**HUGH J. DORRIAN**

*CITY AUDITOR*  
614 / 645-7615

# City of Columbus OHIO

**90 WEST BROAD STREET  
COLUMBUS, OH 43215**

**ROBERT L. MCDANIEL**

*DEPUTY CITY AUDITOR*  
FAX: 614 / 645-8444

April 20, 2005

To the Citizens of the City of Columbus, Ohio:

The Comprehensive Annual Financial Report (CAFR) of the City of Columbus, Ohio (the City) for the fiscal year ended December 31, 2004 is hereby presented to its citizens by their City Auditor, statutorily described as the City's chief accounting officer.

## **INTRODUCTION**

The City's Charter states, "The auditor shall be an elector of the City, and be elected for a term of four years . . ." The Charter also sets forth the auditor's powers and duties and states, in part:

The auditor shall be the city's chief accounting officer. He shall keep, in accurate, systematized detail a record of the receipts, disbursements, assets, and liabilities of the city, and the recorded facts shall be presented periodically to officials and to the public in such summaries and analytical schedules as shall be necessary to show the full effect of such transactions for each fiscal year upon the finances of the city and in relation to each department of the city government, including distinct summaries and schedules for each public utility owned or operated.

This report fulfills these duties and is distributed to approximately 500 recipients, which include civic associations, banks, brokers, rating agencies, schools, libraries, university students, and city, state and federal officials. This report is also available on the City's website. The Internet address is <http://www.cityofcolumbus.org>.

The City's management, defined and described in the following paragraph, is responsible for the accuracy of the data contained in this report. The responsibility for completeness, fairness of presentation, and full disclosure of the data also rests with the City's management.

### **The management:**

The City's management consists of a Mayor, seven-member Council, City Auditor, and City Attorney. These officials are elected for four-year terms on an at-large basis. The Mayor and four Council members are elected in an odd numbered year. Three Council members, the City Auditor, and the City Attorney are elected in the following odd numbered year. The City's Charter also provides for appointments and elections of successors to these officials if they should, for any reason, vacate their office. All are chosen through a non-partisan election process.

In addition to the elected officials, certain others are major participants in the City's management. The Director of the Department of Recreation and Parks, the Health Commissioner, the Civil Service Executive Secretary, and the Secretary of the Sinking Fund are appointed by, and report to, independent Commissions. All of these Commission members are appointed by the Mayor and are subject to confirmation by the Council. The financial activities of these Commissions (budgets, expenditures, etc.) are subject to approval by the Council and are, therefore, included in this report. The City's Treasurer and Clerk to the Council are appointed by, and serve at the pleasure of the Council.

The Mayor's cabinet, appointed by him and serving at his pleasure, is not subject to confirmation by the Council. In 2004 the cabinet consisted of the directors of the departments of Public Safety, Public Service, Finance, Public Utilities, Development, Technology, Equal Business Opportunity, Human Resources, Community Relations, and Education.

The City Auditor believes that, to the best of his knowledge, the data contained in this report present fairly the financial position and results of operations of the various funds of the City. All necessary disclosures are included in this report to enable the citizens and other readers to understand the City's financial activities.

**The report:**

This transmittal letter is designed to provide historical information about the City, as well as compliment the required Management’s Discussion and Analysis. Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). The City’s MD&A, which focuses on the government-wide statements, can be found in the Financial Section of this report.

This Comprehensive Annual Financial Report (CAFR) is designed in a manner to assist and guide the reader in understanding its contents. The report consists of four sections:

- The Introductory Section, which includes this letter of transmittal, contains information pertinent to the City’s management and organization. References in this section to Note A, Note B, etc., are to Notes to the Financial Statements contained in the Financial Section of this report.
- The Financial Section contains the Independent Auditor’s Report, Management’s Discussion and Analysis, Basic Financial Statements, Required Supplementary Information, and various other Statements and Schedules pertaining to the City’s funds and activities.
- The Statistical Section contains numerous tables of financial and demographic information. Much of this information is shown with comparative data for the ten-year period from 1995 through 2004. Also in this section are data necessary to meet the disclosure requirements of Rule 15c2-12(b)(5)(i)(C) and (D) of the Securities and Exchange Commission (SEC).
- The Single Audit Section, in accordance with the federal Single Audit Act of 1996, includes the following:
  - Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance With *Government Auditing Standards*
  - Independent Auditors' Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and Schedule of Receipts and Expenditures of Federal, State, and County Awards
  - Schedule of Receipts and Expenditures of Federal, State, and County Awards
  - Notes to Schedule of Receipts and Expenditures of Federal, State, and County Awards
  - Schedule of Findings and Questioned Costs

**The reporting entity:**

Columbus was first organized as a borough in 1816 and subsequently became a city on March 3, 1834. The City is a home-rule municipal corporation operating under the laws of Ohio. The City’s Charter, its constitution, can only be amended by a majority of the City’s voters. It has been amended many times since its original adoption in 1914, most recently on November 2, 1999. The laws of the State of Ohio prevail when conflicts exist between the Charter and the state constitution and in matters where the Charter is silent.

Columbus, Ohio’s capital city, is located in the central part of the state, approximately 150 miles south of Cleveland and 110 miles northeast of Cincinnati. The City’s elevation is approximately 777 feet above sea level. Inter and intra state highways I-70, I-71, I-270, and I-670 serve as some of the City’s major transportation arteries. The Ohio State University, with 50,731 students on its Columbus campus, is located near the center of the City. Columbus was ranked as the nation’s 15th largest city as a result of the 2000 census.

Some comparative data for Ohio’s six largest cities follow. Population estimates for 1980, 1990, and 2000 are from the U.S. Bureau of Census. The Mid Ohio Regional Planning Commission estimates Columbus’ population at 754,876 at December 31, 2004. The respective cities’ management provided area data as of December 31, 2004.

<u>City</u>	<u>Area</u>	<u>Population</u>		
	<u>2004</u>	<u>2000</u>	<u>1990</u>	<u>1980</u>
Columbus	224.2 sq. mi.	711,470	632,910	565,021
Cleveland	77.9 sq. mi.	478,403	505,616	573,822
Cincinnati	78.8 sq. mi.	331,285	364,040	385,410
Toledo	84.3 sq. mi.	313,619	332,943	354,635
Akron	62.4 sq. mi.	217,074	223,019	237,177
Dayton	56.3 sq. mi.	166,179	182,044	193,536

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity* and Statement No. 39, *Determining Whether Certain Organizations are Component Units*. On this basis, the reporting entity of the City includes the following services to its citizens as authorized by its charter: public service (refuse collection, street engineering and construction, traffic engineering and parking, etc.), public safety (fire, police, etc.), development, health, recreation and parks, and public utilities. In addition, the City owns and operates four enterprise activities: a water system, a sanitary sewer system, a storm sewer and drainage system, and an electricity distribution system; financial activities for which are contained in this report. Water and sanitary sewer services are metropolitan in nature and reach far beyond the City's corporate boundaries. The City does not operate schools or hospitals, nor is it responsible for public assistance programs.

Other entities included in this report and further explained in Notes A, Q and R are:

Joint Ventures:

- Columbus Regional Airport Authority
- The Franklin Park Conservatory Joint Recreation District
- Columbus/Franklin County Affordable Housing Trust Corporation

Component Units:

- Columbus Urban Growth Corporation
- The RiverSouth Authority

Information regarding reporting standards and bases of accounting used in the preparation of the City's financial statements can be found in Note A – *Summary of Significant Accounting Policies* in Notes to the Financial Statements.

### ECONOMIC CONDITIONS AND EMPLOYMENT

The traditional stability of the City's economy continued to be tested in 2004. Average annual unemployment rates (4.8%) for 2004 continued to be well below the State of Ohio (6.0%) and the United States (5.5%) rates. The following data from the Ohio Department of Job and Family Services is a five-year history of unemployment rates for Franklin County (by month) and the Annual Average Rates for Franklin County, the State of Ohio, and the United States.

	Unemployment Rates				
	(% , except for Average Columbus MSA employment base)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Franklin County:					
January	5.0	4.8	4.0	2.6	2.5
February	4.9	5.0	4.2	2.4	2.7
March	4.7	5.0	4.4	2.2	2.6
April	4.7	4.8	4.3	2.1	2.2
May	4.6	5.0	4.5	2.3	2.3
June	5.2	5.5	5.0	3.0	2.8
July	4.8	4.8	4.5	2.7	2.4
August	4.8	4.5	4.6	2.9	2.5
September	4.9	4.7	4.8	3.2	2.7
October	5.0	4.2	4.5	3.0	2.4
November	5.0	4.2	4.4	3.3	2.3
December	4.3	4.0	4.1	3.1	2.1
Annual Average Rates:					
Franklin County	4.8	4.7	4.4	2.8	2.4
State of Ohio	6.0	5.9	5.7	4.3	4.1
United States	5.5	6.0	5.8	4.8	4.0
 Average Columbus MSA employment	 845,200	 848,100	 843,900	 850,900	 847,100

The City's General Fund balance (budget basis) reached an all time historic high at calendar year 1999 of \$70.880 million. It declined in 2000 to \$65.838 million, rebounded in 2001 to \$67.216 million, but declined again in 2002 to \$50.368 million and in 2003 to \$39.382 million. In 2004, the General Fund balance (budget basis) increased to \$88.048 million primarily due to the receipt of \$55.1 million from the Solid Waste Authority of Central Ohio (SWACO) for partial satisfaction of lease rental payments, most of which were delinquent, due to the City. This transaction is fully described in Note H.

The City continues to maintain assets within the General Fund designated for future year's expenditures. This portion of the General Fund consists of unencumbered cash in two subfunds contained in the General Fund. These subfunds, available for General Fund purposes at the discretion of Council, are the Economic Stabilization Fund (the "rainy day" fund) and the Anticipated Expenditure Fund. Council

determined in 1994 that the Economic Stabilization Fund is entitled to a proportionate share of interest earnings from the City's investment pool described in this letter under Cash Management and in Note C. The amounts in these subfunds over the last ten years follow:

Year Ended	Budget Basis (in thousands)			Total General Fund
	Undesignated subfund	Economic stabilization subfund	Anticipated expenditures subfund	
1995	\$ 25,245	\$ 10,022	\$ 1,050	\$ 36,317
1996	18,064	11,725	1,800	31,589
1997	26,000	13,515	2,550	42,065
1998	37,949	22,583	8,920	69,452
1999	37,557	23,807	9,516	70,880
2000	30,811	25,250	9,777	65,838
2001	29,794	26,870	10,552	67,216
2002	11,060	28,006	11,302	50,368
2003	8,958	18,372	12,052	39,382
2004	21,678	53,568	12,802	88,048

The Economic Stabilization Fund was established in 1988. The first usage of the fund occurred in 2003. The Anticipated Expenditure Fund was established in 1994.

Employment in the Greater Columbus Area continues to be service oriented. Eight of the eleven (11) largest employers in the Columbus area are government or government-oriented (the State of Ohio, The Ohio State University, United States Postal Service, Defense Supply Center – Columbus, Defense Finance and Accounting Service – Columbus, Columbus Public Schools, City of Columbus, and Franklin County). The fifty largest employers in the Greater Columbus area are shown in the Statistical Section of this report. These major employers, representing government, insurance, public utilities, manufacturing, retail, banking, research, medical, and services, provide a broad and diverse employment base.

**Employee relations:**

The City's employee relations are established largely in association with the following labor organizations:

- American Federation of State, County, and Municipal Employees (AFSCME), Locals 1632 and 2191. ([www.afscme.org](http://www.afscme.org))  
 AFSCME has approximately 2,320 members among the City's 4,954 civilian employees. AFSCME has, however, bargaining rights for approximately 2,665 of these employees. The current labor agreement between the City and AFSCME was effective April 1, 2005 and continues through March 31, 2008.
  
- Fraternal Order of Police (FOP) ([www.fop9.org](http://www.fop9.org))  
 FOP has bargaining rights for all of the City's police officers except for the chief and his five deputy chiefs. Of the City's 1,842 police officers, 1,767 are members of the FOP. The contract between the City and FOP has an expiration date of December 3, 2005.
  
- International Association of Firefighters (IAFF) ([www.iaff.org](http://www.iaff.org))  
 IAFF has bargaining rights for all the City's firefighters except for the chief and one of his five assistant chiefs. Membership in the IAFF includes 1,510 of a total 1,546 firefighters. The current contract was effective June 1, 2004 and continues through May 31, 2007.

- Columbus Municipal Association of Government Employees; Communication Workers of America, Local 4502 (CMAGE/CWA).

CMAGE/CWA has approximately 860 members and has bargaining rights for approximately 1,206 of the 4,954 civilian employees. The current contract was effective August 24, 2002 and continues through August 23, 2005.

Under Ohio's Collective Bargaining Act, if members of the police or fire division cannot reach agreement with the City they "shall submit the matter to a final offer settlement procedure." This requirement of Ohio law is referred to as a "no-strike" or "binding arbitration" provision. Other employees are permitted to strike under Ohio law after giving proper notification.

## MAJOR INITIATIVES

### Current Projects and Service Efforts and Accomplishments

#### Cost containment efforts

The City continues its cost containment efforts, particularly in light of the modest economic improvement in the region. Expenditures and transfers out of the General Fund in 2004; \$543,021 million (GAAP); were only 2.35% more than the comparable expenditures and transfers out in 2003 of \$530,552.

This cost containment resulted primarily from personnel reductions. The number of civilian employees of the City; not police officers or firefighters; at December 31, 2004 was 4,954; 199 less than the 5,153 at December 31, 2003 and 470 less than the 5,424 at December 31, 2002. The following table demonstrates the decline in hours worked, fulltime equivalent employees based on a 2,080 hour work year and changes since 2001.

	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
Hours worked (in thousands):				
General Fund (includes police and fire)	11,253	11,687	12,180	12,593
Health funds	646	830	875	905
Recreation and parks funds	1,276	1,348	1,526	1,592
All other funds	5,217	4,942	4,848	4,665
Total	<u>18,392</u>	<u>18,807</u>	<u>19,429</u>	<u>19,755</u>
Full time equivalent employees:				
General fund (includes police and fire)	5,410	5,619	5,856	6,054
Health funds	311	399	421	435
Recreation and parks funds	613	648	734	765
All other funds	2,508	2,376	2,330	2,243

#### Recreation and Parks Department

The Columbus Recreation and Parks Department works to create and maintain an enjoyable, safe, and healthful environment for residents and visitors. The department also promotes the preservation and wise use of natural resources as well as the enhancement of the local economy through parks, recreation programs, and special events. All of this is accomplished through the department's vision of providing leisure opportunities for all ...something for everyone...naturally.

During 2004, the department raised over \$340,000 in revenue to fund the summer camp programs, reported 23,864 volunteer

instances totaling 190,826 volunteer hours toward projects for the department at a value of approximately \$2.7 million, which is not reflected in the City's financial statements. Approximately 3,100 Columbus children from low-income families were able to participate in the department's fee-based activities with sponsorship and grants received by the department.

Special recognitions throughout the year included receiving the "Tree City Award" for the 25<sup>th</sup> consecutive year, and designation as a regional director with the National Softball Association allowing us to schedule tournaments for youth baseball, girls' fast pitch, and senior men's softball, which will increase revenues for the department. Construction was completed on the Spindler Road Soccer Facility, the \$2.2 million renovation to Beatty Recreation Center, 6.5 miles of multi-use trails, initial construction of North Bank Park along the downtown riverfront and two new recreation centers – Dodge on the near west side and Lazelle Woods on the far north side – both to be completed by the end of 2005, and the addition of 150 acres to the city park system.

Highlights of programming included partnerships to provide recreational opportunities for those with special needs, continued production of "Festival Latino" with an attendance of approximately 300,000 and event sponsorships of approximately \$358,000 and in-kind goods and services of approximately \$326,000, serving more than 6,700 kids in outdoor education camps and programs in conjunction with area schools, celebrating the 50<sup>th</sup> anniversary of the Raymond Memorial Golf Course, and providing over \$42 million in services to older adults and families through the Central Ohio Area Agency on Aging.

### **Columbus Division of Police**

The Division remains dedicated to improving the quality of life in Columbus by enhancing public safety through cooperative interaction with our community and private agencies. In 2004, the Division constantly adapted to meet the needs of our changing society. A new state-of-the-art police academy opened for the 108th recruit class in December 2004. The new academy will likely become a revenue generator by serving as a regional training academy for other agencies. Homeland Security Funds were used to purchase new gas masks and protective gear for all officers. This equipment is essential in providing safety against chemical and toxic hazards.

Drug seizure monies permitted the purchase of 200 tasers for patrol officers. Officers have employed these new tasers to obtain control of dangerous individuals, as opposed to engaging in dangerous physical confrontations or using deadly force. A Community Oriented Policing Services grant of approximately \$2.5 million funded upgraded dispatching consoles and radio equipment for the police communications center. Grant funding will also be used to construct a new North Tower 800 MHz radio tower and to upgrade our five existing main tower sites. These grants have made our goal of implementing interoperability communications in Franklin and surrounding counties possible. In another cooperative funding effort, the city agreed with The Ohio State University to jointly build a neighborhood policing station in The Ohio State University area.

Columbus' overall crime rate continues to be low due to bike patrol, strict traffic enforcement, up-to-date technology, and experienced and well-trained personnel. Our award winning crime lab provides technical and scientific support for investigations involving DNA, narcotics, and ballistics. The lab began working toward a re-accreditation assessment in February 2005. A Crisis Management Team of volunteer patrol officers and sergeants was created to proactively interact with individuals suffering from mental illness. In addition, over 200 citizens graduated from our intensive Safety Academies that teach crime, fire and medical safety procedures, as well as neighborhood and home security measures.

## **PROSPECTS FOR THE FUTURE**

The City of Columbus entered the 21st Century ascending the ranks of America's largest municipalities, with a balanced budget, growing population and economic growth, and a history of strict fiscal management.

These factors allowed the City to weather the national financial downturn, albeit with little spending growth, and, as Columbus enters its Fiscal Year for 2005, the City continues to provide a high level of quality public services.

Columbus' financial stability is due to implementing and managing through a series of policy decisions beginning under the administration of Mayor Jack Sensenbrenner nearly 50 years ago. The policy which promoted stable growth of the City and economy through controlled delivery of services with annexation remains in place to this day and has been supplemented with several new policies which will allow Columbus to continue to thrive into the future.

The first supplemental policy that will assure Columbus financial stability and bring greater developmental balance to the region was the establishment of a dedicated revenue stream to Capital Infrastructure investments through the Special Income

Tax (SIT). One fourth (.50%) of the City's current 2.0% income tax rate is dedicated to a debt service fund for non-enterprise, governmental type capital improvements. This commitment was established in 1956 and has allowed Columbus to make critical investments in growth corridors as well as older core neighborhoods. The use of the SIT for long-term capital investment has also allowed the City to protect its "Triple A" credit rating, saving taxpayers millions of dollars.

The second supplemental policy was the dedication of a stream of revenue through the Hotel Bed Tax to invest into the Affordable Housing Trust Fund. This long-term commitment has been joined by Franklin County, and has added millions of dollars to invest in creating more quality, affordable housing for residents. Enabling more families to buy homes or rent affordable apartments allows for greater neighborhood investment and is helping stabilize the housing stock in many areas which had seen a generation of disinvestment.

The third supplemental policy is truly innovative, as the Administration of Mayor Michael B. Coleman works to implement Pay as You Grow in Columbus' key growth corridors on the northwest, southeast, and northeast corners of the City. These policies were put in place as the City and region prepare for continued population growth. By establishing growth plans and early investment standards requiring private development to fund critical infrastructure needs, the City will both reduce the burden on the existing capital budget and ensure that new growth areas create added revenue to invest into older neighborhoods. Too many cities have seen growth and development drain resources from core neighborhoods, or waited years before the infrastructure could be built to catch up with residential and commercial growth. The Pay as You Grow policies will allow new neighborhoods to be built at the same time as the needed infrastructure of roads, schools, parks, and safety services are developed. The policy will also ensure that all parties in the new development pay their fair share for the cost of the infrastructure and City operations. Such policies are designed to allow for Columbus to continue its stable and sustainable growth.

Administrations, Councils, and the actively engaged civic organizations from across the City have been partners in building Columbus for the 21st Century, and these responsible policies will continue to ensure the City's economic success for future generations.

At this time, Columbus continues to operate with more than \$50 million in the City's Economic Stabilization (Rainy Day) Fund, a component of the City's General Fund. Unemployment continues to be low compared to the State and similar cities, and Columbus is aggressively working to attract new businesses, jobs, and private investment into growth corridors and downtown. Stability of the City's workforce, due to its high government, education, and other service-oriented employment sectors, would indicate a continuance of stable employment. While the public and private sectors continue to offer economic opportunities, Columbus also is home to an educational infrastructure that will allow it to be a leader in future innovation and job development, including The Ohio State University, Columbus State Community College, Ohio Dominican University, Franklin University, Otterbein College, DeVry Institute, Columbus College of Art and Design, Capital University, and others.

## **FINANCIAL INFORMATION**

### **Accounting system and budgetary control:**

The City's Charter states that the Mayor and the Auditor, officials separately elected and independent of each other, shall supervise all departmental expenditures and shall keep such expenditures within appropriations. The Auditor performs a pre-audit of the City's expenditures. Post-audits are performed by independent certified public accountants, not only of the City's financial activities, but also of grant monies expended by various private and quasi-public agencies acting as subgrantees of the City.

The Charter mandates other checks and balances. The most important of these, as it relates to the City's financial stability and credit worthiness, states that no contract, agreement, or other obligation involving the expenditure of money shall be entered into, nor shall any legislation be passed by the Council, unless the Auditor first certifies that money required for the obligation is in the Treasury to the credit of the fund from which the expenditure is to be paid, or is in the process of collection. The City's fiscal accounting system also provides for checks and balances between the Auditor and the Treasurer.

Budgetary control is maintained at Object Level One for each division within each fund via legislation approved by the Council. The various objects are:

01	Personal services	05	Other
02	Materials and supplies	06	Capital outlay
03	Contractual services	07	Interest on debt
04	Debt principal payments	10	Transfers

Lower object levels two and three are accounted for and reported internally. Estimated amounts must be encumbered prior to release of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level one appropriation are not approved unless additional appropriations are authorized. Except for Capital Projects Funds and grants (initial appropriations continue until expended or modified by Council), unencumbered appropriations lapse at the end of each fiscal (calendar) year.

The City's management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met.

The Council authorizes appropriations, both original and supplemental. Appropriations are further explained in Notes to Required Supplementary Information.

**Internal controls:**

Internal controls begin with separation of powers; separately elected officials such as Mayor, Council, City Attorney, and City Auditor. A structure of departments and divisions where duties are separated to the extent practicable also provides controls. An independent Civil Service Commission establishes hiring (and firing) policies for classified employees. Disbursements by the Treasurer can only be pursuant to a warrant of the City Auditor. Warrants can only be issued pursuant to written authorization of a department director. These and other control features are prescribed by the City's Charter.

**General Fund:**

The growth in both population and land area that the City experiences continues to exert demands for its services. The General Fund balance at December 31, 2004 equates to 19.2% (GAAP) of expenditures and transfers out for 2004. A five-year comparison of its General Fund activity follows. Five-year comparisons, as compared to a shorter period, will assist the reader in more meaningful analyses. The revenues, expenditures, and changes in fund balance shown in these comparisons are presented on the modified accrual basis of accounting as applicable to government.

**Revenue narrative:**

Brief descriptions of the City's major revenue components follow.

**Income taxes:**

The City's income tax continues to be its primary source of revenue. The tax applies to all wages, salaries, commissions, and other compensation paid by employers and/or the net proceeds from the operation of a business, profession, or other enterprise activity. The initial tax rate of .5%, collected in 1948, was increased to 1% in 1956, 1.5% in 1971, and to the current 2% in 1983. Income tax rates of cities and villages within the State of Ohio are limited to a maximum of 1%, unless specifically approved by a majority of the resident voters of the respective city or village. There are 567 cities and villages within the State of Ohio that now levy a local income tax. Rates range from .30% to 3.00%.

Local school districts in the State of Ohio are also permitted to levy an income tax, but only with the approval of a majority of voters within the district. Ohio has 611 school districts; 145 have an income tax. Rates range from 0.5% to 2.0%.

Approximately 84.6% of the City's income tax collected in 2004 was via employers withholding the tax from employees' earnings and remitting the tax to the City on a statutorily prescribed schedule. Approximately 10.4% of collections originated from business accounts and 5.0% from independently employed individual taxpayers. Depending on the amount withheld, employers must remit to the City on a semi-monthly, monthly, or quarterly frequency, with the largest amounts being remitted semi-monthly.

One quarter of the revenue from this tax is accounted for in a Debt Service Fund and is primarily used for servicing debt pertaining to non-enterprise type capital improvements. Tipping fees for disposal of garbage collected by the City are also paid from this fund on the City's budget basis of accounting. On the modified accrual basis of accounting, such tipping fee amounts are transferred to the General Fund and expended as public service expenditures. Three-quarters of income tax revenues are used for General Fund purposes. Income tax revenues on the budget basis represent 2004 collections of \$465.7 million less refunds of \$11.7 million for a net amount of \$454.0 million.

Beginning in 2002 the City began designating certain collections to defray collection agency fees on delinquent accounts. Income tax revenues on the modified accrual basis of accounting, net of refunds, were \$458.819 million and are reported in the following funds:

(in thousands)

<u>Fund</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
General	\$ 343,982	329,077	326,612	326,259	315,610
General Bond Retirement	89,192	97,325	90,837	94,439	87,335
Special Income Tax	25,470	12,368	18,060	14,288	17,867
Other governmental-special revenue	175	223	58	-	-
Total	<u>\$ 458,819</u>	<u>438,993</u>	<u>435,567</u>	<u>434,986</u>	<u>420,812</u>
% increase (decrease) over prior year	4.52	.79	.13	3.37	2.40 %

A ten-year history of the income tax revenue and cash collections, net of refunds, appears in the Statistical Section of this report. The City acts as collection agent for 7 other cities and villages in the central Ohio area. Fees collected by the City for these services totaled \$348,485 in 2004, and are accounted for in the General Fund as charges for services.

**Property taxes:**

Property taxes in Ohio are levied and collected by its 88 counties. The City lies partially within three of these counties: Franklin, Fairfield, and Delaware. After collection, the counties distribute portions of these taxes to the political subdivisions (school districts, cities, villages, townships, etc.) located within their geographic borders. Property taxes for the City represent a tax rate of approximately 3.14 mills (\$3.14 per \$1,000 of taxable valuation) applied to the assessed value of property located in the City. Assessed values represent approximately 35% of appraised values. This rate, 3.14 mills, has remained unchanged since 1956.

Increases in this rate can only occur with approval of the City's voters. Revenues from property taxes are used for General Fund operations, including a partial provision, 0.60 mills, for current police and fire pension costs. Revenues produced by this millage for the General Fund were:

	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
General Fund	\$ 45,891	45,660	41,520	40,881	39,049
% increase (decrease) from prior year	.51	9.97	1.56	4.69	13.50 %

Assessed values of taxable property at December 31, 2004 within the City, in the counties in which the City is located, were as follows:

	(in thousands)
Franklin	\$ 14,380,777
Fairfield	134,760
Delaware	<u>203,732</u>
Total	\$ <u>14,719,269</u>

Total assessed values in the City over the past ten years are shown below. Values of Franklin, Fairfield, and Delaware counties are included in years where applicable.

<u>Fiscal Year</u>	<u>For Tax Collection In Fiscal Year</u>	<u>Assessed Value (in thousands)</u>	<u>% Increase From Prior Year</u>
1995	1996	\$ 9,483,390	2.34 %
1996	1997	10,130,785	6.83
1997	1998	10,483,853	3.49
1998	1999	10,972,327	4.66
1999	2000	12,397,530	12.99
2000	2001	12,939,074	4.37
2001	2002	13,107,854	1.30
2002	2003	14,551,080	11.01
2003	2004	14,488,874	(.43)
2004	2005	14,719,269	1.59

Property assessed values steadily increased over the period 1995 to 2002, with larger increases evident every three years. These three-year increases result from comprehensive reappraisals of property that take place every six years, and less formal triennial updates that occur the third year in between the six year reappraisals. Six-year reappraisals took place in 1999, with the resulting increases in property tax collections occurring in 2000. In 1996 and 2002 triennial updates occurred. Property taxes levied in 2004 but not collectible until 2005 are accounted for in the General Fund as accounts receivable and deferred revenue at an estimated amount of \$45.8 million.

