Scope: The City of Columbus, Department of Finance and Management, Purchasing Office, is seeking Request for Proposals (RFPs) to enter into a contract for an energy consultant with a qualified Offeror for the City's deregulated electric supply accounts and to provide bill management services for all accounts. The City will be undergoing an effort to obtain bids from certified energy suppliers in the State of Ohio for the deregulated electric supply of all City owned facilities on the AEP Ohio distribution system. **DEPARTMENT OF PUBLIC SERVICE
CITY OF COLUMBUS, OHIO**

SUBJECT: Requests for On-Street Parking Out of Service

EFFECTIVE DATE: August 16, 2022

BY: Division of Parking Services

I. PURPOSE:

The Division of Parking Services is committed to providing accessible, equitable and predictable mobility and parking options for all residents, guest and visitors. The division aims to reduce congestion, increase mobility options and manage parking in a city experiencing enormous growth, while preserving the uniqueness of our neighborhoods for all to enjoy. While parking should be generally available to any user, there are specific instances when parking needs to be restricted. The city recognizes the impacts that removing managed and/or unmanaged parking has on residents, guests, businesses, and visitors to our city.

The purpose of this policy is to establish procedures that balance the needs of the general public for on-street parking with the need to occasionally restrict on-street parking for public right-of-way permits, special events, parades, community markets, and other related activities. This policy and procedure in no way establishes procedures to restrict public parking in off-street lot and garage parking spaces.

II. AUTHORITY:

- A. Pursuant to the authority granted under Chapter 903 and Chapter 906 of the Columbus City code, 1959, as amended, the Director of Public Service hereby adopts, establishes, and publishes this policy and procedure for the request for on-street parking out of service for public right-of-way permits, special events, block party permits, race events, parades, community markets, and related activities.
- B. Pursuant to the authority granted under Chapter 2155.04 of the Columbus City code, 1959, as amended, the Director of Public Service has the authority to establish the rates and fees to be charged in the event that paid parking is temporarily removed from service for construction or other purposes as describes in Section 2155.055.
- C. This policy and procedure supersedes all previously authorized policy and procedures for requests for on-street parking out of service and the hooding of parking meters.
- D. This policy and procedure does not supersede any other curb lane management rules and regulations to include, but not limited to: Valet/Temporary Valet Parking Zones, Loading Zones, Mobile Food Vending, Residential Permit Parking, Car Share, Parklets, Two-Wheeled Vehicle Parking Zones, etc.

III. DEFINITIONS:

The following definitions shall apply to terms used in this policy and procedure:

- B. *Individual street parking space* means a portion of the paved surface approximately twenty (20) feet in length along the curb of streets and shall accommodate a vehicle when the same is parked as prescribed by Section 2151.06.

DEPARTMENT OF PUBLIC SERVICE
CITY OF COLUMBUS, OHIO

SUBJECT: Holiday Parking Schedule Policy

EFFECTIVE DATE: August 12, 2022

PAGES: 1 of 1

BY: Division of Parking Services

I. PURPOSE

The purpose of this policy is to establish clear guidance on the holiday parking schedule to inform the public as to when payment is not required at on-street metered parking spaces on city-observed holidays.

II. DEFINITIONS

The following words, terms, and phrases, when used in this policy, shall have the meanings ascribed to them, except when the context clearly indicates a different meaning:

- A. *Parking meter* means any mechanical or electronic device used, placed, installed, or erected at or near the curb adjacent to the parking lane, or otherwise on property which is owned, leased, or operated by the city. A parking meter includes, but is not limited to, single-space meters, multi-space kiosks, and parking mobile payment applications authorized by the City of Columbus as prescribed in Section 2155.01.

III. HOLIDAY SCHEDULE

- A. The public is *not* required to pay on-street metered parking spaces on the following holidays:
1. New Year's Day
 2. Martin Luther King Jr. Day*
 3. Presidents Day*
 4. Memorial Day*
 5. Juneteenth
 6. Independence Day
 7. Labor Day*
 8. Veterans Day
 9. Thanksgiving Day*
 10. Christmas Day
- B. Holidays listed above with an asterisk (*) fall on the same day of the week each year, and the observed city holiday falls on the same day as the actual holiday. Payment is not required.
- C. The other listed holidays are considered floating holidays and may fall on any day of the week, including Saturday or Sunday. When this occurs, the city may observe those holidays on the preceding or following day of the week. In these cases, payment will not be required for the actual holiday but will be required when the holiday is observed by the city on the preceding or following day of week. The single-space meters, multi-space kiosks and mobile payment application will reflect parking as free for the holiday on Sunday and payment required on the city-observed holiday.

