roofs or other improvements except an approved handrail if desired. The landing platform shall be constructed at ground level unless the terrain is not even, then only elevated enough so that the platform may be level as close to the ground as possible. The landing platform may not extend over the water beyond the ordinary high water mark (as defined by the U.S. Army Corps of Engineers).The specific site of the landing platform will be determined by the Director based upon best management practices.
 - 12) No part of the floating dock, stake(s), or permitted landing platform may be constructed from any materials or constructed in any manner to be considered a permanent structure. (i.e. there will be no use of concrete and all sections must be removable by use of common hand tools). Tying to trees (either the dock or any watercraft) or attachment to any natural feature (rocks, stumps, etc.) is strictly prohibited.
 - 13) Each qualified, contiguous, private property owner will be permitted a maximum of one private floating dock permit. Each private floating dock may be permitted to moor no more than three vessels registered to that private property owner (provided that all three vessels and dock fit into the area described in item 9).
 - 14) The proposed location of the private floating dock, stake(s) or mooring shall be determined by the Director and contained within the area of City of Columbus owned shoreline defined by an extension of the contiguous, private property owner's boundary lines. In cases where the angles are not perpendicular, or nearly perpendicular, this area will be determined by drawing a line perpendicular to the shoreline back to the contiguous, private property owner's sideline. In the case of private moorings, the length of the mooring rope/chain/cable shall not allow the vessel to exceed this area. If there is not a suitable site within this area, the request may be denied.

- 15) When permitted, private moorings must be located no farther than fifty (50) feet from the normal pool shoreline, but may not be any further than 25% of the width of the channel at that point. Moorings will only be considered for use on Hoover and O'Shaughnessy Reservoirs. Mooring anchors must be approved before placement and should be properly sized for the boat being moored (items such as used engine blocks are specifically prohibited). Each private mooring must be marked with at least a twelve (12) inch round diameter, orange marine buoy. The owner's address must be clearly marked upon the buoy.
- 16) When an application is approved, a contiguous, private property owner may install a boat stake or stakes. The stake(s) shall be driven or set into the ground by the permit holder at a site designated by the Director. No concrete or cement may be used. The stake(s) shall have a space for the permit decal and owner's address to be displayed, facing the water. The stake(s) shall be maintained in a safe condition by the permit holder and removed by the permit holder in the event that the stake permit is not renewed for any succeeding year. Boat stake(s) may not be relocated (due to low water levels, better access or any other reason) without written permission from the Director.
- 17) If the Director determines that any dock, structure, stairs, or other previously approved improvement (located on or attached to City property has become a detriment to the City, the person who installed such improvement shall remove it at their expense upon receiving written notice of the Director's determination. If the person who installed the improvement is no longer the contiguous property owner, the City may remove and dispose of said encroachment.

If the current contiguous property owner wishes to continue to use the improvement in conjunction with a pre-existing dock or stake, that property owner (referred to herein as the "responsible party") may submit a request to the Director to allow the improvement to remain. If the Director allows the improvement to remain, the responsible party must do all of the following:

- 1.) Submit a new or renewal dock/stake permit application
- 2.) Submit a signed Responsibility Form
- 3.) Keep the dock or stake permit current and valid.

If at any time the responsible party fails to renew their dock or stake permit by the annual March 15 deadline, the improvement shall no longer be approved and must be removed at the expense of the responsible party.

In areas where it is necessary, as determined by the Director, a single set of wood or properly reinforced steps may be approved to access the dock as part of an approved path. Installation of new stairs must be in compliance with City of Columbus building codes. The stairs must not be set in concrete.

18. In cases where there are violations with the land stewardship agreement, contiguous property owners shall have up to one calendar year from the notice of violation to resolve said violations. If the violations are not resolved after one year, the Director may revoke the private dock, stake or mooring permit.
- 19) The five (5) foot wide path to allow access to the private dock or stake (as described in Columbus City Code 921.01-8 (N) may be mown, but must be maintained in as natural a condition as possible and may not include cement, mortar, bricks or boardwalks. The Director must approve the location of this path. The path must follow the most direct line to the shoreline that affects the least amount of vegetation or natural features of the City of Columbus property. Permission to cut down trees or alter the landscape to create a path will not be granted, except that cutting of trees and brush less than 1" in diameter at the ground may be approved on a limited basis with permission.
 - a) When necessary due to site conditions, the following improvements may be considered for a permit.
 - i) Washed river gravel on top of filter fabric, not to exceed three (3) inches in depth.
 - ii) Pavers or natural stones not to exceed sixteen (16) inches in diameter and not to be set closer than six (6) inches together.
 - iii) Options "i" and "ii" combined provided all conditions of both are met.
 - b) Paths may not be approved if the following conditions exist:
 - i) If location of the path would threaten rare or endangered species of plants or wildlife. The Ohio Department of Natural Resources shall be considered the naming authority for these species.