The decline in total assessed values for collections in 2004; shown in detail in Table 7 in the Statistical Section of this report; is due to legislated declining assessed values, as a percent of appraised values, of personal property. Personal property is defined as equipment and inventory used in business. Real property, land and buildings, assessed value for tax collection in 2004 continued to increase; by 2.39%. Personal property assessed values declined again for collections in 2005 by approximately \$82 million or 5.4%, while real property, land, and buildings assessed values increased by approximately \$236 million.

Additional data on property values and taxes appear in the Statistical Section of this report.

**Investment earnings:**

The City's investment policies are discussed in Note C. This source of revenue is not conducive to year-to-year comparisons. Investment earnings are only deposited to the General Fund after all statutorily directed earnings are deposited to the appropriate funds: enterprise funds, grant funds, etc. Earnings for the past five years have been:

<u>Funds</u>	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
General	\$ 6,754	7,783	13,260	27,060	32,745
General Bond Retirement	65	57	81	125	244
Special Income Tax	-	-	-	108	-
Other governmental	469	356	854	2,086	3,253
Total governmental funds	<u>7,288</u>	<u>8,196</u>	<u>14,195</u>	<u>29,379</u>	<u>36,242</u>
Enterprise	<u>2,340</u>	<u>2,975</u>	<u>6,393</u>	<u>8,024</u>	<u>7,544</u>
Total	<u>\$ 9,628</u>	<u>11,171</u>	<u>20,588</u>	<u>37,403</u>	<u>43,786</u>

**Licenses and permits:**

Licenses and permits are issued by the City to regulate activities related to building, health, and other business enterprises. Over the past five years, revenues in the General Fund resulting from licenses and permits amounted to:

	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Amount	\$ 2,090	957	1,150	11,538	10,700
% increase (decrease) from prior year	118.39	(16.78)	(90.03)	7.83	(10.62) %

Effective January 1, 2004 all license fees administered by the City's department of Public Safety were increased to more fully cover related costs. These fee increases resulted in a \$1.1 million increase in revenue in the licenses and permits line item.

Beginning in 2002, revenues and expenditures of the Building Services division of the Department of Development have been accounted for in a nonmajor governmental (special revenue) fund. Prior to 2002 this activity was accounted for in the General Fund. The activity is now intended to be self sustaining with no other support from the General Fund.

**Shared revenues:**

Shared revenues in the General Fund include the taxes listed below which are levied and collected by the state or counties and partially redistributed to the City and other political subdivisions. Provided below is a five-year history of the City's share of these revenues as reported in the governmental fund financial statement on the modified accrual basis of accounting.

	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
State income, sales, corporate franchise, and public utility taxes:					
Local government fund	\$ 42,979	43,075	43,677	46,881	44,867
Local government revenue assistance fund	3,830	3,830	3,879	4,080	3,984
Estate tax	8,031	9,272	8,105	9,972	12,125
State liquor fees	1,052	960	982	964	968
Cigarette tax and other	32	33	36	35	38
Total	<u>\$ 55,924</u>	<u>57,170</u>	<u>56,679</u>	<u>61,932</u>	<u>61,982</u>
% increase (decrease) from prior year	(2.18)	.87	(8.48)	(.08)	9.39 %

The decline in revenues from the 2000 levels of the Local government fund and the Local government revenue assistance fund is directly attributable to effects of the nationwide and Ohio-wide economic recession, thereby reducing the level of support from the state of Ohio to its cities.

**Charges for services:**

The City performs certain services for its citizens and other municipalities for which it charges various amounts. These services include impounding, storing and selling abandoned autos; fire and police protection provided to certain suburbs; parking meter fees; and various other services. Additionally the City's General Fund allocates certain citywide costs initially borne by the General Fund to certain other funds. These costs (pro rata charges) are allocated by charging certain other funds a statutorily approved rate of 4 1/2%, as determined by the City's most recent cost allocation plan, of their gross revenue.

These revenues in the General Fund over the past five years have produced:

	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Parking meters and fees	\$ 3,121	3,125	3,394	3,413	3,199
City Attorney charges	1,089	1,067	739	707	683
City Auditor charges	348	421	580	573	593
Police services	4,722	4,963	4,039	3,361	3,179
Fire services	9,613	6,612	1,913	1,840	1,760
Pro rata charges	17,250	16,433	16,352	15,402	14,912
All other	1,489	1,340	777	1,462	2,773
Total	<u>\$ 37,632</u>	<u>33,961</u>	<u>27,794</u>	<u>26,758</u>	<u>27,099</u>
% increase (decrease) from prior year	10.81	22.19	3.87	(1.26)	10.97 %

Police services in 2004 include \$651 thousand received from the local public school district for special police services in schools; this revenue was first received in 2003 in the amount of \$1.035 million.

Fire services representing charges for emergency medical transportation services were \$7.548 million (\$7.520 million collected) and \$4.619 million (\$3.573 million collected) in 2004 and 2003, respectively; 2003 was the first year for such revenue.

**Fines and forfeits:**

These revenues consist of fines and forfeits imposed by the Franklin County Municipal Court, and parking tickets issued by the City's parking violation's bureau. Increased "prices" for parking tickets and various fines in 2002 resulted in the significant increase in this revenue source during 2002 and 2003.

	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Fines and forfeits	\$ 12,091	11,470	10,656	8,804	8,382
Parking ticket revenue	5,660	5,621	4,866	4,120	4,209
Total	<u>\$ 17,751</u>	<u>17,091</u>	<u>15,522</u>	<u>12,924</u>	<u>12,591</u>
% increase (decrease) from prior year	3.86	10.11	20.10	2.64	0.98 %

**Miscellaneous:**

Miscellaneous revenues in the General Fund on the modified accrual basis of accounting consist of the following:

	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
SWACO rent	\$ 61,758	-	-	-	-
Electricity kilowatt tax	3,265	-	-	-	-
Hotel/motel taxes	2,875	2,804	2,707	2,735	3,764
Refunds and reimbursements	3,008	1,206	5,755	2,266	7,146
Other	149	1,435	113	650	324
Total	<u>\$ 71,055</u>	<u>5,445</u>	<u>8,575</u>	<u>5,651</u>	<u>11,234</u>

On May 4, 2004, the City received \$55.1 million from the Solid Waste Authority of Central Ohio (SWACO). These monies resulted from a bond issue by SWACO and have been paid to the City in partial satisfaction of lease rental payments due the City as fully described in

Note H. In prior years, revenue recognition on the receivable from SWACO was deferred due to the uncertainty of collection. SWACO is a separate and distinct political subdivision of the State of Ohio. Its primary task is to dispose of garbage. As fully described in Note H, SWACO leased, in 1993, a trash burning power plant from the City. After the plant's closure in 1994 SWACO became in arrears in lease payments to the City. These monies have been deposited in the Economic Stabilization component (rainy day fund) of the City's General fund and are included in miscellaneous revenue in 2004.

Refunds and reimbursements in 2004, 2002, and 2000 include refunds from the Ohio Bureau of Workers' Compensation. Proportionate shares of the refund were returned to the respective funds from which the premium had been paid.

Expressed as percentages of total revenues, the major General Fund revenue components over the past five years are:

	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>	
Income taxes	59.2	66.2	66.5	63.6	61.8	%
Property taxes	7.9	9.2	8.5	8.0	7.6	
Investment earnings	1.1	1.6	2.7	5.3	6.4	
Licenses and permits	.4	.2	.2	2.2	2.1	
Shared revenues	9.6	11.5	11.5	12.1	12.1	
Charges for services	6.5	6.8	5.7	5.2	5.3	
Fines and forfeits	3.1	3.4	3.2	2.5	2.5	
Miscellaneous	12.2	1.1	1.7	1.1	2.2	
Total revenue	<u>100.0</u>	<u>100.0</u>	<u>100.0</u>	<u>100.0</u>	<u>100.0</u>	%

**Transfers in narrative:**

Transfers in for 2004 include \$11.318 million transferred from the Special Income Tax Debt Service Fund representing tipping fees expended therefrom on the City's budget basis of accounting. Tipping fee costs appear as public service expenditures. Transfers in also include \$1.731 million transferred from the Special Income Tax Debt Service Fund for the purchase of helicopters, which have been included as capital outlay expenses in the General Fund for GAAP reporting.

**Expenditure narrative:**

The practice of transferring monies from the General Fund to the Health Department Fund and the Recreation and Parks Fund, both Special Revenue Funds, is a method used annually by the City to provide resources to these funds. It is appropriate, therefore, to consider transfers out in the following analysis of the General Fund. After combining transfers out with expenditures, the major General Fund components over the past five years are:

	(in thousands)					
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>	
General government	\$ 59,769	61,776	67,059	65,781	58,116	
Public service	46,393	47,816	51,411	54,860	49,003	
Public safety	379,067	360,893	352,147	339,129	319,831	
Development	15,600	16,497	20,486	29,800	27,165	
Capital outlay and other	2,516	2,041	3,541	3,181	7,552	
Total expenditures	<u>503,345</u>	<u>489,023</u>	<u>494,644</u>	<u>492,751</u>	<u>461,667</u>	
Health	17,004	16,204	17,420	19,499	20,560	
Recreation	22,352	25,122	27,167	29,760	29,586	
Other (transfers out)	320	203	2,810	3,242	4,028	
Total transfers out	<u>39,676</u>	<u>41,529</u>	<u>47,397</u>	<u>52,501</u>	<u>54,174</u>	
Total	<u>\$ 543,021</u>	<u>530,552</u>	<u>542,041</u>	<u>545,252</u>	<u>515,841</u>	
% increase (decrease) from prior year	<u>2.35</u>	<u>(2.12)</u>	<u>(.59)</u>	<u>5.70</u>	<u>8.85</u>	%

**Transfers out narrative:**

The City's General Fund provides financial support to its Health department (\$17.004 million) and to its Recreation and Parks operations (\$22.352 million). Financial activity of these services is primarily accounted for in Other Governmental Funds. Total expenditures reported in the fund financial statements for these services were \$36.640 million for the Health Department and \$77.450 million for the Recreation and Parks Department.

Expressed as percentages, the General Fund expenditures and transfers out over the past five years are:

	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
General government	11.0	11.6	12.4	12.0	11.3 %
Public service	8.5	9.0	9.5	10.0	9.5
Public safety	69.8	68.0	65.0	62.2	62.0
Development	3.1	3.1	3.8	5.5	5.3
Capital outlay and other	.4	.5	.6	.6	1.4
Total expenditures	<u>92.8</u>	<u>92.2</u>	<u>91.3</u>	<u>90.3</u>	<u>89.5</u>
Health (transfers out)	3.1	3.1	3.2	3.6	4.0
Recreation and parks (transfers out)	4.1	4.7	5.0	5.5	5.7
Other (transfers out)	-	-	.5	0.6	0.8
Total transfers out	<u>7.2</u>	<u>7.8</u>	<u>8.7</u>	<u>9.7</u>	<u>10.5</u>
Total	<u>100.0</u>	<u>100.0</u>	<u>100.0</u>	<u>100.0</u>	<u>100.0 %</u>

Public safety, primarily police and fire services, continues to be the dominant expenditure function of the General Fund.

Expenditures by function in the General Fund represent the following City divisions:

**General government:**

- Mayor
- City Council
- City Treasurer
- Parking Violations Bureau
- City Attorney
- City Auditor
- Income Tax
- Municipal Court Judges
- Municipal Court Clerk
- Civil Service Commission
- Community Relations Commission
- Equal Business Opportunity Director
- Office of Education
- Finance Director
- Purchasing
- Human Resources
- Technology Director
- Information Services
- Telecommunications

**Public service:**

- Service Director
- Facilities Management
- Fleet Management
- Refuse Collection

**Public safety:**

- Safety Director
- Support Services (Communications)
- Fire
- Police

**Development:**

- Development Administration
- Economic Development
- Neighborhood Services

**Capital Outlay:**

- Expenditures for capital assets with estimated useful lives of five years or more.

**Health**

- General Fund monies of \$17.004 million were transferred to the Health Department in 2004.

**Recreation and parks:**

- General Fund monies of \$22.352 million were transferred to the Recreation and Parks Department in 2004.

**General Fund balances:**

The City is required to maintain accounting records on a budget basis, as explained earlier in this letter. The Budgetary Comparison Schedule – General Fund presented as Required Supplementary Information immediately following the notes to the financial statements show the actual results of the budgeted general fund for 2004. A contrast in the two accounting methods and their impact on General Fund balances is shown below. A reconciliation between the General fund changes in fund balance on the budget basis versus the modified accrual basis is also presented on the Budgetary Comparison Schedule for 2004.

General Fund balances at December 31,	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
			(in thousands)		
<b>Budget Basis:</b>

Total fund balance	<u>\$ 104,243</u>	<u>53,130</u>	<u>58,858</u>	<u>95,365</u>	<u>111,913</u>

**Grants and subsidies:**

Grants and subsidies received by the City are accounted for in the Special Revenue Funds and Capital Projects Funds. The five-year history of the City's grants and subsidies reported on the modified accrual basis of accounting follow.

<u>Funds</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
			(in thousands)		
Special Revenue	\$ 96,655	79,588	76,130	69,923	52,134
Capital Projects	<u>14,254</u>	<u>7,404</u>	<u>5,262</u>	<u>7,157</u>	<u>4,233</u>
Total	<u>\$ 110,909</u>	<u>86,992</u>	<u>81,392</u>	<u>77,080</u>	<u>56,367</u>
% increase (decrease) from prior year	27.5	6.9	5.6	36.7	5.19 %

Certain significant grants received by the City in 2004 are shown below.

	(in thousands)
• Medical Assistance Program (PASSPORT) via the Ohio Department of Aging – CFDA 93.778	\$ 28,905
• Community Development Block Grant - non Loan Program via U.S. Department of Housing and Urban Development - CFDA 14.218	10,600
• Freeway Management and Highway Planning & Construction via Ohio Department of Transportation – CFDA 20.205	9,787
• Empowerment Zones Program via U.S. Department of Housing and Urban Development – CFDA 14.244	5,570
• State of Ohio ADA Curb Ramps	3,781
• Women's, Infants and Children Program via U.S. Department of Agriculture - CFDA 10.557	3,599

**Capital assets:**

Capital assets are defined by the City as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of five years. Capital assets, which include property, plant and equipment, and infrastructure (e.g. roads, curbs, and gutters, streets and sidewalks, and drainage systems) are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960).

Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) is included as part of the governmental capital assets reported in the government-wide statements. Contributed capital assets are recorded at their market value at the time of contribution. Capital assets are further described in Note F.

**Enterprise funds:**

The City operates four enterprise activities: a Water system, a Sanitary Sewer system, a Storm Sewer system, and an Electricity distribution system, which are accounted for in separate enterprise funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the City intends that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City accounts for its enterprise funds on the full accrual basis of accounting.

Following are the annual charges and rate increases (decreases) for the average Columbus resident/user of water and sewers over the last ten years. An average Columbus resident/user is defined as a customer using 12,000 cubic feet of water annually. Water and sanitary sewer charges are designed to provide resources for both capital and operating costs. Storm sewer charges are designed to provide resources for storm sewer operating costs (maintenance) and certain, but not all, capital costs.

<u>Year</u>	<u>Water</u>		<u>Sanitary Sewers</u>		<u>Storm Sewers</u>		<u>Total</u>		<u>Moving ten year %</u>
	<u>Annual charge</u>	<u>% increase (decrease)</u>	<u>Annual charge</u>	<u>% increase (decrease)</u>	<u>Annual charge</u>	<u>% increase (decrease)</u>	<u>Annual charge</u>	<u>% increase</u>	
1996	\$ 168.12	3.7	\$ 224.35	3.0	\$ 19.68	(32.8)	\$ 412.15	0.7	83.6
1997	173.16	3.0	231.10	3.0	19.68	0.0	423.94	2.9	84.2
1998	179.64	3.7	228.70	(1.0)	19.68	0.0	428.02	1.0	85.9
1999	183.36	2.1	228.60	0.0	19.68	0.0	431.64	0.8	79.4
2000	183.36	0.0	228.60	0.0	26.52	34.8	438.48	1.6	68.9
2001	183.36	0.0	228.60	0.0	29.88	12.7	441.84	0.8	46.3
2002	183.36	0.0	228.60	0.0	32.70	9.5	444.66	0.6	30.8
2003	192.60	5.0	240.12	5.0	34.35	5.0	467.07	5.0	26.1
2004	206.52	7.2	262.92	9.5	36.14	5.2	505.58	8.2	26.7
2005	221.52	7.3	288.12	9.6	38.43	6.4	548.07	8.4	33.9

The City's enterprises are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City's Council has the necessary authority to establish appropriate user rates when needed. The rates are reviewed and established by the Council annually. The frequency and amounts of rate setting authority lies solely with the City's Council.

**Water:**

The City's Water enterprise serves the residents of the City and the majority of suburban communities in the Columbus vicinity. The population of the service area is estimated in excess of one million persons. The Water enterprise serves 264,341 customer accounts, owns and maintains 2,521 miles of water mains primarily within the City and maintains an additional 827 miles of mains beyond the City's borders.

The City obtains its raw water supply from rivers, reservoirs, and wells. The enterprise conducted a regional water resource project titled *Water Beyond 2000* which is used as a guide to develop additional water supply, treatment facilities, and distribution components as dictated by increasing demand. Future supply requirements will be addressed through a combination of demand management efforts and construction of upground reservoirs along the Scioto River north of the City. All necessary land for the upground reservoirs has been purchased.

The Water enterprise operates three treatment plants. A summary of the historical pumpage over the last five years follows:

	(in millions of gallons)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Minimum day	116	110	111	109	119
Maximum day	191	189	216	203	184
Average day	142	141	146	143	139
Total year's pumpage	51,829	51,393	53,298	52,038	51,037

The enterprise operates one of the most sophisticated water laboratories in the nation. The lab has maintained its EPA certification continually since the certification process began in 1976 pursuant to the Safe Drinking Water Act of 1974. On a semiannual basis, the lab must conduct various water study sample tests. The certification covers both equipment and personnel and represents a measure of quality performance. The staff is fully supported with state of the art equipment. Their primary responsibility is to assure that the Water enterprise is, and will remain, in compliance with all federal, state, and local requirements.

A five-year comparison of certain Water enterprise data is shown below. Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

	(in thousands, except for number of employees)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Assets	\$ 473,784	450,598	471,463	447,038	433,298
Net assets	182,168	169,843	165,087	156,901	147,990
Operating revenues	106,494	94,167	97,650	96,488	93,803
Operating expenses	(83,392)	(79,673)	(80,109)	(78,679)	(72,781)
Operating income	23,102	14,494	17,541	17,809	21,022
Nonoperating					
Investment income	1,038	1,075	2,323	4,018	2,106
Interest expense	(12,343)	(12,113)	(11,742)	(12,451)	(14,363)
Other, net	528	74	64	(465)	69
Transfers in	-	1,226	-	-	-
Change in net assets/net income	12,325	4,756	8,186	8,911	8,834
Number of employees	533	547	539	544	547

All bonds of the Water enterprise are paid from Water enterprise revenues.

## Sanitary Sewers:

The City's Sanitary Sewer enterprise also serves the metropolitan area with approximately 260,470 customer accounts, both residential and commercial. Included in the total sewer system are 2,782 miles of sanitary sewers, 2,537 miles of storm sewers, and 167 miles of combined sanitary/storm sewers. The costs and related financial activities of sanitary and combined sewers are accounted for in the Sanitary Sewer Enterprise Fund.

The Sanitary Sewer enterprise operates two treatment plants. During 2004 treatment data was as follows.

	(millions of gallons per day)		
	Southerly <u>Plant</u>	Jackson <u>Pike Plant</u>	<u>Total</u>
Minimum day	58.6	30.3	88.9
Maximum day	220.5	108.0	328.5
Average day	104.2	82.9	187.1
Maximum capacity	200.0	110.0	310.0

When the Jackson Pike plant reaches capacity the excess automatically flows through connectors to the Southerly plant. The Southerly plant has a design capacity that allows gallons treated to exceed, by approximately 20%, the maximum longer term sustainable maximum capacity for shorter periods of time. In 2004 gallons treated on eight days; 1/4, 1/5, 1/6, 2/6, 3/30, 3/31, 4/14, and 12/31, exceeded the longer term sustainable capacity, with 1/4 being the maximum treatment day of 220.5 million gallons.

A five-year comparison of certain Sanitary Sewer enterprise data is shown below. Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

	(in thousands, except for number of employees)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Assets	\$ 1,163,991	1,087,192	1,056,581	999,402	931,126
Net assets	487,009	467,670	462,967	444,199	431,509
Operating revenues	132,729	116,827	121,904	115,652	116,570
Operating expenses	(96,662)	(91,932)	(87,874)	(85,328)	(79,224)
Operating income	36,067	24,895	34,030	30,324	37,346
Nonoperating					
Investment income	681	1,222	3,409	3,585	4,488
Interest expense	(17,524)	(18,189)	(19,598)	(20,757)	(23,145)
Other, net	108	(4,416)	482	(462)	-
Transfers in	7	1,191	445	-	-
Change in net assets	19,339	4,703	18,768	12,690	18,689
Number of employees (years prior to 2002 (include storm sewer employees)	494	505	497	544	571

All bonds and notes of the Sanitary Sewer enterprise are paid from Sanitary Sewer enterprise revenues.

## Storm sewers:

Prior to 2002 the City's Storm sewer financial activity was accounted for in a governmental type special revenue fund. Beginning with 2002, Storm sewer assets, liabilities, revenues, and expenses have been accounted for in a business type activity enterprise fund. The City intends that all costs of the Storm sewer enterprise be supported by user charges except for debt service, principal and interest, on bonds authorized by the voters in 1991 and prior. This net debt service amount in 2004 was \$ 2.407 million and is included in the enterprise financial statements as Transfers in. Final maturity on these bonds, all general obligation type bonds, is 2018.

The City's Storm sewer enterprise owns and maintains 2,537 miles of such sewers and has 191,254 customer accounts, all within the City's borders. Certain Storm sewer enterprise data is shown below.

	<u>(in thousands, except for number of employees)</u>		
	<u>2004</u>	<u>2003</u>	<u>2002</u>
Assets	\$ 144,737	107,365	106,095
Net assets	44,582	39,290	33,341
Operating revenues	24,537	20,943	21,218
Operating expenses	(18,261)	(15,234)	(14,903)
Operating income	6,276	5,709	6,315
Nonoperating			
Investment income	473	635	330
Interest expense	(3,866)	(3,409)	(3,395)
Other, net	2	-	-
Transfers in	2,407	3,014	30,091
Change in net assets	5,292	5,949	33,341
Number of employees	34	34	34

#### **Electricity:**

The City owns and operates an Electricity distribution system and accounts for it in the Electricity Enterprise Fund. The system had its origin in the 1890's and generated electricity from burning coal. The initial sole purpose for its existence was to light the streets of the City. In response to environmental concerns, the City ceased burning coal in 1977 and ceased generating electricity. The City continued distributing electric power by purchasing all of its needed power from privately owned and other publicly owned utilities.

After a lengthy construction period, the City's solid waste resource recovery facility, a refuse derived fuel power plant, with capital costs of approximately \$200 million, began operations in the fourth quarter 1983. On April 1, 1993, the City leased the plant and related transfer stations (the Plant) to the Solid Waste Authority of Central Ohio (SWACO), a separate and distinct political sub-division of the State of Ohio. The annual lease payments to the City were to be in the amount of the related debt service requirements on bonds that were issued for the construction of the Plant. This lease resulted in the removal of certain real and personal property assets from the Electricity Enterprise Fund with original costs totaling \$205.5 million of which \$3.4 million was transferred to the then General Fixed Asset Account Group. The lease was accounted for in the Electricity Enterprise Fund as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, *Accounting for Leases*. Due to a series of federal court decisions and U.S. EPA decisions the Plant ceased operations at the end of 1994. The City then began, in 1995, to buy all of its power from sources other than SWACO. The City's Electricity distribution system has 13,562 residential and commercial customers.

As indicated above the Plant ceased operations in December 1994. Demolition of the Plant began in February 2005. SWACO continues, however, to operate a landfill. The City is SWACO's largest customer at the landfill for landfill tipping fees.

At the end of 1994, upon the closing of the Plant, its associated direct financing lease was no longer deemed to be an Electricity Enterprise Fund asset nor were the general obligation bonds related thereto considered an Electricity Enterprise Fund liability. The City, therefore, in December 1994 transferred the direct financing lease (the asset) and the general obligation bonds related thereto (the liability) to the Debt Service Fund and the then General Long-Term Obligations Account Group, respectively.

In 1984 the City issued \$70.0 million of Variable Rate Demand Electric System Revenue Bonds. Proceeds of the bonds were used toward the completion of the Plant. Bondholders, however, had first lien on all revenues of the Electric Enterprise. Even after the closure of the Plant in 1994, these bonds, because of the lien on all revenues of the enterprise, remained as liabilities of the enterprise. In 2001 these revenue bonds were converted, refunded, by the issuance of Governmental Type general obligation fixed rate unvoted bonds of the City. Since no claim on enterprise revenue remains and the related asset was long ago, 1994, transferred out of the enterprise, the remaining bonds of \$29.450 million outstanding at December 31, 2001 were transferred out of the enterprise in 2002 as a nonreciprocal interfund transfer.

As explained further in Note H the City and SWACO again amended the lease in 1998 and in 2004. The City agreed to continue to deliver its garbage to the SWACO landfill and to reduce the liability of SWACO to the City to 65%, as opposed to 100%, of the City's remaining Plant related debt service at January 1, 1995. SWACO agreed to ensure landfill capacity until the year 2025 and to institute a new garbage fee, which would be paid to the City. On May 4, 2004, the City received \$55.1 million from SWACO for partial satisfaction of lease rental payments described herein. This \$55.1 million resulted from proceeds of revenue bonds sold by SWACO and paid to the City; primarily representing delinquent lease rental payments due to the City in previous years and accounted for by the City as deferred revenue in the Debt Service Funds. Also in 2004 the City received an additional \$4.306 million from SWACO's other resources. In 2004, pursuant to statute, the City began accounting for the SWACO lease in its General Fund. The City received \$377,500 from SWACO in

January, February, 2005 and is recognized as revenue in 2004 (60 day rule). All lease receivable amounts not received within 60 days after year end have been accounted for as deferred revenue in the General Fund.

A detailed computation of the City's lease receivable at December 31, 2004 is shown in Note H.

Rates charged to customers are determined solely by the City's Council after recommendation by the Electricity Enterprise management. Council's determination is final and is not subject to review or approval by any other regulatory body. Rates are, however, subject to market driven competition provided by the private electric utility in the area.

A five-year comparison of certain Electricity enterprise data is shown below:

	(in thousands, except for number of employees)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>

#### **Debt administration:**

#### **Summary of outstanding notes and bonds payable:**

The City's outstanding notes and bonds represent indebtedness for capital needs only, except for the Police and Firemen's Disability and Pension Fund Employers Accrued Liability Refunding Bond (OP&F Bond), (\$19,680,000) an unvoted general obligation bond accounted for in governmental type debt, and the FNMA Single Family Mortgage Revenue Note (\$27,191). Notes payable and long-term obligations are explained further in Note G. Following are some pertinent data, both current and historical, regarding the City's outstanding notes and bonds.

#### **Ratings:**

In 1995 both Standard & Poor's Corporation and Moody's Investors Service, Inc. raised their credit ratings of the City's general obligation bonds to AAA and Aaa, respectively. The City's bond ratings are further described in MD&A in the financial section and on Table 31 in the Statistical Section of this report. More information on the City's outstanding bonds and notes appears in Note G.

## Sources of Repayment:

Long-term Notes and Bonds and loans payable of \$1.915 billion less the obligation under capitalized leases (Note J) of \$870 thousand, and \$2.0 million, Sanitary Sewer enterprise notes of \$1.366 million, and Electricity enterprise notes of \$1.964 million; a total of \$1.909 billion will be repaid from the following sources:

<u>Source/Description</u>	<u>Amount</u> (in thousands)	<u>%</u>
Debt Service Fund:		
General obligation: Voted-unlimited fixed interest rate	\$ 480,686	25.2 %

The Columbus Regional Airport Authority (CRAA) formerly the Columbus Municipal Airport Authority; beginning January 1, 2003, is no longer a component unit of the City (See Note A) and is now considered a joint venture (See Note Q). The CRAA does continue, however, to pay debt service on certain general obligation bonds of the City issued in earlier years when airport operations were owned by and operated as a division of the City. \$8.62 million of such bonds remained outstanding at December 31, 2004 and are included in the above tables as General Obligation – Voted (\$940 thousand) and General Obligation – Unvoted (\$7.68 million).