BY ORDER:

JENNIFER GALLAGHER, DIRECTOR
DEPARTMENT OF PUBLIC SERVICE

GENERAL POLICY AND PROCEDURE

DEPARTMENT OF PUBLIC SERVICE
DIVISION OF PARKING SERVICES
CITY OF COLUMBUS, OHIO

SUBJECT: Requests for On-Street Parking Out of Service

EFFECTIVE DATE: August 16, 2022

PAGES: 1 of 5

BY: Division of Parking Services

I. PURPOSE:

The Division of Parking Services is committed to providing accessible, equitable and predictable mobility and parking options for all residents, guest and visitors. The division aims to reduce congestion, increase mobility options and manage parking in a city experiencing enormous growth, while preserving the uniqueness of our neighborhoods for all to enjoy. While parking should be generally available to any user, there are specific instances when parking needs to be restricted. The city recognizes the impacts that removing managed and/or unmanaged parking has on residents, guests, businesses, and visitors to our city.

The purpose of this policy is to establish procedures that balance the needs of the general public for on-street parking with the need to occasionally restrict on-street parking for public right-of-way permits, special events, parades, community markets, and other related activities. This policy and procedure in no way establishes procedures to restrict public parking in off-street lot and garage parking spaces.

II. AUTHORITY:

- A. Pursuant to the authority granted under Chapter 903 and Chapter 906 of the Columbus City code, 1959, as amended, the Director of Public Service hereby adopts, establishes, and publishes this policy and procedure for the request for on-street parking out of service for public right-of-way permits, special events, block party permits, race events, parades, community markets, and related activities.
- B. Pursuant to the authority granted under Chapter 2155.04 of the Columbus City code, 1959, as amended, the Director of Public Service has the authority to establish the rates and fees to be charged in the event that paid parking is temporarily removed from service for construction or other purposes as describes in Section 2155.055.
- C. This policy and procedure supersedes all previously authorized policy and procedures for requests for on-street parking out of service and the hooding of parking meters.
- D. This policy and procedure does not supersede any other curb lane management rules and regulations to include, but not limited to: Valet/Temporary Valet Parking Zones, Loading Zones, Mobile Food Vending, Residential Permit Parking, Car Share, Parklets, Two-Wheeled Vehicle Parking Zones, etc.

III. DEFINITIONS:

The following definitions shall apply to terms used in this policy and procedure:

- A. *Clearly logoed vehicle* means any vehicle providing a service to a resident within a permit parking area that has a business logo, including contact information, on the driver and passenger side of the vehicle that is no less than twelve (12) inches by eighteen (18) inches. The business must be registered with the Ohio Secretary of State.
- B. *Individual street parking space* means a portion of the paved surface approximately twenty (20) feet in length along the curb of streets and shall accommodate a vehicle when the same is parked as prescribed by Section 2151.06.

- C. *Meter day* means any day that parking meters are enforced.
- D. *Non-Profit* means an organization that exists to provide a particular service to the community in general and has been officially recognized by the Internal Revenue Service as a 501(c) (3), (4), (7), (8), (10), or (19) organization.
- E. *Paid parking* means any parking space that has a parking meter, multi-space parking kiosks, and/or mobile payment only as prescribed in Section 2155.01.
- F. *Parking* means the standing of a vehicle whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading, or in compliance with directions of a police officer or traffic control device as prescribed in Section 2155.01.
- G. *Parking meter* means any mechanical or electronic device used, placed, installed, or erected at or near the curb adjacent to the parking lane, or otherwise on property which is owned, leased, or operated by the city. A parking meter includes, but is not limited to, single space meters, multi-space kiosks, and parking mobile payment applications authorized by the city of Columbus as prescribed in Section 2155.01.
- H. *Public right-of-way permit* means a permit issued for denoting land, property or the interest therein, usually in the configuration of a strip, acquired for or devoted to transportation purposes. When used in this context, right-of-way includes the roadway, shoulders or berm, ditch and slopes extending to the right-of-way limits under the control of the state or local authority.
- I. *Special Event* means a planned social function occurring either one-time, on an annual basis or as part of a series in which the purpose is to celebrate community, neighborhood, local heritage and or cultural experiences through the presence of live performances, food and merchandise, and/or interactive exhibits. Types of special events include Race Event, Marine Event, Block Party, and Special Activity as defined by the Division of Recreations and Parks.

IV. GENERAL PROVISIONS:

- A. Parking may be removed from service only for the time necessary. The applicant must make every attempt to minimize the number of days and parking spaces to be removed from service.
- B. Parking may be removed from service for the following related activities, or as determined by the Division of Parking Services:

commercial license plates do not require a residential parking permit or payment to park on the permitted street if providing a service to a resident or business. However, a public right-of-way permit and payment of lost meter revenue is required if the applicant is requesting the parking be taken out of service and designated for construction related activities.

- E. Clearly logoed vehicles and commercial vehicles parked at a parking meter, multi-space kiosk or mobile payment only zone without a right-of-way permit are required to pay the hourly rate for parking.

In order to provide adequate processing time, all information must be submitted in accordance with the rules and regulations for Chapter 903 and 906 Occupancy Permits. Requests received less than

the required number of days will be considered but no assurance is made that a decision will be rendered by the requested permit date.

The applicant must remit payment to the Department of Public Service, Permits Office unless otherwise specified in this Section for the following:

A. Paid Parking Fee Structure