c) Areas of shoreline that are within designated Nature Preserve areas will not be permitted any modifications to accommodate a dock or path, but may be approved if the naturally existing conditions are acceptable (pursuant to City Code (Title 9, Chapter 921.01-8 (A)(2)).

- 20) The installation of facilities conducive to human habitation; including but not limited to household furnishings, water or electrical lines or hook ups, living quarters, sewers, toilets, or fueling facilities are not permitted on any private floating or permanent dock.
- 21) Electrical service existing as of the effective date of these Administrative Rules on City of Columbus property that was previously authorized by the City of Columbus in writing will be allowed to remain until such time as there is a failure to submit an annual permit application with the applicable rental fee. In the event of a failure to submit an annual permit application the electrical service must be removed by the contiguous property owner at their expense. If the contiguous property owner fails to remove the electrical service the City may do so. Future dock permits will not be considered until the electrical service is removed.

For as long as the electrical service remains, the adjacent property owner must provide and maintain a lath marker where the electric line crosses the private property line onto City property and a like marker near the dock marking the same. The marker should indicate, in writing, "under-ground electric - do not dig". The material for the marker should be the same as markers used for roads and highways that is flexible plastic, which would not pose any threat of impaling a person. Failure to maintain these markers in accordance with this section at all times will be cause for immediate suspension or revocation of the dock permit.

In the event that there is any question as to whether the installation or the device meets all codes, the permit holder will be required to submit a letter from a licensed electrical contractor stating that he/she has personally inspected the device and installation and affirming that the installation and the device meets all City, State and Federal codes.

Solar powered, battery operated or self contained generator operated devices may be approved by the Director. Before any such device is installed the property owner must provide a sketch of the proposed electrical devices to be installed in connection with the dock permit. This sketch must include all lights, outlets, and related accessories. If the permit holder elects to use an extension cord to power a permitted electrical device at a dock then the cord may only be used when the permit holder is at the dock actively using the device. Extension cords must be plugged into a GFCI (ground fault circuit interrupter) outlet on the adjacent, private property. At all other times the extension cord must be removed from the park property.

The quantity of lights must be kept to a minimum, and are limited to the path and dock/stake/mooring. All lights must be directed downward and not toward the water, other residences or parks areas.

- 22) A hand powered or mechanical boatlift will be permitted so long as all other rules pertaining to docks are followed. Lifts that require electricity must comply with the established electric service rules contained within these Administrative Rules (item #21). Application for a boatlift must be **in writing** as part of the proposed dock plan and include specifications of the lift device.
- 23) No pilings may be driven through the water into the riverbed. Guide or support poles attached to the dock (or lift device) must have flat *feet* that rest on the riverbed or use non-driven spuds. Spuds must be removable using common hand tools and the permit holder must be able to demonstrate this upon request of the Recreation and Parks Department. Failure or inability to remove the spuds will be considered grounds for revoking dock privileges.
- 24) All floating docks, stakes and associated structures not previously authorized by the City prior to the effective date of these Administrative Rules must be designed and constructed to have the least impact visually and physically upon the City of Columbus owned property and dock must be maintained in a safe condition. Permittees must make every reasonable effort to construct and operate the authorized dock or stake(s) in a manner so as to minimize any adverse impact on fish, wildlife and natural environmental values including water quality.
- 25) Permitted docks and stakes must properly display the annual permit and property address (address must include at least the house numbers in three (3) inch high letters) on the dock structure or stake(s). The permit and address shall be

placed on the dock or stake and face the open navigable water, visible to patrol watercraft.