Voted-unlimited general obligation debt represents debt authorized by a vote of the City's electors. The voters grant the City unlimited authority to levy property taxes to the extent necessary to pay this debt, both principal and interest. However, the City actually repays the debt, if Governmental Type debt, from its Debt Service Funds and, if accounted for in an enterprise fund from the respective enterprise fund. Resources in the Debt Service Funds are primarily income tax with lesser amounts of certain recreation fees and special assessments.

Voted debt, therefore, carries a "double barreled" protection for its bond holders and represents approximately 70.5% of the City's general obligation debt and approximately 50.2% of its total bonds and long-term notes. It has long been the City's policy not to rely on, or impose, property tax levies to service its debt. The City intends to continue this policy.

Unvoted-limited general obligation debt represents debt authorized by the City's Council without a direct vote of the electors. As explained later in the *Debt Limitations* section of this letter, the City is limited in its property tax levying authority regarding unvoted debt. This debt is also repaid from the City's debt service funds and from enterprise fund revenues in the same manner and from the same resources as the Voted debt described in the previous paragraph. All of the City's special assessment supported bonds and notes are Unvoted-limited general obligation debt.

The City may, at its option, convert the variable interest rate bonds to a fixed interest rate. Furthermore, these bonds may be called at the discretion of the City under specified procedures on any interest payment date. Note G describes various fundamentals of the variable rate bonds and the City's obligations thereunder. The City has complied with all requirements of the bond agreements.

The revenue bonds accounted for as Governmental Type represent the City's Tax Increment Financing (TIF) bonds. The City's liability for these bonds is limited to resources, money, collected via the TIF. Such monies are accounted for in Debt Service Funds.

In conjunction with the issuance of the Water and Sewer revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish various funds for the cost of construction and replacement of property and equipment and repayment of debt. Restricted assets, consisting of cash, investments, and accrued interest receivable, relating to the revenue bonds and certain general obligation bonds were held by both the City and bond trustees. These assets and related liabilities are identified as restricted in the City's financial statements contained in this report and further identified in Note G.

**Bond and Note History:**

Outstanding bonds and notes consistently represent the largest of the City's liabilities. It is meaningful therefore to show a longer history of this debt. At December 31 of each of the last ten years outstanding bonds and notes, exclusive of the capitalized leases of \$2.870 million, are shown in the following table; adjusted in years prior to 2004 to properly eliminate revenue bonds of the Columbus Municipal Airport Authority, a component unit of the City prior to 2004. Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

<u>Year</u>	<u>Bonds and long-term notes</u>	<u>(in thousands)</u>	
		<u>Short-term notes</u>	<u>Total</u>
1995	\$ 1,403,841	327	1,404,168
1996	1,435,790	313	1,436,103

1998	1,603,983	81	1,604,064
1999	1,663,927	176	1,664,103
2000	1,697,710	1,541	1,699,251
2001	1,733,404	1,830	1,735,234
2002	1,776,312	-	1,776,312
2003	1,677,098	1,693	1,678,791
2004	1,909,154	3,330	1,912,484

**Per capita debt:**

Data on the net general bonded debt of the City for the period 1995 through 2004 appears in the Statistical Section of this report. Such data at December 31 for the last five years is shown below. Population used in the calculations represents estimates by the Mid Ohio Regional Planning Commission for 2001 - 2004 and the U.S. Census Bureau for 2000. Bonded debt includes long-term notes but excludes the capitalized leases of \$870 thousand and \$2.0 million, the short term Sanitary Sewer enterprise notes of \$1.366 million and the short term Electricity enterprise notes of \$1.964 million. Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

	(dollar amounts in thousands, except per capital debt)				
	2004	2003	2002	2001	2000
Gross bonded debt	\$ 1,909,154	1,677,098	1,776,312	1,733,404	1,697,710
Less Debt Service Funds for G.O. debt	(182,841)	(166,839)	(165,985)	(160,083)	(148,677)
Less TIF revenue bonds	(61,585)	(35,455)	(36,905)	(34,050)	(30,050)

Sanitary Sewer	(442,932)	(400,305)	(360,865)	(317,092)	(291,638)
Electric	-	-	-	-	(44,600)
Less payable by CRAA					
General obligation bonds	(8,620)	(13,500)	(18,445)	(23,435)	(28,430)
Net general bonded debt	<u>\$ 613,457</u>	<u>521,976</u>	<u>597,418</u>	<u>625,917</u>	<u>645,115</u>
Assessed property value	\$ 14,719,269	14,488,874	14,551,080	13,107,854	12,939,074
Population	754,876	743,343	734,024	720,230	711,470
Net general bonded debt per capita	\$ 812.66	702.20	813.89	869.05	906.74

**Debt limitations:**

The City is within all of its legal debt limitations, as described in Note G and in MD&A. More data regarding the City's notes payable and long-term obligations appear in Note G. Table 31 in the Statistical Section of this report contains data necessary to meet the disclosure requirements of Rule 15c2-12(b)(5)(i)(C) and (D) of the Securities and Exchange Commission (SEC).

**Cash management:**

Information about the City's Deposits and Investment policies can be found in Note C – *Cash and Investments* in Notes to the Financial Statements. Cash and investments over the past five years have been:

	(in thousands)				
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Per Governmental Funds Balance Sheet- Total government funds					
Cash and investments with treasurer	\$ 500,795	327,456	412,752	483,594	505,368
Cash and investments with fiscal and escrow agents and other	455	430	390	395	328

Restricted cash and cash equivalents with trustee	8,929	8,677	8,571	8,133	16,450
Internal Service Funds					
Cash and cash equivalents with treasurer	10,664	19,060	37,618	32,906	23,393
Agency Funds – cash, cash equivalents and investments	<u>68,413</u>	<u>54,959</u>	<u>39,816</u>	<u>38,574</u>	<u>37,230</u>
Total	<u>\$ 832,112</u>	<u>582,054</u>	<u>735,854</u>	<u>745,115</u>	<u>712,327</u>

Descriptions, amounts, and the City's safeguarding (custodianship and collateralization) policies are recited in Note C.

**Risk management:****Property and liability coverage:**

The City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City does reduce its exposure to high risks, however, through various insurances and employee safety programs. Details about insurance can be found in part j of Note A – *Summary of Significant Accounting Policies* in the Notes to the Financial Statements and in Table 27 of the Statistical Tables.

**Litigation experience:**

As stated in Note B, the City is a defendant in a number of lawsuits pertaining to matters which are incidental to performing routine governmental and other functions. At December 31, 2004, claims approximating \$284.72 million were outstanding against the City. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements.

The City Attorney represents the City in all legal matters. Following is a summary of experience of the City over the last ten years of those claims resulting in litigation.

<u>Period</u>	<u>Cases Filed</u>		<u>Cases Closed</u>		<u>Amount Paid by City</u>
	<u>Number</u>	<u>Seeking</u>	<u>Number</u>	<u>Seeking</u>	
1995	527	\$ 200,515,923	274	\$ 308,133,105	\$ 1,449,802
1996	587	374,030,995	253	360,217,314	1,895,454
1997	436	362,432,071	215	25,307,846	1,144,248
1998	300	95,962,919	369	383,901,846	3,055,966
1999	231	79,002,119	343	76,583,495	3,337,192
2000	255	111,909,000	279	498,431,450	1,098,284
2001	246	56,255,348	401	106,040,956	669,670
2002	291	831,062,292	282	93,173,415	1,285,529
2003	275	218,148,172	258	847,660,342	452,919
2004	341	98,909,891	243	77,687,995	1,833,891

Cases filed and cases closed include those cases not seeking monetary damages. Cases filed in 2002 for \$831.062 million include \$727 million of claims filed by 3 pro se claimants; dismissed in 2003. Cases filed in 2003 for \$218.148 million include a \$150.0 million claim filed by 1 pro se claimant which remains open at December 31, 2004. The amount paid by the City in 2004 includes \$1 million paid to the estate of a decedent in a wrongful death claim.

The City Code permits department heads to settle and pay small claims against the City in amounts not to exceed \$2,500 per claim. The City Attorney can settle claims not exceeding \$20,000. Claims greater than \$20,000 require approval of a majority of the City Council. The above table represents only those claims resulting in litigation.

**Other:**

The City provides medical, dental, and vision coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. Financial activity recording claims and the payment thereof is accounted for in an Internal Service Fund.

Workers' compensation claims are covered through the City's participation in the State of Ohio's program.

**Fiduciary Operations-Employee Retirement Systems:**

State and local government employees in Ohio, with few exceptions, are members of one of five retirement systems. These retirement systems were created pursuant to Ohio statutes and are administered by state created boards of trustees. Boards are comprised of a combination of elected members from the respective retirement system's membership and ex-officio members from certain state and local offices.

These five retirement systems are:

- Ohio Public Employees Retirement System (OPERS), created in 1935, represents state and local government employees not included in one of the other four systems. Management of the fund indicates membership of approximately 375,000 actively employed members. At December 31, 2004 assets of this pension fund approximated \$65.2 billion. More data on this pension fund are shown in Note K of this report.
- State Teachers Retirement System of Ohio (STRS), created in 1920, represents teachers in Ohio's public schools from kindergarten through university level. Management of the fund indicates membership of approximately 179,000 actively employed members. At June 30, 2004 assets of this pension fund approximated \$54.6 billion.

- Ohio Police and Fire Pension Fund (OP&F), created in 1966, represents sworn personnel, not civilians, employed in police and fire divisions in Ohio's local governments. Management of the fund indicates membership of approximately 28,268 actively employed members. At December 31, 2004 assets of this pension fund approximated \$9.7 billion. All of the City's police and fire officers are members of this pension fund. More data on this pension fund are shown in Note K of this report.
- School Employees Retirement System of Ohio (SERS), created in 1937, represents non-teaching employees in Ohio's public schools. Management of the fund indicates membership of approximately 123,000 actively employed members. At June 30, 2004 assets of this pension fund approximated \$8.28 billion.
- State Highway Patrol System of Ohio (SHP), created in 1941, represents the state's highway patrol troopers. Management of the fund indicates membership of approximately 1,572 actively employed members and assets of approximately \$684 million at December 31, 2004.

The City's civilian personnel are members of OPERS. All sworn police and fire persons are members of OP&F. Both OPERS and OP&F are multiple-employer public employee retirement systems. Following are the number of City employees covered under the respective state retirement systems at December 31 of the past five years.

	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Police (OP&F)	1,842	1,843	1,827	1,810	1,795
Fire (OP&F)	1,546	1,539	1,534	1,518	1,530
Civilians (OPERS)	<u>4,954</u>	<u>5,153</u>	<u>5,424</u>	<u>5,634</u>	<u>5,644</u>
Total employees	<u>8,342</u>	<u>8,535</u>	<u>8,785</u>	<u>8,962</u>	<u>8,969</u>

The relationship of the City's payrolls to the retirement systems is demonstrated in the table below. The City's total payrolls for the last five years were as follows:

	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
			(in millions)		
Payrolls subject to OPERS	\$ 212.6	212.9	211.9	206.3	197.3
Payrolls subject to OP&F	210.1	197.1	192.4	188.5	175.4
Payrolls not subject to pension benefit calculation	<u>6.1</u>	<u>5.7</u>	<u>6.3</u>	<u>7.1</u>	<u>7.5</u>
Total	\$ <u>428.8</u>	<u>415.7</u>	<u>410.6</u>	<u>401.9</u>	<u>380.2</u>

Over the past five years the City and its employees have paid the following amounts to OPERS and OP&F.

	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
			(in thousands)		
Paid by City to:					
OPERS	\$ 46,660	46,736	46,457	45,208	37,655
OP&F	<u>59,032</u>	<u>56,088</u>	<u>55,560</u>	<u>54,255</u>	<u>50,909</u>
Total paid by City	<u>105,692</u>	<u>102,824</u>	<u>102,017</u>	<u>99,463</u>	<u>88,564</u>
Paid by employees to:					
OPERS	221	225	268	286	314
OP&F	<u>7,346</u>	<u>6,115</u>	<u>5,049</u>	<u>4,989</u>	<u>4,510</u>
Total paid by employees	<u>7,567</u>	<u>6,340</u>	<u>5,317</u>	<u>5,275</u>	<u>4,824</u>

The City is current in all of its required contributions to the respective pension funds. The pension plans and other post-employment benefits for health care are explained in Note K.

## OTHER RELEVANT INFORMATION

### Audits:

Financial statements of the City have been audited by nationally recognized firms of certified public accountants since, and including, 1979. KPMG LLP performed these audits for calendar years 1979 through 1985. Ernst & Young LLP performed the audits for the years 1986 through 1990. The City follows a mandatory rotation policy as prescribed by the Auditor of the State of Ohio. As a result of this policy and competitive proposals, KPMG LLP was selected to perform the audits for 1991 through 2000 at which time Deloitte & Touche LLP became the auditor for 2001-2005. All audits, 1979 through 2004, have been conducted in accordance with auditing standards generally accepted in the United States of America and, beginning in 1980, also the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

The numerous Notes to the Financial Statements are an integral part of the statements. The reader is encouraged to review them thoroughly.

### Certificate of Achievement for Excellence in Financial Reporting:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Columbus, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2003. This was the twenty-fifth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

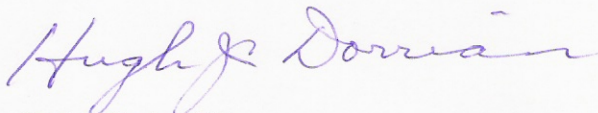

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

### Use of the report and acknowledgements:

This report represents the twenty-sixth (1979-2004) Comprehensive Annual Financial Report of the City of Columbus containing financial statements audited by a nationally recognized firm of certified public accountants. Approximately 500 copies of this report will be distributed. In addition to citizens in the community, the recipients will include city, state, and federal officials, university students, schools, libraries, newspapers, investment banking firms, banks, rating agencies, etc. This report is also available on the City's website. The Internet address is <http://www.cityofcolumbus.org>. The report will be made available to any person or organization requesting it. This extensive effort of preparation and distribution of this report fulfills the City Auditor's goal of full disclosure of the City's finances.

This report is issued by Hugh J. Dorrian, CPA, City Auditor. Special thanks and recognition go to Ms. Darlene Short and Ms. Vikki Amicon for their exemplary efforts in the preparation of this report. All members of the City Auditor's staff and many of the City's other employees also contributed to this effort. They all have my thanks and respect for their work.

Respectfully submitted,

Hugh J. Dorrian, CPA  
Auditor

## INDEPENDENT AUDITORS' REPORT

The Honorable Hugh J. Dorrian  
City Auditor  
City of Columbus, Ohio

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio (the "City"), as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on the respective financial statements based on our audit. We did not audit the financial statements of Columbus Urban Growth Corporation. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Columbus Urban Growth Corporation, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the respective financial statements are free of material misstatement. The financial statements of Columbus Urban Growth Corporation were not audited in accordance with *Government Auditing Standards*, but were audited in accordance with auditing standards generally accepted in the United States of America. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the respective financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective net assets or financial position of the governmental activities, business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Columbus, Ohio, as of December 31, 2004, and the respective changes in financial position and respective cash flows, where applicable thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note S, the beginning net assets of the business-type activities and the Water and Sanitary Sewer funds, in the accompanying December 31, 2004 financial statements, have been restated.

The Management's Discussion and Analysis on pages 41-56 and Budgetary Comparison Schedule-General Fund on page 129 is not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of City of Columbus' management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit such information and we do not express an opinion on it.

Our audit was conducted for the purpose of forming an opinion on the City's respective financial statements that collectively comprise the City's basic financial statements. The Introductory Section, supplementary information on pages 133-214, and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. This supplementary information is the responsibility of City's management. The supplementary information on pages 133-214 has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Introductory Section and Statistical Section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 19, 2005, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

  
April 19, 2005

# CITY OF COLUMBUS, OHIO

## Management's Discussion and Analysis

As management of the City of Columbus (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2004. We encourage readers to consider the information presented here in conjunction with our letter of transmittal at the front of this report and the City's financial statements, which follow this section.

### Financial Highlights

- The assets of the City exceeded its liabilities at the close of 2004 by \$1.8 billion. Of this amount, \$248.9 million is considered unrestricted. The unrestricted net assets of the City's governmental activities are \$105.3 million and may be used to meet the government's on-going obligations. The unrestricted net assets of the City's business type activities are \$143.6 million and may be used to meet the on-going obligations of the City's business-type activities, including the water, sanitary sewer, storm sewer, and electricity enterprises.
- The City's total net assets increased \$151.0 million in 2004. Net assets of the governmental activities increased \$111.0 million, which represents an 11.6 percent increase from 2003. Net assets of the business-type activities increased \$40.0 million or 5.5 percent from 2003.
- The total cost of the City's programs increased \$63.8 million or 6.0 percent. The cost of governmental activities increased \$54.1 million or 6.9 percent, while the cost of business-type activities increased \$9.7 million or 3.5 percent.
- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$512.9 million. The combined governmental funds fund balance increased \$173.9 million from the prior year's ending fund balance. Approximately \$236.2 million of the \$512.9 million fund balance is considered unreserved at December 31, 2004.
- The general fund reported a fund balance of \$104.2 million at the end of the current fiscal year. The unreserved fund balance for the general fund was \$93.7 million or 17.3 percent of total general fund expenditures (including transfers out). There was a \$51.1 million increase in the total general fund balance for the year ended December 31, 2004.
- The City's total debt increased by \$256.4 million (15.0 percent) during the current fiscal year. The City sold \$302.935 million of general obligation bonds on July 13, 2004. These bonds consisted of \$298.5 million in various purpose new bonds and \$4.435 million in refunding bonds. Governmental and business-type activities paid \$163.5 million on general obligation and revenue bond maturities in 2004 and the City's sewer enterprise fund, a business-type activity, issued \$66.7 million in Ohio Water Development Authority revenue obligations for various projects.

## Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. As discussed in Note S to the financial statements, the City restated Management's Discussion and Analysis which gives effect to those restatements.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public service, public safety, development, health, and recreation and parks. The business-type activities of the City include four enterprise activities: a water system, a sanitary sewer system, a storm sewer system, and an electricity distribution system.

The government-wide financial statements can be found on pages 59 – 61 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 90 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general bond retirement debt service fund, and the special income tax debt service fund, all of which are considered to be major funds. Data for the other 87 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 62 – 65 of this report.

**Proprietary funds.** The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water, sanitary sewer, storm sewer, and electricity distribution operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions, including employee benefits self-insurance, fleet management, information services, purchasing/contracts, telecommunications, and land acquisition. The services provided by these funds predominantly benefit the governmental rather than the business-type functions. They have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provided separate information for the water, sanitary sewer, storm sewer, and electricity distribution operations. The water, sanitary sewer, and electricity enterprise funds are considered to be major funds of the City. Conversely, all internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 66 – 69 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 70 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 71 – 126 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's general fund budget. The City adopts an annual appropriation budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. Required supplementary information can be found on pages 127 – 131 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplemental information. Combining and individual fund statements and schedules can be found on pages 133 – 214 of this report.

<sup>1</sup>Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

## Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by \$1.8 billion at the close of the most recent fiscal year.

The largest portion of the City's net assets (71 percent) reflects its investment in capital assets (e.g. land, buildings, improvements other than buildings, machinery and equipment, and infrastructure); less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net asset (15 percent) represents resources that are subject to restrictions as to how they may be used. The remaining balance of unrestricted net assets (\$248.9 million) may be used to meet the government's on-going obligations to citizens and creditors. It is important to note that although the total unrestricted net assets is \$248.9 million; the unrestricted net assets of the City's business-type activities (\$143.6 million) may not be used to fund governmental activities.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities.

Overall net assets of the City increased \$151.0 million in 2004. Net assets for governmental activities increased \$111.0 million, while net assets for business-type activities increased \$40.0 million. The increase in governmental activities net assets is primarily attributable to the \$55.1 million payment received from the Solid Waste Authority of Central Ohio (SWACO) in 2004 for partial satisfaction of lease rental payments due the City as fully described in Note H. In addition, the City continued efforts to contain costs and pursue new revenue sources. The increase in net assets for business-type activities was the result of the aggregate business-type activities holding expenses to 88.5 percent of total revenue for the year. Due to rate increases in the water, sanitary sewer, and storm sewer enterprise funds of 7.2 percent, 9.5 percent and 5.2 percent, respectively, and an increase in water pumpage in 2004, total business-type charges for services were up \$31.8 million. Business-type activities expenses for 2004 increased \$9.7 million or 3.5 percent over the comparable expenses in 2003.

There was a decrease of \$22.7 million in restricted net assets reported in connection with the City's governmental activities. The decrease in amounts restricted for capital projects and offsetting increase in amounts restricted for debt service was a result of several transactions, including the issuance of new debt in 2004 and the expenditures of funds on capital projects funded by bonds.

There was an increase of \$97.7 million in the governmental activities amount invested in capital assets, net of related debt, as bond proceeds were used to complete certain capital projects in 2004.

The decrease of \$59.8 million in restricted net assets reported for the City's business-type activities was primarily due to the payment of bond maturities and the use of bond funds to complete capital projects in 2004.

<sup>1</sup>Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

**Governmental activities.** Governmental activities increased the City's net assets by \$111.0 million. Key elements of the changes in net assets are as follows:

- Charges for services increased \$14.9 million or 13.0 percent.
- Income tax revenue increased \$18.2 million or 4.2 percent on a full accrual basis. This increase is attributed to the current state of the local economy.
- Capital grants and contributions increased \$5.1 million or 11.6 percent due to an increase in grant revenue for public service projects in 2004.
- Other general revenues increased \$54.9 million primarily as a result of the SWACO payment discussed above.

The increase in governmental activities charges for services was in the public safety function and was primarily due to the increase in emergency medical transportation fees. This fee was initiated in 2003; however, 2004 was the first year the City received revenue from this fee for an entire year.

Income tax revenue, which represents 48% of the City's governmental revenue, increased \$18.2 million in 2004. The income tax increase is attributed to the current state of the local economy.

In May 2004, the City received \$55.1 million from SWACO for partial satisfaction of lease rental payments due the City as part of a lease agreement in place since 1993. This transaction is fully described in Note H of the Notes to the Financial Statements included in this report.

## 2003 REVENUE SOURCES

### Governmental Activities

## 2004 EXPENSE AND PROGRAM REVENUES

### Governmental Activities

**Business-type activities.** Business-type activity net assets increased by \$40.0 million. Key elements of changes in net assets are as follows.

- Charges for services increased \$31.8 million or 11.1 percent.
- The transfers of \$2.4 million in 2004 represent transfers from the special income tax debt service fund to the storm sewer enterprise fund for debt related payment.
- Expenses increased \$9.7 million or 3.5 percent in 2004.

The increase in business-type activities net assets was \$40.0 million. Charges for services, which comprise 97.3% of the business-type activities revenues, increased as a result of rate increases in the water, sanitary sewer, and storm sewer enterprise funds of 7.2 percent, 9.5 percent, and 5.2 percent, respectively, and an increase in water pumpage in 2004. The business-type activities continued the pattern of cost containment relative to the level of revenues for enterprise activities in 2004. The percent of annual expense to annual revenue was 88.5 percent in 2004.

## Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

**Governmental funds.** The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2004, the City's governmental funds reported combined ending fund balances of \$512.9 million, an increase of \$173.9 million in comparison with the prior year. Approximately \$236.2 million of this amount constitutes *unreserved fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the prior period and for non-current loans receivable.

The general fund is the chief operating fund of the City. At December 31, 2004, unreserved fund balance of the general fund was \$93.7 million, while total fund balance was \$104.2 million. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures (including transfers out). Unreserved fund balance represents 17.3 percent of total general fund expenditures (including transfers out), while total fund balance represents 19.2 percent of that same amount.

The fund balance of the City's general fund increased by \$51.1 million during 2004 - the first increase in the general fund's fund balance since 2000. Key factors in the improved results are as follows:

- Total revenues (including transfers in) increased \$69.3 million or 13.2 percent. This increase is primarily attributed to the \$55.1 million received from SWACO during 2004, as discussed above.
- Income tax revenue, which represents 57.9 percent of general fund revenues (including transfers in), increased \$14.9 million or 4.5 percent.
- Charges for services increased \$3.7 million or 10.8 percent primarily due to charges for emergency medical transportation.
- Expenditures (including transfers out) only increased by \$12.5 million or 2.3 percent. In 2004, the City continued its commitment to cost containment. In 2003, expenditures in the general fund decreased \$11.5 million. That decrease (2003 vs. 2002) was the first year-to-year decrease since the City's first began issuing financial reports in accordance with generally accepted accounting principles in 1979.

The general bond retirement debt service fund has a total fund balance of \$1.162 million. The net decrease in fund balance during 2004 in this fund was approximately \$164 thousand. The

general bond retirement fund is funded primarily with income tax revenue at the level necessary to meet debt service requirements.

The special income tax debt service fund has a total fund balance of \$172.2 million. The net increase in fund balance during 2004 in this fund was approximately \$20.9 million. One quarter of the City's income tax revenue is set aside to meet debt service requirements for governmental activity type debt. Those income tax revenues not required in the general bond retirement fund, as noted above, are recorded in the special income tax fund.

**Proprietary funds.** The City's proprietary funds financial statements provide the same information found in the government-wide financial statements, but in more detail.

Unrestricted net assets at the end of the year amounted to \$55.4 million, \$72.6 million, \$11.2 million, and \$2.9 million for the water, sanitary sewer, storm sewer, and electricity enterprises, respectively. The growth in net assets in the water, sanitary sewer, storm sewer, and electricity enterprise funds was \$12.3 million, \$19.3 million, \$5.3 million, and \$4.4 million, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

### **General Fund Budgetary Highlights**

The final amended general fund budget had total appropriations of approximately \$24.5 million more than the original budget. The total original appropriations, including those for transfers out, were \$533.8 million, while the final appropriations were \$558.3 million. Final 2004 appropriations were only 1.7 percent higher than the final 2003 appropriations and 1.0 percent higher than actual 2004 budget basis expenditures. In order to balance the 2004 budget, the City had to use \$25 million from its economic stabilization subfund, a component of the general fund. In 2003, the City used funds (approximately \$10.2 million) from the economic stabilization fund for the first time since it was established in 1988.

## Capital Asset and Debt Administration

**Capital assets.** The City's investment in capital assets for governmental and business-type activities as of December 31, 2004, amounts to \$3.0 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, systems, improvements, machinery and equipment, park facilities, roads, curbs and gutters, streets and sidewalks, and drainage systems. The total increase in the City's investment in capital assets for 2004 was 6.1 percent (a 7.0 percent increase for governmental activities and a 5.3 percent increase for business-type activities).

### Capital Assets, net of depreciation (amounts expressed in thousands)

	Governmental activities		Business-type activities		Total	
	2004	2003	2004	2003	2004	2003

Infrastructure	810,872	759,561	79,194	71,249	890,066	830,810
Construction in progress	-	-	104,813	116,777	104,813	116,777
<b>Total</b>	<b>\$ 1,397,392</b>	<b>1,306,189</b>	<b>1,570,307</b>	<b>1,490,885</b>	<b>2,967,699</b>	<b>2,797,074</b>

Major capital asset events during 2004 included the following:

- Total capital assets, net of accumulated depreciation, increased \$170.6 million.
- Business-type activity capital assets increased by \$79.4 million or \$129.3 million, net of \$49.9 million in current year depreciation expense. The increase was due to: \$8 million in water plant and water line improvements; \$49 million in sanitary sewer plant improvements; \$40 million in sanitary sewer line improvements; \$3 million street light, transformer and cable improvements and expansion in electricity division; and \$29.3 million in other improvements.
- Governmental activity capital assets increased by \$91.2 million or \$140.5 million, net of \$49.3 million in current year depreciation expense. This increase was due to: \$23 million in donated streets; \$59 million in traffic signals and other street improvements; \$20 million in land and other improvements related to new and future park sites; \$2 million in fire station building and rehabilitation; \$5 million in fire and police vehicles; \$15.5 million related to the police academy, central safety building and police substations; and \$16 million in other improvements.

Additional information on the City's capital assets can be found in Note F on pages 92 – 93 of this report.

