DIVISION OF WATER APPROVED MATERIALS LIST (4/22/2024 VERSION) FOR USE ON NEW CONSTRUCTION OF POTABLE WATER FACILITIES

This form is part of the Approved Materials List that follows, and is intended for use by developers or contractors constructing potable water facilities within the City of Columbus and surrounding contracted Water Service Areas. An authorized representative of the developer or contractor shall check the box(es) on each item for materials to be used in conjunction with the project, shall fill out this form in its entirety, and shall sign the certification statement below. Please contact the Division of Water if part numbers or models indicated within the Approved Materials List are no longer available. Division of Water personnel will review this form and the Approved Materials List and will seperately attach review comments.