- 26) The primary purpose of the private floating dock structure shall be as a safe mooring for permitted watercraft. This regulation does not exclude the permit holder, his/her family and guests from legally fishing from the dock. Personal property used in connection with recreational water activities, such as chairs, dock boxes, mooring lines, and so forth, shall be permitted on dock structures so long as such property is not otherwise prohibited by paragraph 18, this Section or other Sections of these Rules. Private docks may not have any items attached to them or be used for any purpose other than safe mooring of permitted watercraft. Guest watercraft meeting code requirements, may moor to the permit holder's dock, however if the duration exceeds sixteen (16) hours on any date, the permit holder must obtain a temporary permit from the Columbus Recreation and Parks Permit and Rental Services Section, and all related regulations apply.
- 27) Requests for modifications or renovations to an existing dock must be in writing and approved by the Director. No work shall commence until the Director's written approval is received by the property owner. The property owner is hereby authorized to make minor repairs to the dock and associated structure when necessary to ensure the safety of the users. These repairs must use identical replacement materials and may not alter the appearance or dimensions of the permitted structure. No chemical treatments may be applied (paint, waterproofing, etc.) while the dock structure is in the water or sitting on City of Columbus owned property.
- 28) Private boat docks, stakes, associated structures and fixtures, other encroachments or private property discovered on or attached to City of Columbus park land without permission or in violation of Columbus City Code or these Rules will be considered abandoned and may be removed and disposed of by the Recreation and Parks Department; the Columbus Division of Power and Water acting as an agent of the Recreation and Parks Department under the terms of the "Water Supply Reservoir Cooperative Management Agreement", or by any law enforcement officer within their jurisdiction.
- a) Prior to removing abandoned private, personal property from City of Columbus property, the City will send notice to the contiguous property owner to allow them the opportunity to remove the personal property on their own. A letter sent via first class, U.S. mail to the name and address listed on the county auditor's web site for the contiguous property requesting removal within 30 days shall be deemed sufficient notice.

The Recreation and Parks Commission and the Director of the Columbus Recreation and Parks Department hereby adopt and authorize these Administrative Rules.

Notice/Advertisement Title: Department of Public Utilities, R&R 15-01 Medical Certification Program-Residential Water and Sewer Accounts

Contact Name: Christina Burden

Contact Telephone Number: 645-8508

Contact Email Address: ckburden@columbus.gov

RULE AND REGULATION 15-01

January 2015

Department of Public Utilities

SUBJECT: MEDICAL CERTIFICATION PROGRAM-RESIDENTIAL WATER AND SEWER ACCOUNTS

Pursuant to the authority granted under Columbus City Codes Chapter 1101, the Director of the Department of Public Utilities hereby adopts, establishes and publishes this rule and regulation to be effective at the earliest date allowed by law. This rule and regulation supersedes Division of Water rule and regulation entitled "Medical Emergency/Residential Accounts", published September 28, 1991 as Rule and Regulation No. 91-5. This rule and regulation is in addition to any established requirements that have not be superseded or rescinded by this or any previous act.

APPLICATION:

Any Residential Water and Sewer account located within the City of Columbus distribution system where it is determined that disconnection of water service would be especially dangerous to the health of a permanent resident of a household as determined by a medical professional.

GENERAL REGULATION:

If disconnection of water service would be especially dangerous to the health of a permanent resident of a household as determined by a medical professional, the Department of Public Utilities may approve medical certification that will prevent disconnection for a thirty (30) day period.

A medical certification form must be filled out completely and signed by a medical professional. If the occupant is not the owner of the property, the account must either be in the name of the occupant, or written permission from the property owner to make a payment extension must be submitted, with the completed medical certification form. The medical certification form must include the name of the person being certified, a statement that the person is a permanent resident of the household, the certifying medical professional's name, address, and phone number, the diagnosis or nature of the condition, the type of medical equipment that requires a constant supply of tap water, if applicable, and a statement signed by the certifying medical professional that the disconnection of service would be especially dangerous to the health of the person being

certified. The Department of Public Utilities reserves its right to request additional documentation to approve medical certification requests.

An approved medical certification will prevent the disconnection of water service for a period of thirty (30) days from the date of the approval by the Department of Public Utilities. There is a limit of two (2) medical certifications per household in any twelve (12) month period. In a case of consecutive medical certification applications, the account must have no past due balances before a second certification will be granted. If payment is not received at the expiration of the certification period, water service will be terminated in accordance with section 1101.03 of the Columbus City Code.

Where the water service is still on, the signed medical certificate must be delivered to and received by the Department of Public Utilities at least 72 hours prior to the turn-off date on the termination notice.