**Long-term debt.** At December 31, 2004, the City, the primary government, had \$1.96 billion of long-term bonds and loans outstanding. All assessment bonds and notes issued by the City are general obligation bonds and notes (\$75 thousand in governmental activities bonds; \$5.04 million in business-type activities bonds and notes, respectively) and are included herein. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e. revenue bonds).

**City of Columbus**  
**General Obligation and Revenue Bonds Outstanding**  
(amounts expressed in thousands)

	Governmental activities		Business-type activities <sup>1</sup>		Total

General obligation bonds, notes and capital leases	\$ 821,438	699,675	584,944	521,703	1,406,382	1,221,378
Revenue bonds	63,276	38,555	491,640	444,992	554,916	483,547
<b>Total</b>	<b>\$ 884,714</b>	<b>738,230</b>	<b>1,076,584</b>	<b>966,695</b>	<b>1,961,298</b>	<b>1,704,925</b>

<sup>1</sup>Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

Total long-term bonds and loans outstanding at December 31, 2004 increased \$256.4 million or 15.0 percent as compared to the amount outstanding at December 31, 2003. Key events contributing to the change in long-term debt balances are as follow:

- On July 13, 2004, the City sold \$302.935 million of general obligation bonds. This bond issue included \$298.5 million of new money for various projects (\$184.08 million and \$114.42 million, governmental and business-type activities, respectively) and \$4.435 million in refunding bonds (\$1.610 million and \$2.825 million, governmental and business-type activities, respectively).
- On October 28, 2004, the City issued \$20 million of tax increment financing (TIF) supported governmental type debt for the City's Polaris project. The new TIF debt raised additional capital of \$15.9 million for the project, but also refunded \$2.1 million of then outstanding TIF variable rate debt for the same project.
- On November 23, 2004, the City issued \$36.430 million of TIF supported governmental type debt for the City's Easton project. This new TIF debt raised additional capital for the project, capital for the City's downtown area remote from the TIF district and refunded/defeased existing TIF bonds related to the project. The refunding/defeasance, not transacted for the economic gain, eliminated certain restrictive covenants contained in the earlier bond indenture.
- At various dates throughout 2004, the City issued additional governmental activities long term notes to the Ohio Public Works Commission for \$696 thousand; business-type activities long term notes to the Ohio Water Development Authority for the sanitary sewer enterprise of \$66.711 million; \$1.366 million of general obligation assessment notes for the sanitary sewer enterprise; and \$739 thousand of general obligation assessment notes for the electricity enterprise.

The City's general obligation bond ratings by Standard & Poor's Corporation and Moody's Investor Services, Inc. are "AAA" and "Aaa", respectively. The City's bond ratings are shown in the following table.

Type	Moody's	Standard & Poor's
General Obligation Bonds – Fixed Rate	Aaa	AAA
General Obligation – Variable Rate Demand Bond	Aaa/VMIG1	AAA/A1+
1999 Water System Revenue Refunding Bonds	Aa2	AA
1994 Sanitary Sewer System Adjustable Rate Refunding Revenue Bonds	Aa2/VMIG1	AA/A1+
2002 Sanitary Sewer System Revenue Refunding Bonds	Aa2	AA

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2004, the City's total net debt amounted to 4.15% of the total assessed value of all property within the City. Unvoted net debt amounted to 0.63% of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$934.851 million and a legal debt margin for unvoted debt of \$716.333 million. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Columbus lies, is limited to ten mills. This millage is measured against the property values in each overlapping district. At December 31, 2004, the millage amounts were as follows:

Political subdivision of State of Ohio	Mills Required		
	Franklin County	Fairfield County	Delaware County
Direct			
City of Columbus	4.5037	4.5037	4.5037
Overlapping			
County	0.5770	1.6625	2.0554
School District	0.7782	-	-
JVSD	-	-	0.0211
Total	<u>5.8589</u>	<u>6.1662</u>	<u>6.5802</u>
Maximum millage permitted	<u>10.0000</u>	<u>10.0000</u>	<u>10.0000</u>

Additional information regarding the City's long-term debt can be found in Note G on pages 93 – 108 of this report.

## **Economic Factors and Next Year's General Fund Budget**

The City's key objectives set for the 2005 budget were jobs, safety, and long-term fiscal stability. With the uncertainty surrounding the economy, the City considered the impact on two primary revenue sources: income tax revenue and state shared revenue.

In the 2005 budget process City Council decided that it was important to: 1) continue the City's investment in job creation; 2) put the highest premium on safety for the people of Columbus and City employees; and 3) adopt a budget designed to promote long-term fiscal stability. In order to meet the objectives of the 2005 budget, the City recognized the need to continue its pattern of cost containment while pursuing new revenue sources.

General fund expenditure appropriations for 2005 have been approved by City Council in the amount of \$561.4 million. This appropriation level is approximately \$8.8 million more than actual 2004 general fund budgetary basis expenditures (including transfers out). The appropriation level was set based on estimated revenues (including transfers in) in the general fund of \$564.6 million for 2005. The City continues to pursue cost containment opportunities.

## **Request for Information**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show accountability for the money it receives. This report is also available on the City's website at [www.cityofcolumbus.org](http://www.cityofcolumbus.org). Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Auditor's Office, 90 West Broad Street, Columbus, Ohio, 43215.

Exhibit 3.1

## Reconciliation of the Balance Sheet to the Statement of Net Assets Governmental Funds December 31, 2004 (amounts expressed in thousands)

Total **fund balances** for governmental funds (Exhibit 3) \$ 512,896

Total **net assets** reported for governmental activities in the statement of net assets is different because:

Capital assets used in governmental activities (excluding internal service fund capital assets) are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	204,882	
Buildings, net of \$106,307 accumulated depreciation	220,751	
Improvements other than buildings, net of \$50,712 accumulated depreciation	100,709	
Machinery and equipment, net of \$148,105 accumulated depreciation	53,502	
Infrastructure, net of \$210,979 accumulated depreciation	810,872	
Total capital assets (See Note F)		1,390,716

Bond issuance costs associated with new debt issued by the City in 2004 were reported as expenditures in the governmental fund when the debt was issued, whereas bond issuance costs are deferred in the statement of net assets. Deferred bond issuance costs are amortized, over the life of the debt issued, as an adjustment to interest expense in the statement of activities.

3,474

Internal services funds (see Exhibit 5) are used by the City to account for the financing of goods or services provided by one department or agency to other City departments or agencies, generally on a cost reimbursement basis. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. Internal service fund net assets are:

1,709

City income tax revenue related to 2004 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.

54,260

Emergency Medical Services charges related to 2004 (and prior tax years) will be collected beyond the 60 day period used to record revenue in the fund statements. Revenue and a corresponding receivable for this amount are included in the government-wide statements.

7,310

State shared revenue appropriated during the State of Ohio's fiscal year ended June 30, 2004 will be collected by the City in calendar year 2005. Revenue and a corresponding receivable for the amount appropriated but not received by December 31, 2004 are included in the government-wide statements.

40,062

General obligation debt to be paid for by CRAA, a joint venture of the City. The revenue to be collected from CRAA was deferred in the fund statements, but recognized as revenue in the government-wide statements.

8,620

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net assets. Also, during the year the City issued new debt. The deferred amount on refunding and premium received on the refunding were reported in the governmental fund when the debt was issued, whereas these amounts are deferred and amortized, over the remaining life of the new debt, as an adjustment to interest expense in the statement of activities.

Balances at December 31, 2004 are:

Accrued wages and benefits		(4,205)
Accrued interest on bonds		(8,902)
Due to other governments		(2,500)
Accrued vacation and sick leave		(56,620)
Capital lease	(2,870)	
Bonds and notes payable	(850,359)	
Unamortized deferred amount on refunding	4,306	
Unamortized premiums	(29,982)	
Total long-term liabilities (see Note G)		(878,905)

Total **net assets** of governmental activities (Exhibit 1) \$ 1,067,915

The notes to the financial statements are an integral part of this statement.

**City of Columbus, Ohio**

Exhibit 4.1

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances  
to the Statement of Activities  
Governmental Funds  
For the Year Ended December 31, 2004  
(amounts expressed in thousands)

Net change in **fund balances** - total governmental funds (Exhibit 4) \$ 173,881

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This amount includes the adjustment for capital outlay expenditures capitalized (\$120,780 of total capital outlay of \$127,841 met the capitalization requirements) offset by depreciation expense (\$49,302) and loss on disposal of assets (\$2,908) in the current period. The City had donated infrastructure of \$23,122 in 2004 which is not reported in the governmental funds.

91,692

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. The amount is the net effect of the reversal of prior year items against current year accruals.

6,001

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of premiums and deferred amount on refundings when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amount is the net effect of these differences in the treatment of long-term debt and related items.

(146,515)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

(5,995)

Net loss of certain activities of internal service funds are reported with governmental activities.

(8,035)

Changes in **net assets** of governmental activities (Exhibit 2)

\$ 111,029

# **NOTES TO THE FINANCIAL STATEMENTS**

# CITY OF COLUMBUS, OHIO

## Notes to the Financial Statements

December 31, 2004

### NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Columbus (the City) was organized on March 3, 1834 and is a home-rule, municipal corporation under the laws of the State of Ohio. The City operates under the Council-Mayor form of government.

The accompanying financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, in that the financial statements include all the organizations, activities, functions, and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City. On this basis, the reporting entity of the City includes the following services as authorized by its charter: public service, public safety, development, health, and recreation and parks. In addition, the City owns and operates four enterprise activities: a water system, a sanitary sewer system, a storm sewer system, and an electricity distribution system. The reporting entity also includes three joint ventures and two component units.

#### Joint Ventures:

- In August 1990, the City's Council created the Columbus Municipal Airport Authority (CMAA), as permitted by State law, to manage the City's two airports. CMAA became operational in November 1991. Although CMAA was a separate legal entity, the City discretely presented the financial statements of CMAA pursuant to GASB Statement No. 14 as a part of the reporting entity through December 31, 2002. On December 12, 2002 the City of Columbus, Ohio, the Columbus Municipal Airport Authority, and the County of Franklin, Ohio entered into the *Port Authority Consolidation and Joinder Agreement*. The effective date of the agreement was January 1, 2003. The agreement unites the operations of Columbus Municipal Airport Authority, created by the City in 1990, and the Rickenbacker Port Authority, created by the County in 1979 and dissolved by the County Commissioners via this action. The new entity is titled the *Columbus Regional Airport Authority (CRAA)*. The board of directors of the CRAA is its governing body and consists of nine (9) members; four (4) appointed by the Mayor of the City of Columbus, four (4) by the County Commissioners of Franklin County and one (1) jointly by the Mayor and the County Commissioners. Beginning January 1, 2003 the CRAA was characterized as a Joint Venture of the City and the County. CRAA's financial activity is reported in Note Q contained in this report. Complete financial statements of CRAA may be obtained from CRAA's administration offices at 4600 International Gateway, Columbus, Ohio 43219 or at [www.columbusairports.com](http://www.columbusairports.com).
- The Franklin Park Conservatory Joint Recreation District (the Conservatory District) was created by the City (Resolution 109X-90) and Franklin County (Resolution 79-90) in 1990 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code (ORC). The agreement between the City and the County that created the Conservatory District in 1990 was amended by the City (Ordinance 1794-96) and the County (Resolution 800-96) in August 1996. The amendment increased the number of members of the Board of the Conservatory District from 10 to 17. Eight members of the Board are appointed by the Mayor of the City subject to confirmation by the City's Council and six members are appointed by the County. In addition, the Governor, the Speaker of the House of Representatives and the President of the Senate of the State of Ohio each appoint one member to the Board pursuant to the authority contained in Section 755.14(B)(2) of the ORC. State appointed

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

members are nonvoting members if they also serve as members of the Ohio General Assembly; no member presently serves in both roles. The Mayor of the City, therefore, does not appoint a voting majority of the Board.

The City contributed certain fixed assets to the Conservatory District at the time of its inception and has agreed to an annual operating subsidy, but subject to annual appropriation by the City's Council. Revenues, the operating subsidy, received by the Conservatory District in 2004 from the City were \$452,693; 9% of its total revenue and support. The City has authorized an operating subsidy of \$452,693 to the Conservatory District for 2005. In the event of the Conservatory District's liquidation, its assets will be transferred to the City.

Because the City's Mayor does not appoint a voting majority of the Conservatory District's Board and multiple governments participate in the board appointment process, the City accounts for and reports the financial activity of the Conservatory District as a joint venture pursuant to GASB Statements No. 14 and 39. The Conservatory District's financial activity is reported in Note Q contained in this report. Complete financial statements may be obtained from the Conservatory District at 1777 East Broad Street, Columbus, Ohio 43203.

- The Columbus/Franklin County Affordable Housing Trust Corporation (AHT) was initially created as the Columbus Housing Trust Corporation, with Articles of Incorporation (Articles) filed with the Ohio Secretary of State on August 31, 2000. Amended Articles were then filed for AHT in May 2001. No single government or government official appoints a majority of the Board members. All are jointly appointed. In 2004 the City provided cash assistance to AHT of \$988,966. The County provided cash assistance of \$1.0 million. AHT's total support and revenue in 2004 was \$2.234 million. The City is committed through its legislation to provide a portion of its hotel-motel tax collections to AHT each year into the future. This commitment approximates \$1.0 million per year.

Since the Mayor does not singularly appoint a voting majority of AHT's board of trustees and multiple governments participate in both the board appointment process and the financial support of AHT, the City accounts for and reports the financial activity of AHT as a joint venture pursuant to GASB Statements No. 14 and 39. AHT's financial activity is reported in Note Q contained in this report. Complete financial statements of AHT may be obtained from Columbus/Franklin County Affordable Housing Trust Corporation, 415 East Mound Street, Columbus, OH 43215.

### Component units:

- Columbus Urban Growth Corporation (CUGC) was incorporated in 1996 as an Ohio not-for-profit corporation and, as stated in Notes to its consolidated financial statements for the year ended June 30, 2004, was organized for the purpose of promoting commercial and industrial development and creating investment and job opportunities in Columbus inner city and economically depressed neighborhoods. In accordance with its missions, CUGC has established the entities of Community Urban Redevelopment Corporation, Neighborhood Acquisition Corporation, Crosstown, LLC and 268 Management Company. The consolidated financial statements include all the above entities. All material accounts and transactions among the consolidated entities have been eliminated.

Management of CUGC consists of a 15 member Board of Trustees, 10 of whom are appointed by the City (5 by the Mayor and 5 by the President of City Council). CUGC receives a significant portion of its funding from the City and at June 30, 2004 had \$4.480 million of notes payable to the City. The City leases significant amounts of property to CUGC. See Note I – *Property Leased to Others*. Because the City appoints a majority of the Board of Trustee members of CUGC and because of CUGC's financial dependency on the City, a component unit relationship is deemed to exist. See Note R – *Component Units* – for additional disclosures regarding CUGC.

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- The RiverSouth Authority (RiverSouth) came into existence in 2004 as a result of the following statutes. The Columbus City Council, via ordinance no. 2446-03, approved on November 19, 2003, authorized the City Clerk to initiate the process to create The RiverSouth Authority, a new community authority as provided for under Ohio Revised Code (ORC) Chapter 349. The City Council continued the process by establishing the time and place for a public hearing on the matter via Ordinance No. 451-04 approved on March 17, 2004. The public hearing was held at 5:00 p.m. on Monday, April 19, 2004 in City Council Chambers. The Council, via Ordinance No. 1007-04, approved June 23, 2004, created "The RiverSouth Authority" as a body politic and corporate.

The Board of Trustees of the Authority, pursuant to the creating Ordinance 1007-04, consists of nine members. The City appoints five members including one local government representative. The Developer, The Columbus Downtown Development Corporation, a private entity, appoints the remaining four members. RiverSouth encompasses several square blocks in the core of Columbus' downtown, and, as indicated in the background of the ordinance, all to be developed and redeveloped for the conduct of commercial, residential, cultural, educational and recreational activities.

Certain inter-dependent transactions occurred in 2004 pursuant to the following. Ordinance No. 1009-2004, approved by Council on June 23, 2004, authorized the City's Director of Development to execute a lease agreement and first supplemental lease agreement with RiverSouth whereby the City leased certain land, approximately 1.621 acres, from RiverSouth and recognized certain projects and costs to be undertaken by RiverSouth. On June 29, 2004 RiverSouth then proceeded to issue \$37,870,000 of RiverSouth Area Redevelopment Bonds, 2004 Series A (the Bonds). Rental payments from the City to RiverSouth due as a result of the lease and first supplemental lease agreements are to equate to the debt service requirements on the Bonds beginning December 1, 2007 in the total amount of \$58.9 million. These rental payments are subject to annual appropriations of City Council. Payments are scheduled to begin in 2007. See Note J for additional details regarding this lease agreement.

The Official Statement, dated June 24, 2004, issued in conjunction with the Bonds states in part "...The Authority and City entered into the Master Lease Agreement dated June 1, 2004 (the "Lease") under which the Authority has agreed to issue obligations to finance redevelopment activities as authorized by the Columbus City Council, and to lease to the City certain land consisting of approximately 1.621 acres (the "Project Land") located in the RiverSouth area in downtown Columbus. The City's lease interest in the Project Land will include the underlying land interest in the Project Land but does not include improvements made on the Project Land whether or not such improvements are financed by Bonds issued by the Authority. Upon the expiration of the lease term, all right, title and interest in the Project Land will be transferred to the City. In connection with each series of Bonds issued by the Authority, the City and the Authority will enter into a supplemental lease agreement. The supplemental lease agreement will identify the capital facilities to be financed with the related series of Bonds and will provide for the applicable rentals. The Authority and City have also entered into the First Supplemental Lease dated June 1, 2004 (the "First Supplemental Lease") in connection with the issuance of the 2004 Series A Bonds. . ."

The 1.621 acres leased to the City represents a portion of a larger land area. The leased land is accounted for by the City in the amount of \$2.0 million. This amount is included in the Entity Wide Statement of Net Assets as *Governmental Activities Land and Construction in Progress* and long term portion of Capital leases liabilities and in the non major governmental-capital projects-funds (the Downtown Development fund) as *Other Financing Sources and Capital Outlay*.

Because the City appoints a majority of the Board of Trustee members of RiverSouth and because of RiverSouth's financial dependency on the City, a component unit relationship is deemed to exist. See Note R – *Component Units* – for additional disclosures regarding RiverSouth.

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. Beginning January 1, 2001, the City changed its financial reporting to comply with GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. For fiscal year 2003, the City implemented GASB Statement No. 40, *Deposits and Investment Risk Disclosures*. In November 2003, the GASB issued Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. The City has determined that GASB Statement No. 42 has no impact on its financial statements as of December 31, 2004.

The following is a summary of the City's significant accounting policies:

### (a) Government-wide and fund financial statements

Financial information of the City is presented in this report as follows.

- Management's discussion and analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.
- Basic financial statements:
  - Government-wide financial statements consist of a statement of net assets and a statement of activities.

These statements report all of the assets, liabilities, revenues, expenses,, and gains and losses of the City. Governmental activities are reported separately from business type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements; however, separate financial statements are presented for the Fiduciary funds.

Interfund receivables and payables between governmental and business type activities have been eliminated in the Government-wide Statement of Net Assets. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business type activities total column.

Internal service fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown in governmental activities Statement of Activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

- Fund financial statements consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate financial statements are presented for the governmental, proprietary, and fiduciary funds.

The City's major governmental funds are the General fund, the General Bond Retirement debt service fund, and the Special Income Tax debt service fund. Of the City's business

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

type activities its Water, Sanitary Sewer, and Electricity enterprise funds are considered major funds.

The General fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, investment income, licenses and permits, intergovernmental shared revenue, charges for services, fines, and others.

General fund expenditures represent costs of general government; public service, including garbage collection and facilities management; public safety, including fire, police, and communications; certain development costs, and other. Resources of the General fund are also transferred annually to support services such as public recreation and public health, which are accounted for in separate special revenue funds.

The General Bond Retirement and the Special Income Tax debt service funds are accounting entities in which the City accounts for the accumulation of resources for and the payment of general obligation debt; principal, interest, and related expenditures. Revenues consist primarily of a portion of the City's income tax.

The Water enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects, purifies, and sells water to city residents and certain suburban areas. Water is collected from surface areas (rivers) and wells. The City has three water treatment plants. Revenues consist primarily of user charges.

The Sanitary Sewer enterprise fund, a major fund, is the accounting entity in which the City accounts for all financial activity related thereto. The City collects and treats effluent of City residents and residents of certain suburban areas. The City has two sewerage treatment plants. Revenues consist primarily of user charges.

The Storm Sewer enterprise fund, a nonmajor fund, is the accounting entity in which the City accounts for all financial activity related thereto. Prior to 2002 storm sewer financial activities were accounted for in a special revenue fund and various capital project funds. Revenues consist primarily of user charges.

The Electricity enterprise fund, a major fund, is the accounting entity in which the City accounts for all the financial activity related thereto. The City purchases, but does not generate, and sells electricity to its 13,562 customers, both residential and commercial. Revenues consist primarily of user charges.

The City maintains various nonmajor internal service funds which are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost reimbursement basis. The largest of these funds account for fleet management services and electronic information services.

Also maintained by the City are fiduciary funds such as agency funds used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds.

- Notes to the financial statements providing information that is essential to a user's understanding of the basic financial statements.
- Required supplementary information such as budgetary comparison schedules as required by GASB.

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### (b) Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (expenses). Fund types are as follows:

#### GOVERNMENTAL FUNDS

**General Fund**—The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

**Special Revenue Funds**—Special Revenue Funds are used to account for revenues derived from specific taxes, grants or other restricted revenue sources. The uses and limitations of each special revenue fund are specified by City ordinances or federal and state statutes.

**Debt Service Funds**—Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

**Capital Projects Funds**—Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

**Permanent Funds**—Permanent funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs. The City, however, does not utilize Permanent funds.

#### PROPRIETARY FUNDS

**Enterprise Funds**—Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has separate enterprise funds for its water, sanitary sewer, storm sewer, and electricity services.

**Internal Service Funds**—Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, generally on a cost-reimbursement basis.

#### FIDUCIARY FUNDS

**Agency Funds**—Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings (which are combined into one agency fund for ease of payment), income taxes, and utility charges collected by the City on behalf of other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Other Fiduciary funds; which, however, the City does not utilize are **Pension trust funds** used to account for resources that are required to be held in trust for the respective members or beneficiaries; **Investment trust funds** used to report the external portion of investment pools

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

reported by the sponsoring government as required by GASB No. 31 and *Private-purpose trust funds* used to account for other trust arrangements which benefit individuals, private organizations or other governments.

### (c) Measurement focus and bases of accounting

Except for budgetary purposes, the bases of accounting used by the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and the proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue (unrestricted, intergovernmental revenue) and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting*, the City follows GASB guidance as applicable to its governmental and business-type activities, and Financial Accounting Standards Boards (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB Pronouncements. The City has elected to follow GASB guidance for business-type activities and enterprise funds rather than FASB guidance issued after November 30, 1989.

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### (d) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in all funds. On the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities, but are reported as reservations of fund balances in governmental funds.

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### (e) Cash Equivalents

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments held by trustees, with an original maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and investments with treasurer are also considered to be cash equivalents because they are available to the Proprietary Funds on demand.

### (f) Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the City records all of its investments at fair value as defined in the statement.

The City does not engage in any form of derivatives or reverse repurchase agreements in the management of its investment portfolio. Only eligible investments with final maturities not greater than two years from time of purchase are permitted. The City's cash and investments are further explained in Note C.

### (g) Inventory

Inventory is valued at cost utilizing the first-in, first-out method for enterprise funds and the average cost method for internal service funds. Items considered as inventory in the enterprise funds and internal service funds are accounted for as expenditures when acquired by governmental funds.

### (h) Capital Assets

Capital assets, which include property, plant, and equipment, and infrastructure (e.g. roads, curbs and gutters, streets and sidewalks, and drainage systems) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost (for certain assets acquired prior to 1960). Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1979) are included as part of the governmental capital assets reported in the government-wide statements. Donated assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

**NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Property, plant, and equipment is depreciated using the straight line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives (years)</u>
Autos and information processing equipment	5
Trucks	8
Equipment, furniture, and fixtures	10
Heavy rescue equipment	25
Buildings, infrastructure, water lines, and fire hydrants	40
Sewer mains and certain water assets	75-100

**(i) Pensions**

Pursuant to the modified accrual basis of accounting, governmental funds record the provision for pension cost when the obligation is incurred and will be liquidated with available and measurable resources. Pension cost for proprietary fund types is recorded when incurred (see Note K).

**(j) Insurance**

The City assumes the liability for most property damage and personal injury risks. Judgments and claims, including those incurred but not reported as of year-end, are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The City insures certain of its major buildings. The policy has a \$100,000 deductible. No losses occurred in 2001, 2003, or 2004 that exceeded insurance coverage. A fire occurred in January 2002 in which the City sustained a loss of approximately \$100,000.

The City's division of Police operates a fleet of six jet-powered helicopters. These helicopters (models M/D 500E), valued at approximately \$1,000,000 each, are insured for both hull insurance (\$1,000,000 per helicopter with \$100,000 deductible) and liability insurance (\$10,000,000 per occurrence; \$1,000,000 per passenger; no deductible). No accidents or losses occurred in 2002, 2003, or 2004.

Additionally, the City provides medical, dental, vision, and short-term disability coverage for its employees on a self-insurance basis. Expenses for claims are recorded on a current basis based on an actuarially determined charge per employee. The City accounts for such activity in an Internal Service Fund in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

A summary of changes in self-insurance claims liability follows:

		<u>(in thousands)</u>				
		<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Claims liability at January 1	\$	5,500	6,500	5,000	5,000	5,800
Incurred claims, net of favorable settlements		67,488	60,146	55,817	48,328	47,101
Claims paid		<u>(67,988)</u>	<u>(61,146)</u>	<u>(54,317)</u>	<u>(48,328)</u>	<u>(47,901)</u>
Claims liability at December 31	\$	<u>5,000</u>	<u>5,500</u>	<u>6,500</u>	<u>5,000</u>	<u>5,000</u>

Claims are accrued based upon estimates of the claims liabilities made by management and the third-party administrator of the City. These estimates are based on past experience and current claims outstanding. Actual claims experience may differ from the estimate. An actuary was used in the determination of the current liability. This claims liability is recorded in the Internal Service Fund as accrued wages and benefits.

## NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### (k) Vacation and Sick Leave

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation and sick leave at various rates.

Vacation and sick leave accumulated by governmental fund type and proprietary fund type employees is reported as an expense when earned in the government-wide financial statements. Vacation and sick leave accumulated by governmental fund type employees is not reported as an expenditure in the governmental fund financial statements, as current financial resources are not used.

Payment of vacation and sick leave is dependent upon many factors; therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payment of vacation and sick leave when such payments become due.

### (l) Debt Issuance Costs, Premiums, Discounts, and Accounting Losses (Refundings)

Bond premiums and discounts, as well as issuance costs and accounting losses on refundings, are deferred and amortized over the life of the bonds.

### (m) Interfund Transactions

The City has the following types of transactions among funds:

- 1) *Reciprocal interfund loans*: Amounts provided by one fund to another with a requirement for repayment.
- 2) *Reciprocal interfund services provided and used*: Purchases and sales of goods and services between funds for a price approximating their external exchange value.
- 3) *Nonreciprocal interfund transfers*: Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes payments in lieu of taxes that are not payments for, and are not reasonably equivalent in value to, services provided.
- 4) *Nonreciprocal interfund reimbursements*: Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

The City's interfund receivables and payables at December 31, 2004 are presented in Note E. Transfers are presented in Note P.

- (n) Pursuant to local statute and determined by an internal cost allocation plan, certain costs initially borne by the General Fund are then billed as direct charges to other funds of the City. Revenues from these charges are accounted for in the government-wide Statement of Activities as general government and in the governmental funds Statement of Revenue, Expenditures, and Changes in Fund Balances General Fund as charges for services. The corresponding expenses appear as function/program costs in the Statement of Activities.
- (o) The City, in its proprietary funds, accounts for all recurring type revenues, including all revenues which the City controls through statutory pricing or regulatory authority, as operating revenues and all recurring type expense as operating expenses. Non-recurring revenues such as gains on sales of assets and revenues over which the City has minimal or no control, primarily interest earnings, are accounted for as nonoperating revenues. Interest expense and other non-recurring expenses over which the City has minimal or no control are reported as non-operating expense.
- (p) The City complies with all restrictions governing the use of restricted assets. Such restrictions do not offer discretion regarding use of these resources in an unrestricted manner. Where capital funds,

## **NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

usually bond proceeds, are available capital assets are acquired from such resources. Capital assets can be, however, and to a lesser amount are, acquired from unrestricted resources.

