

Please be advised that only test results from testers that meet certain minimum requirements will be accepted. This list is provided as a courtesy for backflow prevention device owners to help you select a tester who has been approved to test devices, as required by City of Columbus, Department of Public Utilities Rules and Regulations. It contains all testers who are known to meet the necessary requirements, listed below, through the "Valid Through" date listed at the top of this document. This determination is based on the documentation provided to the Backflow Compliance Office (BCO) by the tester, as of the "Created Date" listed at the top of this document. We have no financial interest in any of the firms listed as testers. This list is updated weekly.

To be approved to test backflow prevention devices by the City of Columbus, at the time of the test a tester must: be recognized by the Ohio Department of Commerce (DOC) as a Certified Backflow Tester; be registered with the City of Columbus Department of Building Regulations; be registered with the BCO; and use test equipment that has been calibrated within the 12 months prior to testing a device. It is possible that a tester may hold "approved" status, yet not be included on this list if documentation of renewal of a required credential that was set to expire was not received by the BCO prior to the creation date of this list.

Inclusion on this list is not an endorsement of a particular tester's or company's business or business practices, nor is it a guarantee/warranty of their work. We reserve the right to include or remove any tester from this list without notice or cause. Names are listed in random order to minimize preferential selection of contractors at the top of the list. To find a specific tester and/or company it is recommended that you use the search tools in Adobe Reader to search this document.

We encourage all customers to report any complaints they may have concerning testers. We are not in a position to resolve disputes, as there is no representation as to the quality of work; however, we may review such complaints in deciding whether to keep a firm on the list or review their test results. If you have any questions or comments please contact the Backflow Compliance Office at backflow@columbus.gov or (614) 645-6674.