If water service has been turned off, one third (1/3) of the total account balance (including arrearage and amount currently due) must be paid, the medical certificate must be received by the Department of Public Utilities and approved, and the remaining balance will be put on an extension payable in thirty (30) days. Entry into the property may be required for turn on.

MOBILE FOOD VENDING
APPEALS PROCESS

Published: December 27, 2014
Effective: January 10, 2014

Mobile Food Vending Advisory Board
Appeals Process(updated 12-22-14)

1. If a MFV vendor allegedly violates a federal, state or local code, rule or regulation that vendor will be notified to appear before an MFV Appeals Panel to state their case.
2. The MFV vendor will be suspended from the use of the electronic reservation system pending the outcome of the appeal.
3. The appeal will be scheduled within 14 days of the date the allegation was received.
 - a. Notification will be via email and regular mail service.
 - b. Acknowledgement of the receipt will be required.
 - c. If acknowledgement is not received with 5 days of email or regular mail service, then personal service will be required.
4. MFV Appeals Panel will consist of:
 - a. MFV Chairperson
 - b. MFV Vice Chairperson
 - c. Industry Representative
 - d. License Manager - recorder only - no voting rights
5. The MFV Appeals Panel has the right to have expert witnesses and witnesses to the allegations present at the appeal.
 - a. The appeal will be audio recorded.
6. The MFV vendor has the right to bring legal representation and witnesses to support their case.
7. The MFV Appeals Panel will make a recommendation of findings to the Director of Public Safety and the Director of Public Service in writing.
8. If the MFV vendor does not appear before the MFV Appeals Panel without prior notification of possible absence, then the MFV Appeals Panel will hear from the witnesses and make a written recommendation to the Director of Public Safety and the Director of Public Service.
9. The Directors will make a final decision on the alleged violation and will notify the MFV vendor within 7 days.
 - a. Notification will be via email and regular mail service.
 - b. Acknowledgement of the receipt will be required.
 - c. If acknowledgement is not received with 5 days of email or regular mail service, then personal service will be required.

ADJOURNMENT

PLACEMENT OF TRAFFIC CONTROL DEVICES AS RECOMMENDED BY THE
DIVISION OF TRAFFIC MANAGEMENT

EFFECTIVE DATE: December 15, 2015

Whereas, an emergency exists in the usual daily operation of the Department of Public Service, Division of Traffic Management, in that certain traffic control devices must be authorized immediately in order to preserve the public health, peace, property, and safety; now, therefore,

Under the power vested in me by Chapters 2105 and 2155 of the Traffic Code of Columbus, Ohio, I hereby determine that based on studies conducted by and recommendations made by the Division of Traffic Management, that the following traffic regulations are necessary and I hereby authorize on the effective date of this order, or as soon thereafter as practical, the installation and/or removal of appropriate traffic control devices as follows:

SECTION 2105.08 STOP AND YIELD INTERSECTIONS

Stop signs shall be installed at intersections as follows:

BUTLER AVE shall stop for MOUND ST

Any existing traffic restrictions, prohibitions or traffic control devices which conflict with these orders shall be declared null and void and shall be removed.

Any existing traffic restrictions, prohibitions or traffic control devices which conflict with these orders shall be declared null and void and shall be removed.

BY ORDER OF: TRACIE DAVIES, PUBLIC SERVICE DIRECTOR

PLACEMENT OF TRAFFIC CONTROL DEVICES AS RECOMMENDED BY THE
DIVISION OF TRAFFIC MANAGEMENT

EFFECTIVE DATE: December 15, 2014

Whereas, an emergency exists in the usual daily operation of the Department of Public Service, Division of Traffic Management, in that certain traffic control devices must be authorized immediately in order to preserve the public health, peace, property, and safety; now, therefore,

Under the power vested in me by Chapters 2105 and 2155 of the Traffic Code of Columbus, Ohio, I hereby determine that based on studies conducted by and recommendations made by the Division of Traffic Management, that the following traffic regulations are necessary and I hereby authorize on the effective date of this order, or as soon thereafter as practical, the installation and/or removal of appropriate traffic control devices as follows:

SECTION 2105.08 STOP AND YIELD INTERSECTIONS

Stop signs shall be installed at intersections as follows:

CRESTVIEW RD shall stop for CALUMET ST

Any existing traffic restrictions, prohibitions or traffic control devices which conflict with these orders shall be declared null and void and shall be removed.

BY ORDER OF: MARK KELSEY, PUBLIC SERVICE DIRECTOR