### **(q) Restricted Net Assets**

At December 31, 2004, \$28.723 million of the City's \$276.223 million in governmental activities restricted net assets on the Statement of Net Assets were restricted by enabling legislation, as defined by GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*.

## **NOTE B—COMMITMENTS AND CONTINGENCIES**

### **(a) Litigation**

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental and other functions. As of December 31, 2004, claims approximating \$284.72 million were outstanding against the City. Based on the current status of all these legal proceedings, it is the opinion of management that ultimate resolution of such will not have a material effect on the City's financial statements.

### **(b) Federal Grants**

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. While questioned costs may occur, ultimate repayments required of the City have been infrequent in prior years.

### **(c) Franklin County Convention Facilities Authority (CFA)**

The CFA is a separate and distinct entity created under the laws of Ohio. In June 1990, the CFA issued lease revenue bonds for the purpose of constructing a convention facility in downtown Columbus. Also in June 1990, the City and the County of Franklin, Ohio (the County) entered into a lease/sublease arrangement with the CFA pursuant to which the City and the County leased the convention facility as tenants in common from the CFA. The City and the County subleased the facility back to the CFA. The lease requires that the City and the County each pay rent to the CFA in an amount equal to one half of the debt service on the revenue bonds. Under the sublease, the CFA is required to pay rent to the County and the City in an amount equal to such debt service. Such sub rental payments are expected to be derived from the hotel/motel excise tax levied by the CFA, and if such tax is insufficient, from earnings on, and the principal amount of, certain reserve funds created in connection with the issuance of the revenue bonds. If the foregoing amounts are insufficient, the City agreed in the lease to apply that portion of the hotel/motel tax levied by the City and currently paid by the City to a convention and visitors bureau to the payment of rentals under the lease. If, after the application of the foregoing amounts, additional amounts are required to meet the City's and the County's obligations under the lease, such amounts will be paid by the City and the County, in equal shares, from their general resources, provided that their respective legislative bodies have appropriated funds for such purpose. No such payments were necessary prior to or during 2004. The lease will terminate as to the City and the County if their respective legislative bodies fail to appropriate amounts required for rentals thereunder. The total amount of these revenue bonds outstanding at December 31, 2004 was \$150.9 million net of premiums and discounts of \$6.9 million, or a gross amount of \$157.8 million.

**NOTE B—COMMITMENTS AND CONTINGENCIES (CONTINUED)**

**(d) Other liabilities**

At December 31, 2004, the City had certain other liabilities of Governmental Type Activities that will not be paid from funds available, as defined. The City wishes to fully disclose these liabilities. In accordance with *GASB Interpretation No. 6; Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, however, these liabilities are not accounted for, nor are they required to be, in the Fund financial statements contained in this report. Those liabilities are:

- (1) Accrued pension in the amount of \$4.2 million represents the employer’s share of certain pension costs. This amount is due and payable in March 2005 and is budgeted in 2005 appropriations. This amount, therefore, is not payable from 2004 available funds.
- (2) Accrued vacation and sick leave are granted to City employees at varying amounts. At the time of the employee’s termination, such accruals are paid to the employee at varying rates from the fund to which the employee’s payroll is charged. Except for the unused portion of an employee’s prior year’s sick leave accrual which is recorded in the fund that ultimately disburses this accrual to the employee after year end, all other accrued vacation and sick leave applicable to governmental type activities is not reflected in the fund financial statements contained in this report. The long term liability activity related to compensated absences for the year ended December 31, 2004, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amount payable within one year
			(in thousands)		
Governmental Activities	\$ 55,125	42,196	39,590	\$ 57,731	\$ 39,500
Business Type Activities	4,374	5,949	5,957	4,366	4,366

**NOTE C—CASH AND INVESTMENTS**

**Investment Policies:** The City follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and records all its investments at fair value. At December 31, 2004, fair value was \$ 2,679,480 below the City’s net cost for its investments. At December 31, 2003 fair value was \$567,114 above net cost. Fair value is determined by quoted market prices and acceptable other pricing methodologies.

The City pools its cash, except for that held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency fund cash and investments, for maximum investing efficiency. Earnings on the pool are allocated to individual funds at the discretion of the City Council after meeting revenue bond indentures and other requirements. All statutory requirements are met in distributing earnings of the pool to various funds.

The City Codes, Chapters 325 and 321, respectively, provide for a Treasury Investment Board and a Depository Commission. Both consist of the City Treasurer, who serves as chairman and represents the City Council; the City Auditor, an independently elected official; and the Director of the Department of Finance, representing the Mayor; hence a check and balance process via the separation of powers.

Pursuant to these code sections, the City does not purchase any form of derivatives. The City does invest in STAROhio, an investment pool managed by the State Treasurer’s Office that allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner similar to Rule 2a-7 of

**NOTE C—CASH AND INVESTMENTS (continued)**

the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price that is the price the investment could be sold for on December 31, 2004.

Management of STAROhio states that its policy also prohibits investing in derivatives and/or engaging in the use of reverse repurchase agreements. Average days to maturity of the STAROhio portfolio at December 31, 2004 was 45 days. The City is prohibited from using reverse repurchase agreements and does not leverage its investment portfolio in any manner. The City purchases investments only through member banks of the Federal Reserve System or broker dealers registered with the National Association of Security Dealers. The City requires broker dealers to formally apply for and be evaluated for eligibility to conduct business with the City.

The City's investment code and practices have consistently protected the portfolio from unnecessary credit risk (safety) and market risks (liquidity) while providing a competitive yield. Generally, only eligible investments with the remaining terms not greater than two years until final maturity are purchased by the Treasurer. Investments with a remaining term of greater than two years may be purchased only with the specific approval of City Council. Average days to maturity of the City's investments with the Treasurer at December 31, 2004 was 231.0 days.

Investments as permitted by Chapter 325 of the Columbus City Code are:

- (A) Bonds, notes, or other obligations of the United States government or its Agencies for which the faith of the United States is pledged for the payment of principal and interest thereon. They are:

Obligations of the United States government:

- United States Treasury Bills
- United States Treasury Notes
- United States Treasury Bonds
- United States Treasury Strips

Obligations guaranteed by the United States government:

Federal government agencies:

- Department of Housing and Urban Development
- Farmers Home Administration
- General Service Administration
- Government National Mortgage Association
- Maritime Administration
- Washington Metropolitan Area Transit Authority

- (B) Bonds, notes, debentures, or other obligations issued by any of the federal government-sponsored enterprises listed below. They are:

- Federal Farm Credit System
- Federal Home Loan Banks
- Federal Home Loan Mortgage Corporation
- Federal National Mortgage Association

- (C) The Ohio State Treasurer's Asset Reserve Funds (STAROhio) pursuant to Ohio Revised Code 135.45;

- (D) Bonds or other obligations of the City of Columbus, Ohio;

- (E) Obligations of the State of Ohio or any municipal corporation, village, county, township, or other political subdivision of the State of Ohio, as to which there is no default of principal or interest and which have been approved as to their validity by nationally recognized bond counsel.

- (F) Certificates of deposits (collateralized as described below) in eligible institutions applying for

**NOTE C—CASH AND INVESTMENTS (continued)**

moneys as provided in Chapter 321 of Columbus City Codes; and

- (G) Repurchase agreements that are collateralized with legally authorized securities as defined in Chapter 321.08 of Columbus City Code and held in third-party safekeeping designated by the City Treasurer and in the name of the City of Columbus.

Safeguarding activities call for the City’s investments with the Treasurer, except for investments with STAROhio, investments held by revenue bond trustees, fiscal and escrow agents, and certain debt service and agency funds, to be held in book entry form at federal reserve banks in the accounts of certain member banks-agents of the City who hold the investments in the City’s name.

The revenue bond agreements of the water and sanitary sewer enterprises require certain cash and investments to be maintained and managed by trustees. The respective trustees, bank trust departments, invest these monies at the direction of the City Auditor pursuant to the revenue bond agreements.

All of the City’s deposits and investments comply with State statutes, City ordinances, and applicable bond indentures.

**Deposits:** Custodial credit risk is the risk that, in the event of a bank failure, the City’s deposits may not be returned. The City’s policy is to place deposits with major local banks (as defined by Chapter 321 of the City Code) approved by the Depository Commission. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the ORC and Chapter 321 of the Columbus City Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at a Federal Reserve Bank in the name of the City.

At December 31, 2004, the carrying amount of all City deposits, exclusive of money market funds in the amount of \$15,762,933 held by bond trustees, was \$170,786,354. Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, as of December 31, 2004, \$134,455,780 of the City’s bank balance of \$171,201,765 was exposed to custodial risk as follows:

	(in thousands)
Uninsured and collateral held by the pledging financial institution’s agents not in the City’s name	\$ 133,922
Uncollateralized and uninsured	<u>534</u>
Total balances per banks	<u>\$ 134,456</u>

The money market funds, amounting to \$15,762,933, while held by bond trustees as the City’s agents and in the City’s name, are also considered uncollateralized and uninsured. However, their disposition and availability are governed by bond ordinances and indentures.

**NOTE C—CASH AND INVESTMENTS (continued)**

**Investments:** As of December 31, 2004, the City had the following investments and maturities. (Amounts are in thousands.)

Investment Type	Fair Value	Investment Maturities				
		6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	Greater than 24 months
STAROhio	\$ 3,926	3,926	-	-	-	-
US Treasuries	42,281	37,315	4,966	-	-	-
FFCB Notes	11,967	9,979	1,988	-	-	-
FHLB Notes	280,468	153,686	88,732	26,870	11,180	-
FHLMC Notes	144,280	46,436	12,869	82,003	2,972	-
FMLMC Notes	17,953	-	17,953	-	-	-
FNMA Notes	140,081	39,719	48,108	47,282	4,972	-
City of Columbus Assessment Bonds	707	119	588	-	-	-
City of Columbus Assessment Notes	3,330	1,225	739	1,366	-	-
City of Columbus G.O. Refunding Bonds	5,340	3,730	-	1,610	-	-
City of Columbus Revenue (TIF) Bonds	555	-	-	-	-	555
<b>Total</b>	<b>\$ 650,888</b>	<b>296,135</b>	<b>175,943</b>	<b>159,131</b>	<b>19,124</b>	<b>555</b>

**Interest Rate Risk.** As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy generally limits investment portfolio maturities to two years or less. The City Treasurer holds one investment which matures on August 1, 2012. This \$555 thousand investment in City of Columbus Revenue (TIF) Bonds was specifically approved by City Council.

**Credit Risk.** The City's investments in the FFCB, FHLB, and FHLMC Coupon Notes were rated AAA and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The City's investments in FMLMC have a short-term Standard & Poor's credit rating of A-1+ and a short-term Fitch credit rating of F1+. The City's investment in FNMA Coupon Notes were rated AAA by both Standard and Poor's and Fitch. The City's investments in various City of Columbus bonds and notes totaling \$9,931,553 were not specifically rated; however, the City of Columbus Assessment Bonds are general obligations of the City. The City's general obligation bond ratings by Standard & Poor's and Moody's Investor Services are AAA and Aaa, respectively. Standard and Poor's has assigned STAROhio an AAAM money market rating.

**Concentration of Credit Risk.** The Treasury Investment Board guidelines do not place a limit on the amount which may be invested in any one issuer. Of the City's total investments, 43.1% are FHLB Notes, 22.2% are FHLMC Notes, and 21.5% are FNMA Notes. All other investments not explicitly guaranteed by the U.S. government are less than 5% of the City's total investments.

**NOTE C—CASH AND INVESTMENTS (continued)**

**Reconciliation of Cash and Investments to the Statement of Net Assets:** The following is a reconciliation of cash and investments to Statement of Net Assets as of December 31, 2004.

	(in thousands)
Investments (summarized above)	\$ 650,888

Housing and Urban Development (HUD) loans include Community Development Act (CDA) loans of \$36.4 million, Home Investment Partnerships (HOME) Program loans of \$40.9 million, and various other loans totaling \$6.7 million. Funds received under these programs that are loaned to eligible recipients are recorded as loans receivable. The City has recorded a \$68.4 million allowance for uncollectible HUD loans. In addition, the net receivable balance has been reported as a reservation of fund balance on the governmental fund financial statements.

**NOTE D—RECEIVABLES (continued)**

The revenue related to certain other receivables presented in the table above has been deferred due to the nature of those receivables. Deferred revenue and other is comprised of the following:

	(in thousands)				Business Type Activities – Enterprise Funds
	General	Special Income Tax	Other Governmental Funds	Totals	
Income tax (Note L)	\$ 40,695	13,565	-	\$ 54,260	\$ -

**NOTE E—DUE FROM AND DUE TO / INTERFUND RECEIVABLES AND PAYABLES (continued)**

The outstanding balances between funds result mainly from the time lag between the dates that interfund goods and services are provided, transactions are recorded in the accounting system and payments between funds are made.

In addition, the City has \$4 million due from the CRAA, a joint venture, to the Special Income Tax Fund, a debt service fund, for past operating advances, \$1.0 million in 1983, \$1.3 million in 1986 and \$1.7 million in 1990. Although an allowance for this amount has been provided for in the debt service fund; the amount remains recorded as a liability by CRAA pending an ultimate determination of the amount to be repaid, if any.

Certain Interfund Receivable/Payables of a longer term repayment schedule also exist. The Special Income Tax fund has paid debt service on certain general obligation bonds, proceeds of which were used for golf course improvements. The Recreation debt service fund, not a major fund, will make repayments from a portion of its revenues.

	(in thousands)	
	<u>Receivable</u>	<u>Payable</u>
Interfund Receivable/Payables:		
Special Income Tax	\$ 4,418	-

	<u>\$ 4,418</u>	<u>4,418</u>

**NOTE F—CAPITAL ASSETS**

Capital assets; those assets with an estimated useful life of five years or more from the time of acquisition by the City and a cost of \$5,000 or more, are primarily funded through the issuance of long term bonds and loans. Land and construction in progress are not subject to depreciation.

A summary of capital assets and changes occurring in 2004 follows.

	(in thousands)			Balance December 31, 2004

**NOTE F—CAPITAL ASSETS (continued)**

Capital assets, net of accumulated depreciation, at December 31, 2004 appear in the Statement of Net Assets as follows. (in thousands)

Governmental Activities (excludes Internal Service Funds)	\$ 1,390,716		
Business type activities:		Internal service funds:	
Water enterprise	\$ 349,265	Fleet management	\$ 1,637
Sanitary sewer enterprise	1,057,104	Information services	4,421
Storm sewer enterprise	86,640	Telecommunications	611
Electricity enterprise	77,298	Land Acquisition	7

Depreciation expense in 2004 was charged to the following functions and funds. (in thousands)

Governmental Activities (excluding Internal Service Funds):		Internal Service Funds:	
General government	\$ 1,260	Fleet management	\$ 291
Public service	34,021	Information services	1,136
Public safety	7,984	Telecommunication	160
Development	660	Land Acquisitions	<u>2</u>
Health	92		<u>\$ 1,589</u>
Recreation and parks	<u>5,285</u>		
	<u>\$ 49,302</u>		
Business Type Activities:			
Water enterprise	\$ 15,601		
Sanitary sewer enterprise	28,884		
Storm sewer enterprise	2,164		
Electricity enterprise	<u>3,255</u>		
	<u>\$ 49,904</u>		

Interest incurred during the construction phase (\$8.988 million in 2004), net of related interest earnings (\$252 thousand in 2004), of business-type activity capital assets is included as part of the capitalized value of the assets constructed. Interest was capitalized in 2004 in the following activities/funds.

	(in thousands)
Water enterprise	\$ 31
Sanitary Sewer enterprise	<u>8,705</u>
	<u>\$ 8,736</u>

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE**

Bonds, notes, and loans payable in the Statement of Net Assets are comprised of the following.

		(in thousands)			
	Governmental Type	Business Type Activities			
		Water	Sanitary Sewer	Storm Sewer	Electric
Amount outstanding at December 31, 2004	\$ 858,841	273,614	649,152	94,647	39,100

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

The principal retirement and payment of obligations under the capitalized lease in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances is comprised of the following. (in thousands)

General obligation OPWC notes	\$ 286
Single Family Mortgage Revenue Note (FNMA)	15
General obligation bonds	79,368
Obligation under capital lease	870
Revenue bonds (TIFs)	<u>380</u>
Total	<u>\$ 80,919</u>

Proceeds from bonds and long-term notes in the Other Governmental Funds (Capital Projects Fund) Statement of Revenue, Expenditures, and Changes in Fund Balance consist of the following. (in thousands)

General obligation OPWC notes	\$ 696
General obligation bonds – New Issues	181,460
Revenue bonds (TIF) – New Issues	26,510
Revenue note (TIF)	<u>1,542</u>
Total	<u>\$ 210,208</u>

Premiums received on bonds are included in the Special Income Tax fund and Other Governmental funds in the amount of \$17.443 million.

**Short-Term Notes**

The City issues special assessment notes for certain projects where the direct citizen-beneficiary of the project shares in its costs. Upon final determination of costs, the City then converts the remaining portion of the note (the portion not paid upon project completion by the citizen-beneficiary) to bonds. All special assessment notes are general obligations of the City and are held by the Debt Service Fund or the City's pooled cash and investments with Treasurer. All such notes are accounted for in Business-Type-Enterprise activities.

Issuances and maturities of such notes during 2004 were as follows. (in thousands)

Accounted for in:	Date issued	Maturity date	Interest rate	Balance December 31, 2003	Additions	Deletions	Balance December 31, 2004
Electricity Enterprise	4/2/2003	7/2/2004	1.60%	\$ 140	-	140	\$ -

Total Sanitary Sewer				<u>\$ -</u>	<u>1,366</u>	<u>-</u>	<u>\$ 1,366</u>

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

**Long-Term Notes**

Except for the FNMA note and the TIF note, all other notes payable are backed by the full faith and credit, i.e. general obligations, of the City. Notes may be issued in anticipation of long-term bond financing and are refinanced until such bonds are issued. There are, however, long-term notes for which the debt service will be paid from current resources. Those notes are as follows.

**Ohio Public Works Commission (OPWC):** OPWC extends both grants and loans to the City. In certain OPWC commitments, the agreements with OPWC provide for cash received by the City to be first considered as grant receipts. Monies received by the City after the grant commitment has been fulfilled by OPWC are then considered loans. Only the loan portion need be repaid by the City. The first two commitments from OPWC included loan monies only.

Notes in the amount of \$4.5 million accounted for as Governmental type represent the amounts due on fifteen loans from the Ohio Public Works Commission (OPWC) for infrastructure improvements. These notes are non-interest-bearing and have serial maturities, with final maturities July 1, 2024. Initial repayments of the loans began in July 1994. OPWC has committed to additional non-interest-bearing loans as shown below. Cash is provided to the City by OPWC only to the extent of project completion. Only that portion of the loan commitment actually paid to the City is recognized as a liability by the City. Repayments of these loans are made from the Debt Service Fund. OPWC loans are considered general obligations of the City and Governmental type obligations. Grant and loan commitments and loans outstanding at December 31, 2004 were as follows: (in thousands)

Project	Project Number	Total grant commitment	Total loan commitment	Total Loaned at 12/31/04	Repaid by City		Outstanding Loans at 12/31/04

Future debt service requirements on the OPWC loans and loan commitments are shown as Future Debt Service for Governmental Type Non-Proprietary – Notes contained in this Note G.

**Notes (TIF):** This amount represents a developer’s participation in debt service on certain limited general obligation bonds. The agreement between the City and the developer requires the developer to pay to the City 65% of debt service on the applicable portion of the bonds less the revenues received by the City from two TIFs. The amount received by the City from the developer on February 19, 2004 was \$1,542,077, on March 5, 2003 was \$1,836,912, and on April 27, 2002 was \$1,220,536. The City must begin repaying the developer when the applicable TIF revenues exceed 65% of the debt service on the

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

applicable portion of the bonds. The interest rate on the notes shall not exceed the City's rate of borrowing on general obligation bonds. The interest rate on the notes is estimated to be 4.60%. The repayment obligation is limited solely to revenues of the two applicable TIFs and does not constitute a general obligation of the City. While a precise date for beginning repayments of the notes and any such future notes can not be determined, it is estimated that such repayments will not begin for several years.

**FNMA:** The City participates in various affordable housing efforts. The following long-term note is not a general obligation of the City but is payable solely from mortgage payments made by the homebuyers and certain grant funds provided solely for this purpose. The FNMA note is also considered a governmental type obligation.

	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Outstanding At 12/31/2004 (in thousands)</u>
Non-enterprise: Federal National Mortgage Association (FNMA) Single Family Mortgage Revenue Note	8/11/98	9/1/09	6.63%	\$ 27

**Arbitrage Regulations**

The City has calculated and recorded all liabilities related to federal arbitrage regulation.

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

**Long-Term Summary**

Long-term debt, both general obligation (G.O.) and revenue supported is summarized below, exclusive of the capitalized lease (Note J).

	Years of Issue	Years due through	Interest rate	Weighted Average Interest rate	Amount (in thousands)

### Variable interest rate bonds

The variable interest rate bonds were issued, pursuant to ordinances adopted by Council, in the Electricity Enterprise in 1996; Sanitary Sewer Enterprise in 1994; Water Enterprise in 1995 and 1996; Storm Sewer Enterprise in 1995 and 1996; and Non-enterprise in 1995 and 1996, respectively. The 1994 Sanitary Sewer (weekly interest rate mode) bonds are revenue bonds. The Water Enterprise, the 1996 Electricity Enterprise, the Storm Sewer Enterprise, and the Non-enterprise bonds are variable rate, weekly interest rate mode, general obligation bonds. The proceeds of the bonds were used to provide funds for certain capital improvements, retire certain bonds and notes previously issued by the City, establish bond reserve funds, where required, in accordance with trust agreements, and pay costs incurred to issue the bonds.

Interest on the variable interest rate bonds is paid at various times as specified in the trust agreements relating to such bonds, at rates determined by the remarketing agent and the City after reviewing the rates of similar municipal issues. The bonds may be put at the discretion of the holders at a price equal to principal plus accrued interest on any interest payment date or such other dates as specified in the trust agreements. The remarketing agent is authorized to use its best efforts to sell the put bonds at a price equal to 100% of the principal amount.

The variable rate general obligation bonds are accounted for in the Governmental type bonds (\$21.095 million) the Water Enterprise Fund (\$38.275 million), the Electricity Enterprise Fund (\$4.550 million), and the Storm Sewer Enterprise Fund (\$4.265 million). These bonds are enhanced by a Liquidity Facility provided by Westdeutsche Landesbank Girozentrale—New York Branch (West L-B).

Under the Liquidity Facility for the variable rate general obligation bonds, subject to certain terms and conditions set forth therein, West L-B agrees to make funds available to purchase bonds that are tendered or required to be tendered for purchase and not remarketed or for which remarketing proceeds are not delivered. The Liquidity Facility on the 1995 variable rate general obligation bonds and the 1996 variable rate general obligation bonds will expire on June 15, 2011 and December 15, 2011, respectively, subject to earlier termination in accordance with its terms, but may be extended or replaced. Extension of the

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

termination date, if the City requests, is at the option of West L-B. The immediate termination or suspension of West L-B's obligation to purchase bonds under the Liquidity Facility does not result in acceleration of the bonds. West L-B is not obligated to pay the principal or redemption price of or interest on the bonds under any circumstances, but is obligated only to purchase bonds upon the tender thereof, subject to the terms and provisions of the Liquidity Facility.

If West L-B should be required to purchase these bonds, the City would be required to pay West L-B interest at the higher of the West L-B's prime rate (5.25% at December 31, 2004) or 2% over the Federal Funds rate. This increased interest is reflected in the following table as Debt Service Fund, Water Enterprise Fund, Electricity Enterprise Fund, and Storm Sewer Enterprise Fund general obligation bonds.

The Brewery TIF variable rate revenue bonds (\$2.9 million) and the Waggoner TIF variable rate revenue bonds (\$1.7 million) are both enhanced by letters of credit issued by Huntington National Bank, Columbus, Ohio.

The Sanitary Sewer variable rate revenue bonds (\$51.6 million) carry no letter of credit or liquidity enhancement. If a put bond proves to be unremarkable by the remarketing agent, the City is required by statute to buy the bonds into its own portfolio. A specific interest rate is not required of the Sanitary Sewer variable rate revenue bonds if purchased into the City's investment portfolio.

The following table reflects the additional interest the City would have to pay if the variable rate bonds were purchased into the City's own portfolio. The assumed incremental interest rate in the table is 5.25%.

	(in thousands)				
	Debt Service Fund General Obligation and Revenue Bonds	Enterprise Funds			
		Water General Obligation Bonds	Electricity General Obligation Bonds	Storm Sewer General Obligation Bonds	Sanitary Sewer Revenue Bonds
Year ending December 31:

2025-2029	85	-	-	-	-
	\$ 9,737	12,667	816	1,477	15,036

The City may, at its option, convert the variable rate bonds to a fixed rate. Furthermore, the bonds may be called at the discretion of the City under specified procedures on any interest payment date.

**Future Debt Service**

The following tables summarize the City's future debt service requirements on its outstanding bonds, long-term notes, and OWDA/EPA loans and loan commitments as of December 31, 2004. Future interest assumes rates on variable rate debt in effect at December 31, 2004. Although the variable rate bonds may be payable upon demand (as described previously), the City intends to repay these issues in accordance with the respective redemption schedules.

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

**Restricted Assets**

In conjunction with the issuance of the Water and Sanitary Sewer revenue bonds, the City entered into various trust agreements with commercial banks. These trust agreements require that the City establish various funds for the cost of construction and repayment of debt. The restricted asset balances in the Enterprise Funds segregate funds held by the City from funds held by trustees in accordance with the trust agreements. Enterprise restricted assets consisted of the following at December 31, 2004:

	(in thousands)				
	Water	Sanitary Sewer	Storm Sewer	Electricity	Total Enterprise
Held by the City— Construction funds	\$ 58,711	15,848	45,418	15,070	\$ 135,047
Held by trustees— Debt service funds	1,826	7,103	-	-	8,929
Accrued interest receivable on investments	-	7	-	-	7
Total restricted assets	<u>\$ 60,537</u>	<u>22,958</u>	<u>45,418</u>	<u>15,070</u>	<u>\$ 143,983</u>

Except for accrued interest receivable, restricted assets consist of cash, cash equivalents, and investments. In addition, these trust agreements require the City to pledge net revenues (defined in the trust agreement as revenues less operating and maintenance expenses) of the Water and Sanitary Sewer Enterprise Funds to the payment of the principal and interest on the respective bonds when due.

In the opinion of management, the city has complied with all bond covenants.

**Matured Bonds and Interest**

Matured bonds and interest payable include \$1.082 million and \$627 thousand respectively at December 31, 2004; \$1.107 million and \$626 thousand at December 31, 2003.

**OWDA**

Loans payable to the Ohio Water Development Authority (OWDA/EPA), \$341.932 million are revenue obligations incurred to help finance sewerage treatment facilities and are to be repaid from charges for sewerage services.

The City entered into a loan agreement with OWDA/EPA for the upgrade of wastewater treatment facilities wherein the City agreed to participate in the Ohio EPA's Water Resource Restoration Sponsor Program (WRRSP). The agreement called for a loan to the City of \$20.993 million with \$15.993 million for use by the City and \$5.0 million for use by the Columbus and Franklin County Metropolitan Park District (Metro Parks), a separate and distinct political subdivision of the State of Ohio.

At December 31, 2004 the City has accounted for \$18.100 million in the Sanitary Sewer Enterprise Fund (Business Type Activities), representing \$13.625 million disbursed by OWDA to the City and \$4.475 million disbursed to Metro Parks, as bonds and loans payable.

The City benefited from a significantly reduced interest rate on the loan which resulted in the total debt service on the \$20.993 million loan agreement to equate to debt service on the \$15.993 million City portion had the City not agreed to the cooperative agreement.

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

**Voted Debt Authority**

Various amounts of debt for various purposes were authorized by the City’s voters (voted-unlimited) in May 1991, November 1999, and November 2004. The remaining unissued amounts and purposes of these authorizations are shown in the following table (in thousands). There is no time limit regarding utilization of the authorization.

	Date <u>Authorized</u>	Total <u>Authorized</u>	(in thousands)		Unissued as <u>of 12/31/04</u>
			<u>Issued in 1991–2003</u>	<u>Issued in 2004</u>

Electricity	2004	12,235	-	-	12,235
Storm sewers	2004	104,150	-	-	104,150
Water system	2004	100,000	-	-	100,000
		<u>\$ 1,520,850</u>	<u>637,425</u>	<u>156,335</u>	<u>727,090</u>

Bonds identified above as Sanitary sewer system, Electricity, Water system, and Storm sewers are accounted for in the respective Business type enterprise funds. Other bonds are accounted for as Governmental type bonds.

**Legal Debt Margins**

The ORC provides that the total net debt (as defined in the ORC) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2004 the City’s total net debt amounted to 4.15% of total assessed value of all property within the City and unvoted net debt amounted to 0.63% of the total assessed value of all property within the City. The City had a legal debt margin for total debt of \$934.851 million and a legal debt margin for unvoted debt of \$716.333 million. The aggregate amount of the City’s unvoted debt is also subject to overlapping debt restrictions with other political subdivisions.

**Conduit Type Debt**

In 1994, the City issued \$2.225 million in library improvement revenue bonds in conjunction with the Worthington Public Library, another separate and distinct political subdivision. The site of this Worthington Public Library building, however, is located within the geographic boundaries of the City of Columbus. The proceeds of the bonds were used to construct and expand library facilities that were leased to the Board of Trustees of the library. The lessee makes lease payments directly to the revenue bond trustee in an amount equal to the revenue bond payments. In the event of default on the lease payments, the City’s liability is limited to surrendering possession of the library facilities to the trustees. The revenue bonds do not constitute a debt or a pledge of the faith and credit of the City and, accordingly, are not reflected in the accompanying basic financial statements. All payments of principal

## NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)

and interest were made when due. Bonds remaining outstanding at December 31, 2004 are as follows: (in thousands)

Title	Issue Date	Interest Rates	Original Amount	Outstanding at December 31, 2004	Final Maturity Date
City of Columbus, Ohio Library Improvement Revenue Bonds, Series 1994 (Board of Trustees of the Worthington Public Library—Lessee)	August 1, 1994	5.00% to 6.15%	\$ 2,225	\$ 1,210	January 1, 2015

### Tax Increment Financing Districts (TIFs)

The City, pursuant to the Ohio Revised Code and City ordinances, has established 24 TIFs. A TIF represents a geographic area wherein property values created after the commencement date of the TIF are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as "service fees", as though the TIF had not been established. These "service fees" are then dedicated to the payments for various public improvements within or adjacent to the TIF area. However, payments from two of the TIFs will assist the City in paying for certain public improvements in an area remote from the TIF area. Property values existing before the commencement date of a TIF continue to be subjected to property taxes.

"Service fee" revenue, net of County Auditor deductions of \$44 thousand, was \$5.860 million in 2004 and is accounted for as miscellaneous revenue in the Debt Service Funds since these monies are intended to pay principal and interest on bonds whose proceeds will be used to construct public improvements. Corresponding fixed assets are accounted for in the City's infrastructure accounts.

TIFs have a longevity of the shorter period of 30 years or until the public improvements are paid for. The property tax exemption then ceases; service fees cease, and property taxes then apply to the property values.

### Premium and Issuance Costs

Only those bonds issued in 2004 having premiums and/or issuance costs, none had discounts, are shown in the following table.

	(in thousands)		
	Par	Premium	Costs of Issuance
<b>Governmental type</b>			
GO Various purpose-new money	\$ 184,080	16,758	406
GO Various purpose-refunding	1,610	148	4
REV Easton TIF-new money & refunding	36,430	174	1,690

Total	<u>\$ 117,245</u>	<u>9,773</u>	<u>260</u>

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)****Refundings and Defeasances**

On October 28, 2004, the City issued \$20 million of tax increment financing (TIF) supported governmental type debt for the City's Polaris project. This new TIF debt raised additional capital for the project, but also refunded \$2.1 million of then outstanding TIF variable rate debt for the same project. No economic gain or loss resulted from the transaction. The transaction was accomplished as follows:

	<u>(in thousands)</u>
Sources of funds:	
Par amount of new bonds	\$ 20,000
Premium received	363
Total sources	<u>\$ 20,363</u>
Uses of funds:	
Redemption price and carrying value of old bonds	\$ 2,100
Underwriters' discount and other costs of issuance	571
Provision for debt service reserve fund	1,727
Additional capital proceeds	15,965
Total uses	<u>\$ 20,363</u>

On November 23, 2004, the City issued \$36.430 million of TIF supported governmental type debt for the City's Easton project. This new TIF debt raised additional capital for the project, capital for the City's downtown area remote from the TIF district and refunded/defeased existing TIF bonds related to the project. The refunding/defeasance, not transacted for the economic gain, eliminated certain restrictive covenants contained in the earlier bond indenture. The transaction was accomplished as follows.

	<u>(in thousands)</u>
Sources of funds:	
Par amount of new bonds	\$ 36,430
Premium received	174
Cash contribution from the City's TIF fund	3,044
Total sources	<u>\$ 39,648</u>
Uses of funds:	
Redemption price and carrying value of old bonds	\$ 29,520
Additional funds to escrow agent	2,950
Total funds to escrow agent	32,470
Underwriters' discount and other costs of issuance	1,690
Provision for debt service reserve fund	3,033
Additional capital proceeds	2,455
Total uses	<u>\$ 39,648</u>

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

Deferred amounts on refunding/defeasance portion of the Easton project debt was calculated as follows:

	<u>(in thousands)</u>
Reacquisition price:	
Par proceeds from sale of new bonds	\$ 36,430
Premium received	174
Cash contribution from the City's TIF fund	3,044
Less bond issuance costs	(1,690)
Less provisions for debt service fund	(3,033)
Less additional capital proceeds	<u>(2,455)</u>
Reacquisition price or amount paid to escrow agent	32,470
Net carrying amount of the old bonds	<u>29,520</u>
Deferred amount on refunding	<u>\$ 2,950</u>
Amortized in 2004	\$ 14
Unamortized amount	\$ 2,936

Nominal increase in debt service, economic loss, and present value loss on the refunding/defeasance portion of the Easton project debt was calculated as follows:

	<u>(in thousands)</u>
Refunded (old) bonds:	
Principal	\$ 29,520
Interest	<u>20,088</u>
Total	49,608
Refunding (new) bonds:	
Principal	36,430
Interest	<u>23,790</u>
Total	<u>60,220</u>
Increase in debt service	<u>\$ 10,612</u>
Economic gain (loss)	
Present value of loss from cash flow	\$ (4,458)
Cash contribution from TIF fund	(3,044)
Proceeds retained for debt service reserve fund	3,033
Additional capital proceeds	<u>2,455</u>
Net present value loss	<u>\$ (2,014)</u>
Present value rate:	
True interest cost of new bonds	4.48%
Interest rate borne by old bonds	4.25-5.30%

**NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)**

**Subsequent Event**

On February 11, 2005 the City sold \$295.015 million of General Obligation Refunding Bonds, dated February 23, 2005. The Refunding Bonds consisted of two series: \$227.010 million of unlimited (voted) bonds with a final maturity of December 15, 2023 and \$68.005 million of limited (unvoted) bonds with a final maturity of June 15, 2018. A summary of the refunding appears below.

	Governmental Type	Internal Service	Business Type – Enterprise				Total
			Water System	Sanitary Sewers	Storm Sewers	Electric System	
Reacquisition Price:							
Amount paid to escrow agent	\$ 191,021	278	42,062	61,192	28,185	3,574	\$ 326,312
Net carrying amount of old bonds:							
Old bonds outstanding	173,245	260	38,740	55,965	25,580	3,320	297,110
Unamortized bond premium	974	-	843	1,149	149	-	3,115
Unamortized bond issuance costs	(70)	-	(20)	(16)	(11)	-	(117)
Net carrying amount of old bonds	174,149	260	39,563	57,098	25,718	3,320	300,108
Deferred amount on the refunding	\$ 16,872	18	2,499	4,094	2,467	254	\$ 26,204

Nominal decrease in debt service, economic gain, and present value savings on the refunding/defeasance was calculated as follows:

Nominal savings, economic gain, and present value savings

Refunded (old) bonds							
Principal	\$ 173,245	260	38,740	55,965	25,580	3,320	\$ 297,110

## NOTE G—BONDS, NOTES, AND LOANS PAYABLE (continued)

### Defeased Bonds

A description of the City's advance refunded, defeased, bonds with remaining outstanding amounts follows: (in thousands)

Descriptions of Defeased bonds	Date Originally Issued	Original Par Amount	Redemption or Call Date	Date Defeased	Maturities Defeased	Interest Rates of Defeased Bonds	Amount Defeased	Amount Outstanding at December 31, 2004
Sewer Improvement No. 26 (U) – GO	6/15/91	\$101,320	9/15/01	11/15/93	2011	6.00%	\$ 5,070	\$ 5,070 (1)
Sewer Improvement No. 26 (U) – GO	6/15/91	101,320	9/15/01	4/8/94	2005-2010	6.00% to 6.875%	30,405	30,405 (1)
Tax Increment Financing Bonds, Series 1999 (Easton Project) – REV	6/01/99	30,050	6/01/09	11/23/04	2004-2024	4.25% to 5.30%	29,520	29,520

(1) These defeasances apply to these maturities only. These bonds are not called. The City has escrowed money for principal and interest to their final maturities, 9/15/2005, 06, 07, 08, 09, 10, and 11. The City does, however, reserve the right to call these bonds.

### NOTE H—ELECTRICITY

The City's Electricity Enterprise celebrated its 105<sup>th</sup> year of operation in 2004. The Enterprise presently serves 3,887 commercial customers and 9,675 residential customers and in 2004 had operating revenues of \$60.8 million (\$57.6 million in 2003). During 2004, the Electricity Enterprise Fund received approximately 23.3% (24.3% in 2003) of its charges for services from other funds of the City for electric power. The enterprise purchases and resells its power. The enterprise does not generate power.

On November 30, 2000, the Enterprise entered into a mandatory, exclusive contract for the purchase of power at \$36.14 per megawatt hour, adjusted for various transmission and other factors. The contract shall remain in effect until December 31, 2008, subject to the supplier's option to terminate on December 31 of 2005, 2006, or 2007. The City intends to continue to operate its Electricity Enterprise. Included in receivables (Note D) in the General Fund is \$32,391,317 representing amounts due from the Solid Waste Authority of Central Ohio (SWACO). On April 1, 1993, the City leased to SWACO an electricity-generating, solid waste recovery plant and related transfer stations (the Plant). The annual lease payments to the City were to be in the amount of the related debt service requirements. SWACO paid these rental payments to the City in a timely manner in 1993 and in 1994. The lease resulted in the removal of certain real and personal property assets from the Electricity Enterprise Fund with costs in the amount of \$202,000,000. The lease was accounted for as a capital lease in accordance with Statement No. 13 of the Financial Accounting Standards Board, *Accounting for Leases*, as amended, and was originally accounted for in the Electricity Enterprise Fund.

Due to a series of federal court decisions and U.S. E.P.A. decisions, the Plant ceased operations in 1994. Because the asset underlying the lease was no longer a functioning asset, the lease was transferred from the Electricity Enterprise Fund to the Special Income Tax debt service fund in 1994. General obligation bonds outstanding at that time and related to the construction of the underlying assets were also transferred, in 1994, from the Electricity Enterprise Fund to the then existing General Long-Term Obligations Account Group. These bonds now appear in the financial statements as Governmental type general obligation fixed rate bonds. In 1984, the City issued \$70.0 million of Variable Rate Demand Electric System Revenue Bonds. Proceeds of the bonds were used toward the completion of the Plant. Bondholders, however, had first lien on all revenues of the Electric Enterprise. Even after the closure of the Plant in 1994, these bonds, because of the lien on all revenues of the enterprise, remained as liabilities of the enterprise. In 2001, these revenue bonds were converted, refunded by the issuance of Governmental Type general obligation fixed rate unvoted bonds of the City. Since no claim on enterprise

## NOTE H—ELECTRICITY (continued)

revenues remains and the related asset was long ago, 1994, transferred out of the enterprise, the remaining bonds of \$29.450 million outstanding at December 31, 2001 were transferred out of the enterprise in 2002 as a Nonreciprocal Interfund Transfer.

In 1998 and again in 1999, the City and SWACO amended the lease, the third and fourth modifications. Essentially, the City agreed to reduce the amount due from SWACO to the City to an amount equal to 65% of debt service and associated bond costs required for the City's bonds from January 1, 1995 to the bonds' final maturity in 2010. SWACO agreed to impose a new fee on garbage originating throughout the SWACO boundaries, primarily Franklin County, Ohio. The City, rather than pay cash to SWACO for residential type garbage picked up by City garbage trucks, grants a credit to SWACO against the amount due by SWACO to the City. This credited amount approximates \$2.5 million annually. This new fee applies to all garbage originating within SWACO boundaries regardless of whether the garbage is disposed of (tipped) at SWACO's landfill or not. This new fee, authorized by SWACO in December 1998, became effective at various dates in 1999.

SWACO operates a landfill and agrees to continue to operate the landfill in a manner that ensures that disposal capacity in the Franklin County Landfill will be available to the City and its residents through, at a minimum, the year 2025. The City continues to agree to dispose of all garbage collected by the City at the SWACO landfill. In 2004, the City paid SWACO \$10.4 million for landfill tipping fees (\$10.3 million in 2003).

The lease of the Plant between the City and SWACO extends to March 31, 2010 with automatic renewals of 5-year terms at annual rentals of \$100,000, unless SWACO chooses not to renew. SWACO, however, with consent of the City, began partial demolition of the plant in 2005. The lease payment obligation to the City will, however, continue.

As stated in Note R- Subsequent Events in the City's Comprehensive Annual Financial Report for the fiscal year Ended December 31, 2003; the City, on May 4, 2004, received \$55.100 million from SWACO for partial satisfaction of lease rental payments described herein. This \$55.100 million resulted from proceeds of revenue bonds sold by SWACO and paid to the City; primarily representing delinquent lease rental payments due to the City in previous years and accounted for by the City as deferred revenue in the Debt Service Funds. Also in 2004, the City received an additional \$4.306 million from SWACO's other resources.

In 2004, pursuant to statute, the City began accounting for the SWACO lease in its General Fund. The City received \$377,500 from SWACO in January 2005 and is recognized as revenue in 2004 (60 day rule). All lease receivable amounts not received within 60 days after year end have been accounted for as deferred revenue in the General Fund (see Note D).

Revenue included in Note O-Miscellaneous Revenues as Rent: SWACO consists of \$59.406 million cash received from SWACO in 2004 plus \$377,500 received in January 2005 plus \$2.474 million in costs paid by SWACO on behalf of the City less \$500,000 cash received from SWACO in January 2004 and recognized as revenue in 2003; a total of \$61.758 million.

**NOTE H—ELECTRICITY (continued)**

A reconciliation of the debt service on the City's bonds related to the SWACO agreement to the City's lease receivable due from SWACO at December 31, 2004 follows:

Debt service: 1995-2003	\$ 156,737,718
2004	15,557,226
Projected debt service 2005-2010	<u>58,033,693</u>
Total applicable debt service	<u>\$ 230,328,637</u>
65% of total applicable debt service	\$ 149,713,615
Less:	
Payments made by SWACO:	
1995-2003	(52,923,193)
2004	(59,406,190)
Credits in lieu of payments -	
Retired facility fee:	
1999-2003	(11,341,965)
2004	(2,466,471)
Environmental costs and other:	
1998-2003	(3,401,217)
2004	( 7,978)
Interest due on deferred payment:	
1998-2003	12,099,247
2004	<u>125,469</u>
Amount due from SWACO to City at 12-31-2004	<u>\$ 32,391,317</u>

The amount due from SWACO at December 31, 2004 includes \$377,500 recognized as revenue in 2004 with the remaining \$32.014 million deferred. See Note D.

Debt service for 1995 through 2004 includes actual principal and interest on the general obligation bonds and principal and interest on the revenue bonds paid to the revenue bond trustee until such revenue bonds were refunded by general obligation bonds in March 2001. Also included are associated bond costs: letter of credit fees, trustee fees, and remarketing agent fees applicable to the revenue bonds. Total principal, interest, and associated bond costs were then reduced by interest earned and collected by the revenue bond trustee. Amounts for years 2005 to 2010 include actual principal and interest on the general obligation bonds remaining to be paid. Debt service requirements on the City's bonds will be paid from the City's General Bond Retirement debt service fund. The City is fully capable of meeting the debt service requirements of these bonds.

**NOTE I—PROPERTY LEASED TO OTHERS**

The City leased to others in 1985, an office building known as the old, old post office. The City has no net investment in this lease because the City's purchase price of \$3 million for the building was entirely recovered by a lease payment received at the lease's inception. The initial lease term is for 20 years with a 20-year renewal term at \$100 per year. The lessee may then purchase the property at its then fair market value or continue to lease it for up to 55 additional years.

The City leases certain real property, together with buildings and improvements located thereon, to the Columbus Zoological Park Association (the Zoo). The lease, with annual rental payments of \$10 per year, paid in a lump sum of \$200 before the first anniversary date of the amended lease, is an extension of earlier leases that began in 1970. This current lease which commenced in 2003 expires December 31,

## **NOTE I—PROPERTY LEASED TO OTHERS (continued)**

2023. The Zoo uses and occupies the premises solely for zoological, conservation, educational, research, and recreational purposes. Animals at the Zoo are not owned by the City.

In 2002, the City and Columbus Urban Growth Corporation ("CUGC"), a not for profit corporation under Chapter 1702 of the Ohio Revised Code and a qualified 501(C)(3) entity under the Internal Revenue Code, undertook discussions on the possible redevelopment of 84.311 acres of the vacated Northland Mall property. At the request of the City, CUGC negotiated the purchase of the property from the three landowners. In January and February 2003 pursuant to three (3) separate purchase contracts, the City purchased the 84.311-acre site from CUGC, and an affiliate of CUGC, Northland Town Center LLC. The total purchase price for the redevelopment site was \$9.5 million, which reflected the total of CUGC's and Northland Town Center, LLC's purchase price, acquisition expenses and carrying costs. Under the terms of the purchase agreements CUGC and Northland Town Center retained possession of the site for up to two (2) years with the obligation to maintain the site and to pay utilities, taxes, and insurance.

At the time of purchase by the City, CUGC was under contract to sell 10.877 acres of the former Federated Department Store site to Northland Associates, LLC for \$2 million. As part of the purchase from CUGC, the Northland Associates' contract was assigned to and assumed by the City. As part of the obligation under the contract with Northland Associates, LLC, and as necessary for the future redevelopment of the remainder of the site, the City agreed in December 2003, to contract with CUGC for \$1.3 million to construct a new public road system to serve the site (this contract was subsequently increased by \$150 thousand) and for \$1.1 million to demolish certain site improvements (this contract was subsequently reduced by \$150 thousand). On February 11, 2004, in accordance with the terms of the purchase contract, the City sold the 10.877 acres to Northland Associates, LLC., for the \$2 million.

With a term commencing July 1, 2003, the City and CUGC entered into a 99 year lease, renewable forever, for the remaining 73.434 acres of the former Northland Mall site. Under the lease CUGC is obligated to maintain the Premises and pay all expenses (utilities, taxes, and insurance). CUGC is obligated during the term of the lease to pay, as rent, 90% of its cash flow, as defined in the lease, from its operations on the Premises.

In addition, CUGC has the option to purchase the Premises or any portion thereof. The Premises are subdivided into three zones, Frontage, Middle, and South, with a set minimum purchase price for each zone. The minimum purchase prices were calculated to reimburse the City its basis in the premises less acreage associated with future public roads needed for the redevelopment. The option price per acre beginning in the second year of the term equals the greater of the initial option price plus 1% for each year after the first year or 10% of net profit realized by CUGC on any resale.

In December of 2004, by Ordinance No. 2189-2004, the City authorized the sale of three parcels of the Premises to CUGC and the resale of these parcels by CUGC permitted whereby CUGC was to retain all proceeds to defer past and future redevelopment costs of the site. The three sales were completed in January of 2005.

See also Note H regarding assets leased to SWACO by the City.

## **NOTE J—LEASE COMMITMENTS AND LEASED ASSET**

The City leases a significant amount of property and equipment under short term operating leases. Total payments on such leases for the year ended December 31, 2004 were approximately \$5.3 million.

The City also leases a building under a capitalized lease. The cost of the building, \$19.8 million, is included in the City's capital assets used in governmental activities. The City has four options to extend this lease for an additional term of 10 years each under the same terms and conditions of the original leases.

**NOTE J—LEASE COMMITMENTS AND LEASED ASSET (continued)**

During 2004, the City entered into an agreement with its component unit, RiverSouth, for the lease of approximately 1.621 acres of land, as described in Note A. The lease is considered a capital lease and the land, valued at \$2 million, is included in the City's capital assets used in governmental activities. It is anticipated that this amount will be amortized over the remaining life of the bonds issued by RiverSouth.

The following is a schedule of future minimum lease payments under both capitalized leases together with the present value of the net minimum lease payments as of December 31, 2004. Capitalized lease amounts also appear in Note G.

Year ending December 31:	<u>(in thousands)</u>
2005	\$ 916
2006	-
2007	168
2008	168
2009	169
2010 – 2014	843
2015 – 2019	843
2020 – 2024	843
Total minimum lease payments	\$ 3,950
Less—amount representing interest at 10.5% for the leased building and 4.81% for the leased land	<u>(1,080)</u>
Present value of net minimum lease payments	<u>\$ 2,870</u>

**NOTE K—PENSION PLANS**

Police and fire-sworn personnel participate in the statewide Ohio Police and Fire Pension Fund (OP&F). Substantially all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). Both OP&F and OPERS are cost sharing multiple-employer public employee retirement systems administered by their respective Retirement Boards. The OP&F Board consists of 6 members elected by representative groups and 3 statutory members. The OPERS Board consists of 6 members elected by representative groups, 1 statutory member, and 4 appointed members. The total payroll for the City's employees for the year ended December 31, 2004 was \$428.8 million. Of this amount, \$210.1 million was covered by OP&F, \$212.6 million was covered by OPERS, and \$6.1 million was not subject to pension benefit calculations.

Employer and employee required contributions to OP&F and OPERS are established by the Ohio Revised Code (ORC) and are based on percentages of covered employees' gross salaries, as defined. In addition to paying the employer's share as required by the ORC, the City pays a portion of the employee's share.

Required contributions to OP&F and OPERS are used to fund pension obligations and health care programs. Rates required attributable to 2004 payroll costs are summarized as follows:

	<u>Percentage of covered payroll—January 1, 2004 to December 31, 2004</u>				
	<u>Employee share</u>			<u>Employer Share</u>	<u>Total</u>
	<u>Paid by City</u>	<u>Paid by employee</u>	<u>Total</u>		
Police	6.5	3.5	10.0%	19.5%	29.5%
Fire	6.5	3.5	10.0%	24.0%	34.0%
OPERS:					
Full time	8.5	-	8.5%	13.55%	22.05%
Part time	6.0	2.5	8.5%	13.55%	22.05%

**NOTE K—PENSION PLANS (continued)**

**Police and Fire (OP&F)**

OP&F has provided the following information to the City in order to assist the City in complying with Statement No. 27.

- A. OP&F is a cost-sharing multiple-employer defined benefit pension plan.
- B. OP&F provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.
- C. Authority to establish and amend benefits is provided by state statute per Chapter 742 of the ORC.
- D. OP&F issues a stand-alone financial report. Interested parties may obtain a copy at [www.op-f.org](http://www.op-f.org), by making a written request to OP&F at: 140 East Town Street, Columbus, Ohio 43215-5164, or by calling (614) 228-2975.
- E. The ORC provides statutory authority for employee and employer contributions. The required contributions are:

	<u>Employees</u>	<u>Employer</u>
Police	10%	19.5%
Fire	10%	24.0%

- F. Required employer contributions are equal to 100% of the dollar amount billed to each employer.

City data indicates the required amounts for the past five years have been:

<u>Year</u>	Employee share paid by <u>employee</u>	Employee share <u>paid by City</u> (in thousands)	Employer share <u>paid by City</u>	Total paid <u>by City</u>
Police:				
2004	\$ 4,038	7,499	22,652	30,151
2003	3,756	6,975	20,927	27,902
2002	3,781	7,022	21,067	28,089
2001	3,782	7,024	21,072	28,096
2000	3,287	6,104	18,311	24,415
Fire:				
2004	\$ 3,308	6,159	22,722	28,881
2003	2,359	6,625	21,561	28,186
2002	1,268	7,185	20,286	27,471
2001	1,207	6,842	19,317	26,159
2000	1,223	6,929	19,565	26,494

Participants in OP&F may retire at age 48 with at least 25 years of credited service or at age 62 with at least 15 years of credited service and are entitled to an annual retirement benefit, payable in monthly installments for life, equal to 2.5% of annual earnings for each of the first 20 years of credited service, 2.0% for each of the next five years of credited service, and 1.5% for each year of service thereafter. However, this normal retirement benefit is not to exceed 72% of the member's average annual salary of the three years during which the total earnings were greatest. Members become vested in certain benefits after 15 years of service at age 48 and become vested in full normal retirement benefits after 25 years of service. OP&F also provides a \$1,000 lump-sum death benefits payment in addition to survivor and disability benefits. Benefits are established by the ORC.

## NOTE K—PENSION PLANS (continued)

OP&F has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with Statement No. 12.

- A. OP&F provides postretirement health care coverage to any person who receives or is eligible to receive a monthly benefit check or is a spouse or eligible dependent child of such person. An eligible dependent child is any child under the age of 18 whether or not the child is attending school or under the age of 22 if attending school full-time or on a 2/3 basis. The health care coverage provided by the retirement system is considered an Other Postemployment Benefits (OPEB) as described in GASB Statement No. 12. The Ohio Revised Code provides that the health care cost paid from the fund of OP&F shall be included in the employer's contribution rate. The total police employer contribution rate is 19.5% of covered payroll and the total firefighter employer contribution rate is 24% of covered payroll.
- B. The ORC provides the statutory authority allowing OP&F's Board of Trustees (Board) to provide health care coverage to all eligible individuals.
- C. Health care funding and accounting is on a pay-as-you-go basis. A percentage of covered payroll, as defined by the Board, is used to pay retiree health care expenses. The Board defined allocation was 7.75% of covered payroll in 2003 and 2004. In addition, since July 1, 1992 most retirees and survivors have been required to contribute a portion of the cost of their health care coverage through a deduction from their monthly benefit payment. Beginning in 2001, all retirees and survivors have monthly health care contributions.
- D. The total health care expense paid by the retirement plan was \$150,853,148 net of member contributions of \$17,207,506 for the year ended December 31, 2003. Eligible benefit recipients totaled 13,662 for police and 10,474 for fire. Based on the portion of each employer's contribution to OP&F set aside for funding of postretirement health care, as described above, the City's contribution for 2004 allocated to postretirement care was approximately \$9.0 million for police and \$7.3 million for fire.

## OPERS

OPERS has provided the following information to the City in order to assist the City in complying with GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* (Statement No. 27). OPERS administers three separate pension plans as described below:

- A. The Traditional Pension Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan.
- B. The Member-Directed Plan (MD) – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon.
- C. The Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.
- D. OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.
- E. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the ORC.

**NOTE K—PENSION PLANS (continued)**

- F. OPERS issues a stand-alone financial report. Interested parties may obtain a copy at [www.opers.org](http://www.opers.org), by making a written request to OPERS at: 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-6701 or 1-800-222-PERS (7377).
- G. The ORC provides statutory authority for employee and employer contributions. The City's employee contribution rate in 2004 was 8.5%. The City's contribution rate, as an employer, was 13.55% of covered payroll.
- H. Required employer contributions are equal to 100% of the dollar amount billed to each employer and must be extracted from the employer's records.

City data indicates the required amounts for the past five years have been:

	Employee share Paid by <u>employee</u>	Employee share <u>paid by City</u>	Employer share <u>paid by City</u>	Total paid <u>by City</u>
	(in thousands)			
2004	\$ 221	17,851	28,809	46,660
2003	225	17,878	28,858	46,736
2002	268	17,444	28,713	46,157
2001	286	17,251	27,957	45,208
2000	314	16,455	21,200	37,655

Participants in OPERS may retire, at any age with 30 years of service, at age 60 with a minimum of five years of credited service, and at age 55 with a minimum of 25 years of service. Those individuals retiring with less than 30 years of service or less than age 65 receive reduced retirement benefits. Eligible employees are entitled to a retirement benefit, payable monthly for life, equal to 2.2% of their final average salary for each year of credited service up to 30 years. Employees are entitled to 2.5% of their final average salary for each year of service over 30 years. Final average salary is the employee's average salary over the highest three years of earnings. Benefits fully vest upon reaching five years of service. OPERS also provides death and disability benefits. Benefits are established by the ORC.

OPERS has provided the following information pertaining to other postemployment benefits for health care costs in order to assist the City in complying with *GASB Statement No. 12, Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Government Employers* (Statement No. 12).

- A. Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan (TP) – a cost sharing multiple-employer defined benefit pension plan; the Member-Directed Plan (MD) – a defined contribution plan; and the Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS provides retirement, disability, survivor, and post-retirement health care benefits to qualifying members of both the Traditional and the Combined Plans; however, health care benefits are not statutorily guaranteed. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-retirement health care coverage, age and service retirees must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the Retirement System is considered an Other Post-employment Benefit (OPEB) as described in GASB Statement No. 12.

## NOTE K—PENSION PLANS (continued)

A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. The OPERS law enforcement program is separated into two divisions, law enforcement and public safety with separate employee contribution rates and benefits. The 2004 employer contribution rate for local government employer units was 13.55% of covered payroll and 4.00% was used to fund health care for the year.

B. The Ohio Revised Code provides the statutory authority requiring public employers to fund postretirement health care through their contributions to OPERS.

C. Summary of Assumptions:

Actuarial Review. The assumptions and calculations below were based on the Systems latest Actuarial Review performed as of December 31, 2003.

Funding Method. An entry age normal actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of unfunded actuarial accrued liability.

Assets Valuation Method. All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Under this approach assets are adjusted annually to reflect 25% of unrealized market appreciation or depreciation on investment assets.

Investment Return. The investment assumption rate for 2003 was 8.00%.

Active Employee Total Payroll. An annual increase of 4.00% compounded annually is the base portion of the individual pay increase assumption. This assumes no change in the number of active employees. Additionally, annual pay increases, over and above the 4.00% base increase, were assumed to range from .50% to 6.3%.

Health Care. Health care costs were assumed to increase at the projected wage inflation rate plus an additional factor ranging from 1.0% to 6.0% for the next 8 years. In subsequent years (9 and beyond) health care costs were assumed to increase at 4.00% (the projected wage inflation rate).

D. OPEB are advanced-funded on an actuarially determined basis. The following disclosures are required:

1. The number of active contributing participants in the Traditional Pension and Combined Plans at year end 2004 was 369,885.
2. The City's contribution used to fund OPEB was \$8.5 million.
3. \$10.5 billion represents the actuarial value of the Retirement System's net assets available for OPEB at December 31, 2003.
4. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$26.9 billion and \$16.4 billion, respectively.

E. OPERS Board adopts a Health Care Preservation Plan:

On September 9, 2004 the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. The HCPP restructures OPERS' health care coverage to improve the financial solvency of the fund in response to skyrocketing health care costs.

## **NOTE K—PENSION PLANS (continued)**

Under the HCPP, retirees eligible for health care coverage will receive a graded monthly allocation based on their years of service at retirement. The Plan incorporates a cafeteria approach, offering a broad range of health care options that allow benefit recipients to use their monthly allocation to purchase health care coverage customized to meet their individual needs. If the monthly allocation exceeds the cost of the options selected, the excess is deposited into a Retiree Medical Account that can be used to fund the future health care expenses.

There are no post-employment benefits provided by the City other than those provided through OPERS and OP&F.

The liability for past service costs at the time OPERS was established was assumed by the State of Ohio; therefore, it is not a liability of the City. The liability for past service costs at the time OP&F was established was paid by the City to OP&F in January 1994. The City is current on all of its required pension fund contributions.

## **NOTE L—INCOME TAXES**

The City levies a tax of 2% on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income they earn outside the City. However, a credit is allowed for income taxes paid to other municipalities.

Employers within the City are required to withhold income tax on employees' compensation and remit this tax to the City semimonthly, monthly, or quarterly, depending upon the amounts withheld. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

For the governmental fund financial statements, the City recognizes as revenue income tax received within 60 days after year end applicable to taxpayer liabilities for periods prior to the year end net of an allowance for income tax refunds. These taxes are considered both measurable and available whereas all other income taxes are recognized as revenue when received. The City has consistently followed this practice for many years.

Receivables and deferred revenues have been recorded in the General and Special Income Tax fund in the amount of \$40.695 million and \$13.565 million, respectively, for the estimated income tax due to the City for 2004 and prior tax years, but not collected within the available period.

## **NOTE M—PROPERTY TAXES**

Property taxes include amounts levied against all real, public utility, and tangible personal (used in business) property located in the City.

Real property taxes and public utility taxes collected during 2004 were levied after October 1, 2003 on the assessed value listed as of January 1, 2003, the lien date. One half of these taxes were due January 20, 2004 with the remaining balance due on June 20, 2004. Tangible personal property taxes attach as a lien and were levied on January 1, 2004. One half of this tax was due on April 30, 2004 and the remaining balance was due on September 20, 2004.

Assessed values on real property are established by state law at 35% of appraised market value. A revaluation of all property is required to be completed every sixth year. The last revaluation was completed in 1999. Tangible personal property assessments are 25% of true value (true values are based on cost and established by the State of Ohio). The assessed value upon which the 2004 levy was based was approximately \$14.489 billion. The assessed value for 2004, upon which the 2005 levy will be based, is approximately \$14.719 billion.

**NOTE M—PROPERTY TAXES (continued)**

Ohio law prohibits taxation of property from all taxing authorities within a county in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .314% (3.14 mills) of assessed value. Increases in the property tax rate are restricted only by voter willingness to approve such increases.

The County Treasurers collect property taxes on behalf of all taxing districts in the counties, including the City of Columbus. The County Auditors periodically remit to the City its portion of the taxes collected. Property taxes may be paid on either an annual or semiannual basis. Current tax collections for the year ended December 31, 2004 were 95.1% (95.2% in 2003) of the tax levy.

Property taxes levied in 2004 but not due for collection until 2005 are recorded in the General Fund as taxes receivable and deferred revenues at December 31, 2004 in the amount of \$45.8 million.

**NOTE N—DEFICIT FUND EQUITIES**

At December 31, 2004, the Recreation & Parks Operations Special Revenue Fund and the Recreation Debt Service Fund had deficits of \$174 thousand and \$4.358 million, respectively. These deficits will be eliminated by future charges for services or bond proceeds.

Fund balance deficits may be budgeted for and exist on the City's budgetary basis of accounting for certain funds. These fund balance deficits exist because encumbrances are recorded against certain accounts receivable that are not recognized as revenue on the budget basis of accounting.

**NOTE O—MISCELLANEOUS REVENUES**

For the year ended December 31, 2004, miscellaneous revenues in the fund financial statements consisted of the following:

	(in thousands)		
	General	Special Income Tax	Other Governmental Funds
Hotel/motel taxes	\$ 2,875	-	8,856
Refunds and reimbursements	3,008	-	3,631
Rent :			
SWACO	61,758	-	-
Other	96	229	210
Capital contribution	-	-	458
Payments in lieu of property taxes	9	-	5,904
Donations	-	-	1,360
HUD loan interest	-	-	676
City auto license tax	-	-	3,066
Commissions	8	-	-
Sale of assets	-	268	2,592
CRAA	-	5,524	-
Electric kWh revenue	3,265	-	-
Other	36	-	4,728
	<u>\$ 71,055</u>	<u>6,021</u>	<u>31,481</u>

**NOTE P—TRANSFERS**

For the year ended December 31, 2004, transfers presented in conformity with generally accepted accounting principles (GAAP) consisted of the following: (in thousands)

	Transfers in						Business Type Activities- Enterprise Fund
	Total Transfer Out	General Fund	General Bond Retirement Fund	Special Income Tax Fund	Other Governmental Funds	Governmental Activities Internal Service Funds	
<i>General Fund:</i>							
Recreation Operating	\$ 22,352	-	-	-	22,352	-	-

Tipping fees	11,318	11,318	-	-	-	-	-
Other	9,256	1,731	7,525	-	-	-	-
Total Special Income Tax Fund	35,793	13,049	20,237	-	-	-	2,507
<i>Other Governmental Funds:</i>							
Special Revenue Funds	2,222	6	886	-	1,323	-	7
Nonmajor Debt Service Funds	10,113	-	2,818	4,483	2,812	-	-
Capital Projects Funds	40,176	-	479	6,968	32,729	-	-
Other	-	-	-	-	-	-	-
Total Other Governmental Funds	52,511	6	4,183	11,451	36,864	-	7
<i>Governmental Activities – Internal Service Funds:</i>							
Internal Service Funds	2	-	-	-	-	2	-
Total Governmental Activities	127,982	13,055	24,420	11,451	76,540	2	2,514
<i>Business Type Activities</i>							
Electricity	102	-	-	-	102	-	-
Total Business Type Activities	102	-	-	-	102	-	-
Total Transfers	\$ 128,084	13,055	24,420	11,451	76,642	2	2,514

Transfers are used to move revenues from the fund with collection authorization to the General Bond Retirement fund as debt service principal and interest payments become due and to move unrestricted revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorization, including amounts provided as subsidies and/or matching funds for various grant programs.

## NOTE Q—JOINT VENTURES

### COLUMBUS REGIONAL AIRPORT AUTHORITY

On December 12, 2002 the City of Columbus, Ohio, the Columbus Municipal Airport Authority, and the County of Franklin, Ohio entered into the *Port Authority Consolidation and Joinder Agreement*. The effective date of the agreement was January 1, 2003. The agreement unites the operations of Columbus Municipal Airport Authority, created by the City in 1990, and the Rickenbacker Port Authority, created by the County in 1979 and dissolved by the County Commissioners via this action. The new entity is titled the *Columbus Regional Airport Authority (CRAA)*. The board of directors of the CRAA is its governing body and consists of nine (9) members; four (4) appointed by the Mayor of the City of Columbus, four (4) by the County Commissioners of Franklin County and one (1) jointly by the Mayor and the County Commissioners.

Beginning January 1, 2003 the Columbus Regional Airport Authority (CRAA) is characterized as a Joint Venture of the City and the County whereas, the Columbus Municipal Airport Authority (CMAA) was reported as a component unit of the City through December 31, 2002.

Summary financial data of CRAA for the year ended December 31, 2004 are as follows:

	(in thousands)
Cash and cash equivalents, unrestricted	\$ 13,722
Other current assets, unrestricted	7,255
Cash and cash equivalents, restricted	62,140
Other investments, restricted	17,555
Other current assets, restricted	3,539
Capital assets, net of accumulated depreciation	437,206
Non-current investments, unrestricted	23,389
Non-current assets other than capital	6,856
Non-current investments, restricted	11,237
Total assets	<u>\$ 582,899</u>
Current liabilities payable from unrestricted assets	\$ 15,129
Current liabilities payable from restricted assets	14,257
Non-current liabilities	126,195
Total liabilities	<u>155,581</u>
Investment in capital assets net of related debt	309,121
Restricted net assets	89,378
Unrestricted net assets	28,819
Total net assets	<u>\$ 427,318</u>
Total revenues and capital contributions	\$ 102,174
Total expense	<u>(68,818)</u>
Increase in net assets	33,356
Net assets at beginning of year	<u>393,962</u>
Total net assets at end of year	<u>\$ 427,318</u>

**NOTE Q—JOINT VENTURES (CONTINUED)**

**FRANKLIN PARK CONSERVATORY JOINT RECREATION DISTRICT**

As noted in Note A, the Franklin Park Conservatory Joint Recreation District (the Conservatory District) is considered a joint venture of the City and Franklin County (the County). The arrangement with the Conservatory District possesses all of the following characteristics to be classified as a joint venture. The Conservatory District:

- \* resulted from a contractual arrangement (City Resolution 109X-90 and Franklin County Resolution 79-90 pursuant to authority contained in Section 755.14(B) of the Ohio Revised Code);
- \* functions as a separate and specific activity from the City and the County;
- \* is governed by the City and the County, with neither entity in a position to unilaterally control the Conservatory District's financial or operating policies; and
- \* involves an ongoing financial responsibility on the part of the City and the County.

The Conservatory District receives an annual operating subsidy from the City, subject to annual appropriation by the City's Council. Financial statements of the Conservatory District may be obtained from the Conservatory District's administration offices at 1777 East Broad Street, Columbus, Ohio 43203. Summary financial data for the year ended December 31, 2004 are as follows:

	(in thousands)
Cash and investments	\$ 1,033
Other current assets	393
Capital assets, net of accumulated depreciation	4,912
Other noncurrent assets	<u>245</u>
Total assets	\$ <u>6,583</u>
Current liabilities	\$ 1,323
Noncurrent liabilities	<u>81</u>
Total liabilities	<u>1,404</u>
Investment in capital assets net of related debt	4,912
Restricted net assets	1,049
Unrestricted net assets	<u>(782)</u>
Total net assets	\$ <u>5,179</u>
Total revenues (including City payments of \$452,693)	\$ 5,061
Total expense	<u>(4,892)</u>
Income before depreciation	169
Depreciation expense	(327)
Capital contributions	<u>84</u>
Decrease in net assets	\$ <u>(74)</u>

The Conservatory District's restricted net assets at December 31, 2004 are comprised of an expendable endowment of \$888,219 and an investment of \$160,798 at the Columbus Foundation, an Ohio not-for-profit corporation, for the purpose of furthering the Conservatory District's mission. The Conservatory District has the right to suggest to the Columbus Foundation how these monies are to be expended.

**NOTE Q—JOINT VENTURES (CONTINUED)**

**COLUMBUS/FRANKLIN COUNTY AFFORDABLE HOUSING TRUST CORPORATION**

Also, as noted in Note A, the Columbus/Franklin County Affordable Housing Trust Corporation (AHT) is considered a joint venture of the City and County. In its *Audits of State and Local Governmental Units, with Conforming Changes as of May 1, 2001*, both the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB) recognizes an organization to be governmental if it has one or more of the following characteristics:

- “Popular election of officers or appointment (or approval) of a controlling majority of the members of the organization’s governing body by officials of one or more state or local governments.”

All members of AHT’s board of trustees are jointly appointed by the City’s Mayor and the County’s Commissioners.

- “The potential for unilateral dissolution by a government with the net assets reverting to the government.”

The contract between the City and AHT, in the event of its termination, calls for assets of AHT received from the City and assets of AHT acquired through the use of City funds to revert to the City.

- “The power to enact and enforce a tax levy.”

AHT does not have taxing authority.

Having two of the above characteristics AHT, therefore, is considered a joint venture of the City. AHT will continue to receive annual funding from the City as long as the current agreement continues. Summary financial data for the year ended December 31, 2004 are as follows:

	(in thousands)
Cash and cash equivalents	\$ 4,836
Other current assets	79
Capital assets, net of accumulated depreciation	12
Non-current assets other than capital	<u>4,516</u>
Total assets	\$ <u>9,443</u>
Current liabilities	\$ 66
Non-current liabilities	<u>11</u>
Total liabilities	<u>77</u>
Investment in capital assets net of related debt	12
Restricted net assets	8,624
Unrestricted net assets	<u>730</u>
Total net assets	\$ <u><u>9,366</u></u>
Total revenues (including City support of \$988,966)	\$ 2,234
Total expense	<u>(750)</u>
Increase in net assets	\$ <u>1,484</u>

## NOTE R—COMPONENT UNITS

As described in Note A, the City has two discretely presented component units. The significant accounting disclosures for each of the component units follow.

### COLUMBUS URBAN GROWTH CORPORATION (CUGC)

CUGC, incorporated in 1996 as an Ohio not-for-profit corporation, was organized for the purpose of promoting commercial and industrial development and creating investment and job opportunities in Columbus inner city and economically depressed neighborhoods.

#### *Significant Accounting Policies and Disclosures for CUGC*

CUGC financial statements are prepared on an accrual basis of accounting in accordance with generally accepted accounting principles as prescribed by the Financial Accounting Standards Boards Statements and Interpretations (FASB) and reports on a June 30<sup>th</sup> fiscal year end. All balances contained herein for CUGC are as of and for the year ended June 30, 2004. CUGC's financials statements have been reformatted to a presentation compatible with the City's financial statements.

*Cash* – CUGC maintains cash in financial institutions that may exceed federally insured amounts at times. CUGC's cash balance at June 30, 2004 was \$191,995.

*Property Held for Development* – Property held for development consists of properties that are currently under construction or rehabilitation (\$5.276 million) and land available for sale (\$770 thousand). These properties totaled \$6.046 million at June 30, 2004 and are reported as property held for development on the City's Statement of Net Assets.

*Capital Assets* – Capital assets are stated at cost. Depreciation is provided on a straight-line method over an estimated useful life of the assets. A summary of capital assets as of June 30, 2004 follows.

	(in thousands)
Building	\$ 11,978
Furniture and fixtures	141
Computers and equipment	115
Total capital assets	<u>12,234</u>
Less: accumulated depreciation	585
Total capital assets, net	<u>\$ 11,649</u>

*Bonds and Notes Payable* – CUGC is the owner of a 90,000 square-foot building within the West Edge development, which was financed with \$10.5 million Series A and B Municipal Bonds. CUGC also holds certain interest bearing and non-interest bearing notes payable to various entities including the City, National City Bank and Fifth Third Bank. CUGC has a line of credit with National City Bank with a variable rate of interest of prime plus 1% for a maximum borrowing of \$100 thousand. At June 30, 2004, the outstanding balance was \$15 thousand. The following table shows the bonds and notes payable as of June 30, 2004.

	(in thousands)
Line of credit	\$ 15
Bonds payable (including derivative of \$149 thousand)	10,649
Notes payable:	
Due to primary government	4,480
Other	1,827
Total bonds and notes payable	<u>\$ 16,971</u>

**NOTE R—COMPONENT UNITS (CONTINUED)**

Projected amortization of bonds and notes payable are as follows:

	(in thousands)	
	Bonds Payable	Notes Payable
<u>June 1,</u>		
2004	\$ 515	\$ -
2005	570	1,277
2006	485	54
2007	540	43
2008	600	26
2009 and thereafter	7,790	4,907
Total	10,500	6,307
Id: Derivative at fair value	149	-
Total bonds payable	<u>\$ 10,649</u>	<u>\$ 6,307</u>

CUGC accounts for its interest rate swap agreement in accordance with Statement of Financial Accounting Standards (SFAS) No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended by SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities," which requires all derivative instruments to be carried at fair value on the statement of financial position. CUGC designated its derivative instrument (interest rate swap) used for risk management into a hedging relationship in accordance with the requirements of the new standard. The derivative instrument used to hedge the variability of forecasted cash flows attributable to interest rate risk was designated in a cash flow hedge relationship.

On August 2, 2002 CUGC entered into an interest rate swap agreement with the intent of managing CUGC's exposure to interest rate movements of future cash flows by effectively converting a portion of bonds payable from a variable rate to a fixed rate of 3.16% without the exchange of the underlying principal amounts.

The interest rate swap agreement is accounted for as a cash flow hedge and is recorded in the financial statements at its fair value with an offsetting charge to changes in net assets. The interest rate swap has a notional amount of \$10.5 million and a maturity date of August 9, 2007. The "derivative at fair value" presented on CUGC's statements in the amount of \$148,699, has been reclassified to bonds payable on the City's Statement of Net Assets.

*Northland Properties* – During fiscal year 2003, CUGC acquired and sold to the City the property known as the former Northland Mall. The acquisition began in November of 2002 and was completed by April of 2003. The sales agreement with the City, completed in April 2003, called for CUGC to assume the development responsibilities for the site as agent to the City. The sale price to the City was larger than the acquisition cost to cover the future expenses of acquisition, carrying costs, marketing costs, design and engineering, and environmental work. These excess amounts paid to CUGC by the City have been reflected as deferred revenue and recognized as development fee income as actual costs are incurred. The amount of development fees recognized in 2004 was approximately \$396 thousand.

CUGC entered into an agreement with the City whereby CUGC, acting as agent to the City, would supervise and execute the demolition of buildings and the installation of infrastructure in connection with the Northland Properties. Expenses incurred and reimbursed by the City during 2004 approximated \$853 thousand.

See Notes A and I for further disclosures related to CUGC and its relationship and transactions with the City. Complete financial statements of CUGC may be obtained from CUGC at 415 E. Main Street, Columbus, Ohio 43215.

**NOTE R—COMPONENT UNITS (CONTINUED)**

**THE RIVERSOUTH AUTHORITY (RiverSouth)**

RiverSouth is a new community authority created by the City of Columbus pursuant to Chapter 349 of the Ohio Revised Code as a body corporate and politic. RiverSouth was created to govern the redevelopment and revitalization of a new community referred to as the RiverSouth District. The Downtown Development Corporation, a not-for-profit corporation, has been appointed Developer of the new community.

*Significant Accounting Policies and Disclosures for RiverSouth*

The financial statements of the RiverSouth Authority have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

*Cash* – RiverSouth had cash on deposit with the bond trustee in two accounts at December 31, 2004. The project fund held approximately \$16.234 million to use for development projects, while the capitalized interest fund held approximately \$4.386 million to pay interest on outstanding bonds through June 1, 2007. The balance is insured by FDIC up to \$100,000 and the remaining amount, \$20.520 million is uncollateralized and uninsured.

*Bonds Payable* – RiverSouth Area Redevelopment Bonds, 2004 Series A were issued in the amount of \$37,870,000 to provide funds to pay the costs of acquiring and developing land and acquiring and constructing community facilities. These bonds are payable from the revenues, receipts and other moneys assigned under a Master Trust Agreement dated June 1, 2004 between the RiverSouth and US Bank National Association as Trustee (the Trustee), as supplemented by the First Supplemental Trust Agreement dated June 1, 2004 (together, the Trust Agreement).

The revenues and receipts assigned by the Trust Agreement are primarily composed of certain rental payments to be paid to RiverSouth under the Lease with the City. The rental payments paid by the City to RiverSouth are from moneys specifically appropriated for such purpose and are to be the primary source of money to pay debt service. The obligation of the City to make rental payments is expressly made subject to the availability of annual appropriations for such purpose. Notwithstanding the requirement for annual appropriations of rental payments for the payment of debt service, the City has agreed that all such rental payments required to pay debt service will be included in the estimated budgets of the City. RiverSouth and the City contemplate that the supplemental agreements will make provision for rental payments to be paid to RiverSouth in amounts at least adequate to meet the debt service on the 2004 Series A bonds. Neither the project land nor the capital facilities to be financed with the bond proceeds are pledged to secure payment on the bonds. The first rental payments from the City are due December 1, 2007.

Principal and interest requirements to retire the RiverSouth's outstanding debt at December 31, 2004 are:

	(in thousands)	
	Principal	Interest
2005	\$ -	1,823
2006	-	1,823
2007	-	1,824
2008	-	1,824
2009	1,200	1,824
2010-2014	9,500	8,220
2015-2019	11,875	5,840
2020-2024	15,295	2,416
	<u>\$ 37,870</u>	<u>25,594</u>

See Notes A and J for further disclosures related to RiverSouth and its relationship and transactions with the City. Complete financial statements of RiverSouth may be obtained from The RiverSouth Authority at 20 East Broad Street, Suite 100, Columbus, Ohio 43215.

## NOTE S—RESTATEMENT OF BEGINNING NET ASSETS FOR BUSINESS-TYPE ACTIVITIES

### Prior Period Adjustment

Subsequent to the issuance of the December 31, 2003 financial statements, the City identified two transactions that should have been reflected in those financial statements.

The City entered into a loan agreement with OWDA/EPA for the upgrade of wastewater treatment facilities wherein the City agreed to participate in the Ohio EPA's Water Resource Restoration Sponsor Program (WRRSP). The agreement called for a loan to the City of \$20.993 million with \$15.993 million for use by the City and \$5.0 million for use by the Columbus and Franklin County Metropolitan Park District (Metro Parks), a separate and distinct political subdivision of the State of Ohio.

During 2003, OWDA/EPA paid, directly to Metro Parks, \$4.475 million under this agreement. The City was not notified of such payment until 2004, thus causing an understatement of the City's liability at December 31, 2003. It should have been reported as bonds payable and other non-operating expense (contribution to Metro Parks) in the Sanitary Sewer Enterprise Fund. Therefore, net assets in the Sanitary Sewer Enterprise Fund and the Business-Type Activities were overstated by \$4.475 million at December 31, 2003.

In addition, there were certain charges for services to Water and Sanitary Sewer Enterprise Fund customer accounts, applicable to December 2003, but not billed until 2004. Net assets and charges for services at and for the year ended December 31, 2003 were understated in the Water and Sanitary Sewer Enterprise Fund by \$1.029 million and \$1.321 million, respectively. Net assets for total Business-Type Activities were understated by \$2.350 million at December 31, 2003.

Accordingly, the City's 2004 financial statements reflect prior period adjustments to give retroactive effect to the matters discussed above. The effect of the adjustments is as follows:

	(in thousands)		
	Water	Sanitary Sewer	Business-Type Activities
Beginning Net Assets, as previously reported	\$ 168,814	\$ 470,824	\$ 730,811
Adjustment for OWDA loan to Metro Parks	-	(4,475)	(4,475)
Adjustment to Charges for Services	<u>1,029</u>	<u>1,321</u>	<u>2,350</u>
Beginning Net Assets, as restated	<u>\$ 169,843</u>	<u>\$ 467,670</u>	<u>\$ 728,686</u>

Adjustments necessary to convert the results of operations at end of year on the budget basis to the modified accrual basis (GAAP) are as follows:

<b>Deficiency of revenues and other financing sources over expenditures and other uses per the Budgetary Comparison Schedule</b>	\$ 46,663
(Increases) decreases from revenues:	
Received in cash during year but already accrued as receivables (GAAP) at December 31, 2003	(141,562)
Accrued as receivables at December 31, 2004 but not recognized in budget	188,067
Deferred at December 31, 2003 but not recognized in budget	114,398
Deferred at December 31, 2004 but recognized in budget	(150,700)
(Increases) decreases from encumbrances:	
Expenditures of amounts encumbered during the year ended December 31, 2003	(14,896)
Recognized as expenditures in the budget	13,614
(Increases) decreases from expenditures:	
Accrued as liabilities at December 31, 2003 recognized as expenditures (GAAP) but not in budget	33,777
Accrued as liabilities at December 31, 2004	(36,013)
Unrealized loss on investments	(2,235)
<b>Net change in fund balance per the Statement of Revenues, Expenditures, and Changes in Fund Balance (Exhibit 4)</b>	<u>\$ 51,113</u>

See notes to required supplementary information.

**CITY OF COLUMBUS, OHIO**

Notes to the Required Supplementary Information

December 31, 2004

**NOTE A—BUDGETARY DATA**

City Council follows the procedures outlined below in establishing expenditure budget data.

- (1) Prior to November 15, the Mayor submits to City Council an estimate of the expenditures necessary to conduct the affairs of the City for the fiscal year commencing the following January 1.
- (2) Budget estimates are distributed throughout the City (including newspapers and libraries) and public hearings are held to obtain taxpayers' comments.
- (3) Subsequent to January 1, and after publication of the proposed budget ordinances, the budget is legally enacted through passage of the ordinances. The budget specifies expenditure amounts by Object Level One for each division within each fund. The objects are (1) personal services, (2) materials and supplies, (3) contractual services, (4) debt principal payments, (5) other, (6) capital outlay, (7) interest on debt, and (10) transfers.
- (4) Transfers of appropriations of less than \$25,000 can be made between budget Object Level One within a division and fund without additional City Council action, but with responsible management approval. Transfers in excess of this amount require the approval of both City Council and the Mayor. Supplemental appropriations must be approved by City Council. During 2003, all appropriations were approved as required. Appropriations for general funds expenditures and transfers out, were as follows:

	(in thousands)		
	Original budget	Revisions	Final budget
General	\$ 533,780	24,500	558,280

- (5) The City maintains budgetary controls by not permitting expenditures to exceed appropriations at the Object Level One level for each division within each fund.
- (6) Unencumbered appropriations lapse at year-end.

All General fund expenditures, except for expenditures paid through the county auditor, have annual expenditures budgeted by City Council. Revenues and expenditures paid through the county auditor are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

Revenues for the General fund are estimated by the City Auditor in conjunction with the annual budgeting process. However, this estimate is not included or required in the budget ordinance.

## Notes to the Required Supplementary Information (continued)

The City's budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The major differences are:

- (1) Revenues are recorded when received in cash (budget), as opposed to when susceptible to accrual (modified accrual).
- (2) Expenditures are recorded when encumbered or paid in cash (budget), as opposed to when the liability is incurred (modified accrual).
- (3) Encumbrances are recorded as the equivalent of expenditures (budget), as opposed to a reservation of fund balances (modified accrual).

# City of Columbus, Ohio

## Major Governmental Funds

**General Fund** – the general operating fund of the City and is used to account for all financial resources except those required to be accounted for in another fund.

**General Bond Retirement Fund** – required by State statutes and accounts for all general obligation debt, except proprietary funds' general obligation debt, of the City.

**Special Income Tax Fund** – used to account for 25% of income tax collections set aside for debt service and related expenditures.

# City of Columbus, Ohio

## Other Governmental Funds

**Special Revenue Funds** – used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. City ordinances or Federal and/or State statutes specify the uses and limitations of each Special Revenue Fund. The title of the funds is descriptive of the activities involved. The Special Revenue Funds are:

### *City Ordinances*

- Cable Communications
- Fannie Mae Loans
- Land Management
- Area Commissions
- Special Purpose
- Mayor’s Education Charitable Trust
- Columbus Community Relations
- Housing/Business Tax Incentives
- Hester Dysart Paramedic Education
- Hotel-Motel Tax
- Emergency Human Services
- Private Leisure Assistance for Youth
- Tree Replacement
- Gatrell Arts Vocational Rehabilitation
- Columbus Housing Fund
- Neighborhood Economic Dev. Fund
- Fire Quarter Master Incentive Travel Fund
- Development Services
- Health
- Municipal Motor Vehicle Tax
- Treasury Investment Earnings
- Golf Course Operations
- Recreation & Parks Operations
- Private Grants
- Urban Site Acquisition Loan Fund
- Collection Fees
- City Attorney Mediation Fund
- Environmental Fund
- Citywide Training Fund

### *State Statutes*

#### **To Account for Shared Revenues, Fines, and Other Special Revenues**

- Drivers Alcohol Treatment
- Municipal Court Special Projects
- Municipal Court Clerk
- County Auto License
- Street Const. Maintenance & Repair

### *Federal and/or State Statutes*

#### **To Account for Grants and Subsidies**

- HOME Program
- HOPE Program
- HUD Section 108 Loans
- Law Enforcement
- General Government Grants
- Local Law Enforcement Block Grant
- Urban Development Action Grants
- Community Development Act
- Health Department Grants
- Recreation & Parks Grants

# City of Columbus, Ohio

## Other Governmental Funds (continued)

**Debt Service Funds** – used to account for the accumulation of resources for and payment of general obligation principal, interest, and related expenditures.

- Tax Increment Financing (TIF) funds
- Recreation Debt Service Fund
- Capitol South Debt Service Fund

**Capital Project Funds** – used to account for financial resources used for the acquisition and construction of major capital facilities other than those financed by proprietary funds and fiduciary funds. The titles of the funds are descriptive of the activities involved. The Capital Projects Funds classified by the primary sources of funding are:

### *Debt Proceeds*

- Public Safety V-95
- Parks & Recreation V-95, V-99
- Refuse Collection V-95
- Streets & Highways V-95, V-99
- Health
- Engineering & Construction Bond
- Streets & Traffic Bond
- Nationwide Development Bond
- Lyra Gemini Polaris
- Facilities Management
- Northwood Rd. Special Assessment
- Northland & Other Acquisitions
- Police Bonds 6-91
- Brewery District
- Streets & Traffic V-88
- Development Bonds
- Police V-88
- Geographic Information System Bond
- Computer System Bond
- Information Services Bond
- Downtown Development
- Waggoner Road
- Polaris Interchange
- Northeast Corridor

### *Grant Revenue and Other Funding Sources*

- Short North SID
- Neil Ave-Vine St Improvements
- Parks & Rec. Permanent Improvement
- General Permanent Improvement
- Transportation Improvement Program
- State Issue 2-Streets
- Federal State Highway Engineering
- Street & Highway Improvement

# City of Columbus, Ohio

## **Internal Service Funds**

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, generally on a cost-reimbursement basis. The title of the funds indicates the type of service provided. The Internal Service Funds are:

- **Employee Benefits**
- **Fleet Management**
- **Information Services**
- **Purchasing/Contract**
- **Telecommunications**
- **Land Acquisition**

## **Fiduciary Funds - Agency Funds**

**Agency funds** - used to account for assets held by the government as an agent for individuals, private organizations, other governments, and/or other funds. Assets held for other funds or governments include payroll taxes and other employee withholdings and income taxes and utility charges collected by the City on behalf of other governments. Their titles are descriptive of their nature. They are:

- Payroll Deposit
- Garnishments
- Unclaimed money
- Short North SID Deposit
- Capital Crossroads SID
- Health Deposit
- Construction Insp. Deposit
- City Auditor's Deposit
- City Attorney's Deposit
- Safety Agency Deposit
- Police Property Room Deposit
- Suburb Utility Surcharges
- Suburb Income Tax
- City Treasurer's Deposit
- Purchasing Deposit
- Recreation Deposit
- Development Deposit
- Convention Facility Tax
- Service Department Deposit

# **STATISTICAL SECTION**

# City of Columbus, Ohio

## Statistical Section

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. These tables are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 44, *Economic Condition Reporting: The Statistical Section*.

### **Contents**

### **Tables**

#### ***Financial Trends***

1 – 4

These schedules contain trend information to help understand how the City's financial performance and well-being have changed over time.

#### ***Revenue Capacity***

5 – 10

These schedules contain information to help assess the City's most significant local revenue sources.

#### ***Debt Capacity***

11 – 16 and 31

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

#### ***Demographic and Economic Information***

17 - 29

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

#### ***Operating Information***

30

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

**Sources:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB 34 in 2001; schedules presenting government-wide information include information beginning in that year.

# City of Columbus, Ohio

Table 14

## Computation of Direct and Overlapping Debt

Debt of the City, authorized by the Council but not by a vote of the electors, is subject to overlapping restrictions with each respective county and school district. Limitations apply to each county total and should not be considered cumulatively. Total debt service charges for any one year of all overlapping debt must not exceed ten mills (1%) of the assessed property value. This determination is made by the respective county auditor: each time a subdivision proposes to issue unvoted debt. The most recent data prepared by the county auditor: for this purpose is as of December 31, 2004.

Political subdivision of State of Ohio	Principal outstanding (in thousands)	Percentage applicable to Columbus	Amount applicable to Columbus (in thousands)	Mills required
<b><i>Per Franklin County Auditor:</i></b>				
Direct				
City of Columbus	\$ 357,141	100.00 %	\$ 357,141	4.5037
Overlapping				
Franklin County	129,920	57.33	74,483	0.5770
School District	<u>725</u>	23.53	<u>171</u>	<u>0.7782</u>
Total	<u>\$ 487,786</u>		<u>\$ 431,795</u>	<u>5.8589</u>
<b><i>Per Fairfield County Auditor:</i></b>				
Direct				
City of Columbus	\$ 3,347	100.00 %	\$ 3,347	4.5037
Overlapping				
Fairfield County	50,359	4.75	2,392	1.6625
JVSD	<u>-</u>	17.48	<u>-</u>	<u>0.0000</u>
Total	<u>\$ 53,706</u>		<u>\$ 5,739</u>	<u>6.1662</u>
<b><i>Per Delaware County Auditor:</i></b>				
Direct				
City of Columbus	\$ 5,060	100.00 %	\$ 5,060	4.5037
Overlapping				
Delaware County	95,280	3.66	3,487	2.0554
JVSD	<u>225</u>	4.74	<u>11</u>	<u>0.0211</u>
Total	<u>\$ 100,565</u>		<u>\$ 8,558</u>	<u>6.5802</u>

The City does not pay general obligation debt service from property taxes. General obligation debt service relating to enterprise funds is paid from the respective enterprise fund. All other general obligation debt service is paid from income taxes, certain charges for services, and payments in lieu of taxes designated by the City for that purpose and accounted for in a debt service fund and from special assessments

<sup>1</sup> The Water System Revenue Refunding Bonds Series 1999 includes a partial refunding of the Series 1991; both series require three coverage tests. Two rate covenant tests determine if the City is required to increase user rates or engage an independent engineer to assist in determining adequate rates. The bond reserve requirement test determines whether the City will be required to establish a debt service reserve fund. The City has exceeded all coverage requirements.

<sup>2</sup> Amounts for 2003 have been adjusted for the prior period adjustment described in Note S of the Notes to the Financial Statements.

### School Enrollment Trends in Franklin County 1995—2004

<u>Year</u>	<u>The Ohio State University</u>	<u>Columbus State Community College</u>	<u>Other Colleges/Universities (1)</u>	<u>Total Colleges/Universities</u>	<u>Columbus Public Schools (2)</u>
1995	48,676	15,999	14,432	79,107	62,812
1996	48,352	16,330	14,439	79,121	63,368
1997	48,278	16,340	14,652	79,270	64,248
1998	48,511	16,600	14,969	80,080	65,054
1999	48,003	17,662	15,600	81,265	64,339
2000	47,952	18,094	15,943	81,989	64,859
2001	48,477	19,642	16,678	84,617	64,548
2002	49,676	22,222	17,140	89,038	63,628
2003	50,731	23,297	18,010	92,038	62,281
2004	50,995	20,726	18,746	90,467	63,100

- (1) Includes Capital University, Columbus College of Art & Design, Franklin University, Ohio Dominican College, Otterbein College, and Mt. Carmel College of Nursing.

DeVry Institute of Technology, Fall 2004 enrollment was approximately 3,336 students. Also, in Franklin County there are 40 proprietary schools with an estimated enrollment of 8,300 students.

- (2) The Columbus City School District is a political subdivision under Ohio law, separate and distinct from the City of Columbus. Sixteen other public school districts lie partially or wholly within Franklin County. Enrollment in these districts, for Franklin County only, is estimated at 112,075. Additionally, the Catholic Diocese of Columbus operates 29 elementary and secondary schools in Franklin County with approximately 12,375 students. The 78 additional nonpublic schools located in Franklin County have an estimated enrollment of 20,776.

# City of Columbus, Ohio

Table 31

## Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

In the spirit of full disclosure and in compliance with the above Rule, the City is pleased to disclose the following regarding its outstanding obligations.

### Description of Material Events:

1. There were no delinquencies of principal and/or interest payments.
2. There were no non-payment related defaults.
3. There were no unscheduled draws on debt service reserves reflecting financial difficulties.
4. There were no unscheduled draws on credit enhancements reflecting financial difficulties.
5. There were no substitutions of credit or liquidity providers. No current provider failed to perform.
6. There have been no adverse tax opinions affecting the tax-exempt status of any of the City's outstanding obligations.
7. There have been no modifications to rights of the holders of the City's obligations.
8. On October 28, 2004, the City issued \$20,000,000 of tax increment financing (TIF) supported governmental type debt for the City's Polaris project. This new TIF debt raised additional capital for the project, but also refunded \$2.1 million of then outstanding TIF variable rate debt for the same project. No economic gain or loss resulted from the transaction. The transaction was accomplished as follows:

	(in thousands)
Sources of funds:	
Par amount of new bonds	\$ 20,000
Premium received	363
Total sources	<u>\$ 20,363</u>
Uses of funds:	
Redemption price and carrying value of old bonds	\$ 2,100
Underwriters' discount and other costs of issuance	571
Provision for debt service reserve fund	1,727
Additional capital proceeds	15,965
Total uses	<u>\$ 20,363</u>

9. On November 23, 2004, the City issued \$36,430,000 of TIF supported governmental type debt for the City's Easton project. This new TIF debt raised additional capital for the project, capital for the City's downtown area remote from the TIF district and refunded/defeased existing TIF bonds related to the project. The refunding/defeasance, not transacted for the economic gain, eliminated certain restrictive covenants contained in the earlier bond indenture. The transaction was accomplished as follows.

	(in thousands)
Sources of funds:	
Par amount of new bonds	\$ 36,430
Premium received	174
Cash contribution from the City's TIF fund	3,044
Total sources	<u>\$ 39,648</u>
Uses of funds:	
Redemption price and carrying value of old bonds	\$ 29,520
Additional funds to escrow agent	2,950
Total funds to escrow agent	<u>32,470</u>
Underwriters' discount and other costs of issuance	1,690
Provision for debt service reserve fund	3,033
Additional capital proceeds	2,455
Total uses	<u>\$ 39,648</u>

# City of Columbus, Ohio

Table 31 (Continued)

## Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

Deferred amounts on refunding/defeasance portion of the Easton project debt was calculated as follows:

	(in thousands)
Reacquisition price:	
Par proceeds from sale of new bonds	\$ 36,430
Premium received	174
Cash contribution from the City's TIF fund	3,044
Less bond issuance costs	(1,690)
Less provisions for debt service fund	(3,033)
Less additional capital proceeds	(2,455)
Reacquisition price or amount paid to escrow agent	<u>32,470</u>
Net carrying amount of the old bonds	<u>29,520</u>
Deferred amount on refunding	<u>\$ 2,950</u>
Amortized in 2004	
Unamortized amount	

Nominal increase in debt service, economic loss and present value loss on the refunding/defeasance portion of the Easton project debt was calculated as follows:

	(in thousands)
Refunded (old) bonds:	
Principal	\$ 29,520
Interest	20,088
Total	<u>49,608</u>
Refunding (new) bonds:	
Principal	36,430
Interest	23,790
Total	<u>60,220</u>
Increase in debt service	<u>\$ 10,612</u>
Economic gain (loss)	
Present value of loss from cash flow	\$ (4,458)
Cash contribution from TIF fund	(3,044)
Proceeds retained for debt service reserve fund	3,033
Additional capital proceeds	2,455
Net present value loss	<u>\$ (2,014)</u>
Present value rate:	
True interest cost of new bonds	4.48%
Interest rate borne by old bonds	4.25-5.30%

10. The City did not release, substitute, or sell any property (the City has not secured any of its obligations with any of its property) securing repayment of obligations.

# City of Columbus, Ohio

Table 31 (Continued)

## Compliance Information Securities and Exchange Commission Rule 15c2-12(b)(5)(i)(C) and (D)

11. Ratings of the City's bonds and any changes occurring since the City's 2003 CAFR are as follows.

<u>Bond Description</u>	<u>Moody's Investors Service</u>		<u>Standard and Poor's</u>	
	<u>Prior Rating</u>	<u>Current Rating</u>	<u>Prior Rating</u>	<u>Current Rating</u>
General Obligation Fixed Rate Bonds	Aaa	Aaa	AAA	AAA
General Obligation Variable Rate Demand Bonds	Aaa/VMIG1	Aaa/VMIG1	AAA/A1+	AAA/A1+
1999 Water System Revenue Refunding Bonds	Aa2	Aa2	AA	AA
1994 Sewer System Adjustable Rate Refunding Revenue Bonds	Aa2/VMIG1	Aa2/VMIG1	AA/A1+	AA/A1+
2002 Sewer System Revenue Refunding Bonds	Aa2	Aa2	AA	AA

12. The City will continue to provide all the necessary information, contained below under "Continuing Disclosure Undertaking", on an annual basis as is required by the Rule.

### (22.) **Debt Summary – Projected Additional Debt**

To be eligible for capital improvements funding (i.e., from issuance of debt), an asset must have a useful life of at least five years and be considered non-operational. Some examples of capital improvements projects include the purchase of major equipment items, street lighting, street improvements, land acquisition for recreational needs, building construction and facility rehabilitation. The City's current capital improvements program (CIP), for the period 2005 through 2010, provides for approximately \$1.9 billion in funding for various capital improvements. A copy of the current CIP may be obtained by contacting the Department of Finance, City Hall, 90 West Broad Street, Columbus, Ohio 43215.

This Comprehensive Annual Financial Report of the City of Columbus, Ohio will be distributed to approximately 500 recipients including the Municipal Securities Rulemaking Board, all nationally recognized municipal securities information repositories (NRMSIRS), and to the Ohio Municipal Advisory Council. This report is also available on the City's website. The Internet address is: <http://www.cityofcolumbus.org>.

# **SINGLE AUDIT SECTION**

## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Hugh J. Dorrian  
City Auditor  
City of Columbus, Ohio  
and the Honorable Betty Montgomery  
Auditor of State of Ohio

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund and the aggregate remaining fund information of the City of Columbus, Ohio (the "City") as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 19, 2005, which included an emphasis of matter paragraph related to the restatement of beginning net assets of the business-type activities and the Water and Sanitary Sewer funds and a reference to other auditors who audited the Columbus Urban Growth Corporation, a discretely presented component unit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those

provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we have reported to the management of the City in a separate letter dated April 19, 2005.

This report is intended solely for the information and use of the City's management, the Auditor of the State of Ohio, federal, state and pass-through awarding agencies, and is not intended to be and should not be used by anyone other than these specified parties.

*Deloitte + Touche LLP*

April 19, 2005

## **REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND ON THE SCHEDULE OF FEDERAL, STATE AND COUNTY AWARDS**

The Honorable Hugh J. Dorrian  
City Auditor  
City of Columbus, Ohio  
and the Honorable Betty Montgomery  
Auditor of State of Ohio

### **Compliance**

We have audited the compliance of the City of Columbus, Ohio (the “City”), with the types of compliance requirements described in the U.S. Office of Management and Budget (“OMB”) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2004. The City’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City’s management. Our responsibility is to express an opinion on the City’s compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City’s compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2004. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 04-01, 04-02 and 04-03.

## **Internal Control Over Compliance**

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weakness. A material weakness is a reportable condition in which the design or operation of one or more of the internal control requirements of laws regulations, contracts, and grants, caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance that appear to be material weaknesses.

## **Schedule of Expenditures of Federal Awards**

We have audited the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Columbus, as of and for the year ended December 31, 2004, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 19, 2005. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. This schedule is the responsibility of the management of the City. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects when considered in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the City's management, the Auditor of State of Ohio, federal, state and pass-through awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

# CITY OF COLUMBUS, OHIO

## Notes to Schedule of Receipts and Expenditures of Federal, State, and County Awards December 31, 2004

### ***Note A-General***

The accompanying Schedule of Receipts and Expenditures of Federal, State, and County Awards (the Schedule) presents the activity of all federal, state and county award programs of the City of Columbus, Ohio (the City). The City's reporting entity is defined in Note A to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the Schedule.

### ***Note B-Basis of Accounting***

The accompanying Schedule is presented using the cash basis of accounting in which revenues are recognized when received and expenditures are recognized when paid.

### ***Note C-Relationship to Basic Financial Statements***

Grant revenues are reported in the City's special revenue and capital projects funds. See the Schedule for the reconciliation between the fund financial statements prepared in accordance with generally accepted accounting principles (GAAP) and the Schedule prepared on the cash basis of accounting.

### ***Note D-Schedule References***

1. Grant No. represents the City's Performance Accounting System classification structure and is used for internal purposes only.
2. Grant number for pass-through grants is the State of Ohio's grant number.
3. Grant award amounts represent grantor's share only.
4. The P.A.S.S.P.O.R.T. program is funded by both federal and state Medicaid. The amount presented is the federal portion only.

### ***Note E-Loans Outstanding***

The City administers loan programs with funding received from the Department of Housing and Urban Development. Following are the loan balances outstanding for these programs as of December 31, 2004:

<b>Program Title</b>	<b>Federal CFDA Number</b>	<b>Amount Outstanding</b>
Community Development Block Grant	14.218	\$36,415,271
HOME Investment Partnership	14.239	40,890,748
Housing Development Grant Program	14.174	1,057,368
Homeownership Opportunities For People Everywhere (HOPE)	14.185	89,200
Rental Rehabilitation	14.230	2,529,543
Section 108	14.246	723,397
Urban Development Action Grant	14.221	2,263,646

## **Illustrative Schedule of Findings and Questioned Costs**

### **Section I—Summary of Auditors' Results**

1. The independent auditors' report on the financial statements expressed an unqualified opinion.
2. No reportable conditions in internal control over financial reporting were identified.
3. No instances of noncompliance considered material to the financial statements were disclosed by the audit.
4. No reportable conditions in internal control over compliance with requirements applicable to major federal programs were identified.
5. The independent auditors' report on compliance with requirements applicable to major federal award programs expressed an unqualified opinion.
6. The audit disclosed findings which are required to be reported by OMB Circular A-133.
7. The organization's major programs were:
  - 10.557 Special Supplemental Nutritional Program for Women, Infants and Children
  - 93.778 Medical Assistance Program (Passport)
  - 14.244 Empowerment Zones Program
  - 20.205 Highway Planning & Construction
  - 16.710 COPS
8. Dollar threshold used to distinguish between Type A and Type B programs: \$2,713,546
9. The Auditee did qualify as a low-risk auditee as that term is defined in OMB Circular A-133.

### **Section II—Financial Statement Findings**

No matters noted.

### **Section III—Federal Award Findings and Questioned Costs**

#### **#04-01 Cash Management**

**Grantor**—US Department of Agriculture (CFDA 10.557 and 10.559), US Department of Justice (CFDA 16.710), US Department of Health and Human Services (CFDA 93.052, 93.118, 93.268, 93.977, 93.940, 93.994 and 97.999)

**Sponsor Identification Number**—Various

**Project Number**—Various

**Criteria**—The OMB Circular A-133 Compliance Supplement requires that interest earned on advances by local government grantees and subgrantees is required to be submitted promptly, but at least quarterly, to the Federal agency. Up to \$100 per year may be kept for administrative expenses.

**Finding**—Ten programs consistently maintained a cash balance made up of Federal funds, on which the program did not earn interest. The City allocates interest to programs only when it has been requested by the program; otherwise, the interest is allocated to the General Fund. Based on the allocation procedures established by the Auditor’s Office, these should have earned \$17,697 in interest. Interest was subsequently allocated to the programs by the City Auditor’s Office.

**Effect**—No interest was allocated to the program to either be returned to the Federal government or applied against grant reimbursements to reduce the amount owed by the Federal government.

**Questioned Cost**—There was \$17,697 of unallocated interest to federal programs identified.

**Recommendation**—The City should develop written procedures to identify programs with cash balances and allocate a portion of interest earned on balances held back to programs that receive advances of Federal funds. These programs, in turn, should either remit this amount back to the grantor agency or report this amount as a reduction in Federal funding.

#### **#04-02 Allowable Costs**

**Grantor**—US Department of Transportation (CFDA 20.205)

**Sponsor Identification Number**—Various

**Project Number**—#540002 – “Freeway Management System” and #548077 – “Paving the Way”

**Criteria**—The A-133 OMB Compliance Supplement Part 3 Compliance Requirement, Allowable Cost Requirements states: “(1) Cost must be given consistent treatment through application of those generally accepted accounting principles appropriate to the circumstances. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances was allocated to the Federal award as an indirect cost and (2) Costs must conform to any limitations or exclusions set forth in the circulars, Federal laws, State or local laws, sponsored agreements or other governing regulations as to types or amounts of cost items.”

**Finding**—Freeway Management System and Paving the Way grant administrators did not reconcile supporting documentation to requests for reimbursement. Invoices that were submitted to the Ohio Department of Transportation (“ODOT”) listed hours worked that were not reconciled to the City’s payroll reports. Separate time sheets generated by the program managers were used to create the invoices, but there were differences between the invoices, the time sheets, and the payroll reports in 24 of the 27 payroll-related selections.

Also, there was inconsistent calculation of hourly reimbursement rates. ODOT approved an overhead rate for Paving the Way, but the approved rate did not equal the overhead rate used to bill the Ohio Department of Transportation for several selections.

**Effect**—Inconsistency in overhead rates and other inputs used in the calculation of eligible reimbursable costs could result in the reimbursement of unallowable costs.

**Questioned Cost**—The questioned costs were quantified by comparing total actual payroll costs paid by the City (less any City match) to total costs submitted for reimbursement. The result is over-reimbursement on the Freeway Management System Project of \$17,880 and Paving the Way of \$9,545.

**Recommendation**—We recommend that the City (1) determine written procedures at the onset of a grant for calculation of reimbursable costs; (2) obtain written clarification from the grantor for any subjective or questionable procedures that are not specifically outlined or are unclear in the grant; (3) implement a process of reconciling and reviewing an invoice before it is submitted to the State for reimbursement to ensure that programs are charged correctly. This process should include reconciliation to the centrally-generated payroll reports and an accurate system that tracks time spent on the grant versus time spent on other projects. These measures will prevent inconsistent reimbursement practices and provide clear guidelines and justification.

#### **#04-03 Allowable Costs—Control**

**Grantor**—US Department of Transportation (CFDA 20.205)

**Sponsor Identification Number**—Various

**Project Number**—#540002 – “Freeway Management System” and #548077 – “Paving the Way”

**Criteria**—The A-102 Common Rule and OMB Circular A-110 require that “entities that receive Federal Awards establish and maintain internal controls designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.”

**Findings**—Based on discussions with the City Transportation Department personnel, they are not fully aware of the requirements of the A-133 Compliance Supplement, including portions of the allowable cost, period of availability, and reporting requirements. Due to this lack of understanding, procedures for supervisory review of reimbursement requests and periodic comparison of budget to actual expenditures are not clearly established.

**Effect**—Due to the lack of clearly-defined procedures, there is a possibility of unallowable costs being processed for reimbursement or non-compliance with grant requirements.

**Recommendation**—We recommend that the City Transportation Department (1) review all grant agreements to verify that current practices are in line with the grant requirements; (2) document this review by summarizing the grant requirements as they pertain to A-133 for future reference; and (3) implement policies and procedures that establish clear responsibility for preparation and review of all grant requirements.

## Section IV - Summary of Prior Audit Findings

Number	Finding	Status	Contact
03-01	<p>The City of Columbus submitted invoices to the Ohio Department of Transportation at a different overhead rate than the overhead rate established by the Ohio Department of Transportation of 82.6%. We noted in 17 of 19 transactions tested that the City requested reimbursement for overhead at a rate different than 82.6%, which resulted in an over-reimbursement to the City of Columbus of \$4,019, offset by \$4,287 of costs not reimbursed by the Ohio Department of Transportation, for a net amount of \$268.</p>	<p>This finding has been updated and repeated for the current year. See findings 04-02 and 04-03.</p>	<p>Henry Guzman, Director of Public Service</p>
03-02	<p>Project expenditures including vacation, sick days and overtime were not properly approved by a project supervisor in accordance with the Department of Transportation's policy. We noted 5 incidents out of 19 transactions tested that vacation and sick or overtime hours that were paid without proper signature of supervisor.</p>	<p>Corrected</p>	<p>Henry Guzman, Director of Public Service</p>
03-03	<p>Included in the Schedule of Federal Awards was \$4,056 in expenditures relating to project 561119, the "I-670, I-71, I-270 Project," for which the Department of Transportation could not provide supporting contractual information.</p>	<p>Corrected</p>	<p>Henry Guzman, Director of Public Service</p>
03-04	<p>Based on discussions with the City Transportation Department personnel they are not fully aware of the requirements of the A-133 Compliance Supplement.</p>	<p>Division fiscal and project managers received training in 2003 and 2004 on the A-133 Compliance Supplement. However, they are still not fully aware of all the grant management requirements. This finding will be repeated at 04-03.</p>	<p>Henry Guzman, Director of Public Service</p>

03-05	We noted one incident out of one selection in the amount of \$300 that the City didn't request for reimbursement. Upon further inquiry we noted, the total of \$7,650 expenditures in the current year was not requested for reimbursement.	There continues to be discrepancies in the reconciliation process. This finding will be repeated within finding 04-02.	Henry Guzman, Director of Public Service
03-06	We noted in 3 of 4 transactions the City did not submit a request for reimbursement from the Ohio Department of Transportation within reasonable period of time. Expenditures incurred in April, June and August 2003 which has not had an appropriate reimbursement request submitted as of December 31, 2003.	Corrected	Henry Guzman, Director of Public Service
03-07	In 7 of 25 transactions tested, we noted the City had submitted for reimbursements on vehicle usage, telephone, office supplies, etc., however, these expenditures were not coded in the general ledger as grant funds but were instead coded as operating funds. Total expenditures on 7 incidents were \$3,397.	Corrected	Henry Guzman, Director of Public Service
03-08	We noted expenditures in two projects funded by federal grants were coded under either an incorrect grant number or coded to a non-grant fund. \$2,378,437 in expenditures for Hard Road B project was included in an incorrect grant number and \$676,130 in expenditures was included in a non-grant fund. The City made coding corrections at year-end.	Corrected	Henry Guzman, Director of Public Service
